FAIR TRIPPERS TO MAKE ANOTHER VISIT TONIGHT

Working untiringly in the interests of what should be the greatest Collin County Free fair and horse show in history to be held in McKinney, September 24, 25, 26 and 27, the McKinney fair trippers will take off on their third booster trip this (Thursday) night at 6:30 o'clock with the Chamber of Commerce rooms as their starting point.

They will make five stops during the evening—all in South and Southeast Collin. Music by the McKinney Junior Chamber of Commerce band, a splendid speaker to be selected by Hon. William P. Abernathy and other entertainment is planned by Chairman Choice McGure at Allen, Murphy, Parker, Wylie and Culleoka.

The band, under the direction of Prof. Ralph E. Frazier, director, is rendering splendid music during these trips, some twenty-five members making the last trip. The response to the fair trips both by interested McKinney citizens and by large crowds at all the stopping points to date has been very pleasing to members and officials of the Junior Chamber of Commerce, sponsors of the trip and has gladdened the hearts of fair officials and workers. The first two itineraries had a splendid response.

Every citizen of McKinney, who can possibly do so, is urged to be at the Chamber of Commerce rooms tomorrow (Thursday) night, at 6:30 o'clock and go along to boost the fair.

The fourth and final fair trip will be made next Monday evening, September 17, to East and Southeast Collin when the following towns and community centers will be visited—Princeton, Copeville, Lavon, Nevada and Josephine.

RETURN HOME FROM VISIT TO WORLD'S FAIR

MR. AND MRS. JACK WARDEN, MR. AND MRS. W. H. KNOTT

Mr. and Mrs. Jack Warden and Mr. and Mrs. W. H. Knott returned home Tuesday evening from a delightful two weeks' visit in Chicago and other points of interest in that section. They made the trip by motor, going by way of Hot Springs, Ark., Memphis, Tenn., and South Bend Ind. At the latter city they visited Mr. Warden's sister, Mrs. R. A. Routsong and family. On their return home they traveled through St. Louis, Mo., Tulsa and Muskogee, Okla., and other interesting cities. They spent one night, while en route home, with Mrs. Knott's brother, F. M. Milburn and family at Bristow, Okla.

Mr. and Mrs. Warden, who own and operate the Basement Barber & Beauty shop here, state that the Century of Progress, which is in progress in Chicago this summer for a second year, is even larger and better than last year. They also attended the fair last summer. While in Chicago they attended a Beauty culture school, while Mr. Knott, who is proprietor of Knott's bakery here, visited and inspected several large bakery plants. Their trip was not only one of pleasure, but of much benefit to all members of the party. Yet, while they greatly enjoyed their two weeks' vacation, they are glad to be home again with their many friends.

John H. Cullom, former District Clerk of Dallas county and then for several terms, County Tax Collector, and wife, have been in McKinney visiting their brother-in-law and sister, Dr. G. O. Key and wife, who reside at 1501 West Louisiana street. Mr. and Mrs. Cullom were accompanied by the latter's two other sisters, Mrs. John G. Williams of Dallas and Mrs. Dr. Cullom of Mesquite and also by their niece, Mrs. Speed Kimbrough of Dallas. This group of relatives had a very happy day together in the Key home in this city. Dr. G. O. Key is a veteran Baptist minister of this county who has for several years served as Moderator of the Collin County Baptist association.

Thos. Johnson, cashier of the Collin County National bank, was a Dallas business visitor Wednesday.

FORMALLY NOMINATED GOVERNOR

HON. JAS. V. ALLRED.

MEMBER OF PLATFORM COMMITTEE

HON. JNO. D. REESE.

M'KINNEY MAN FOREMAN A. & M. SLAUGHTER DEPT.

Charlie Bristol returned to College Station, Sunday night, after spending the week-end with his family in McKinney. He has been down there for a couple of months, as foreman of the killing plant of the A. & M. college, which works about seventy-five people in slaughtering cattle and dressing them ready for the cannery in Bryan, for the Federal Government in its drouth relief program.

The college has a big refrigeration and storage plant and slaughters from 125 to 130 head of cattle per day. The city of Bryan owns its own canning plant, for the operation of which the Federal Government relief organization furnishes the labor.

These canning plants are operated in various parts of Texas. Up to the present time, Mr. Bristol says that the A. & M. college slaughtering department has killed and dressed more than 7,000 head of cattle.

The farm relief program of the Federal government has been buying cattle for several months in the drouth areas of the United States. These cattle are slaughtered and canned, and food will be utilized by the Federal Relief Administration in taking care of the poor and needy during the coming winter and ensuing year.

Mr. Bristol says that Collin county is pretty well represented at the present time at A. & M. college. Others there besides himself, are: T. E. Rattan of Anna, Orlia J. Moss, former Collin County Tax Assesor; Elmer E. Parris of Anna, Bob Parris of Anna, Prof. Cecil Beasley of McKinney, Malcolm Wilson of Princeton, Phillip Anderson, Milton Dillon and Bryan Ready of McKinney; Thos. Wiley, son of Walter H. Wiley, of McKinney; Homer and Marvin Sims of Celina, and perhaps others.

W. J. Holmes, Box 25, Josephine, is a brand new Weekly Democrat-Gazette reader whom we gladly welcome to our big list of readers in that section of the county.

Paul Beaver, son of Mr. and Mrs. Don Beaver, residing two and one half miles southeast of McKinney, has accepted a position with Wilson's shoe store, west side of the square. Paul is a fine young man whose friends are legion. We congratulate Joe Wilson upon securing the services of such a popular young fellow.

ALLRED FORMALLY NOMINATED NEXT TEXAS GOVERNOR

HON. JNO. D. REESE OF McKINNEY ON PLATFORM COMMITTEE

With the slogan that this is a new deal with a new deck and a new dealer, the State Democratic convention at Galveston Tuesday formally nominated James V. Allred as the next Governor of Texas, named the other state officials and with a reasonable amount of harmony cleared the political decks for the new governor to begin his voyage without any shoals of discord.

Each of the thirty-one districts named new committeemen, as well as a new chairman and new secretary. The convention went the full distance, for notwithstanding the action of the retired State committee in naming John N. Garner as national committeeman following James E. Ferguson's resignation, it also elected the Vice-President to represent Texas on the national committee and this was done at Allred's instance on motion of his lieutenants.

* * *

Connally in Spotlight, Too.

Somewhat sharing the spotlight with Allred was Senator Tom Connally, nominated for a new term of six years. His colleague, Morris Sheppard, who must run two years hence, occupied a seat on the platform Tuesday, accompanied by Mrs. Sheppard.

Hon. John D. Reese of McKinney was elected as a representative from this, the Tenth Senatorial district, as a member of the Committee on Platform and Resolutions.

◆ ◆ ◆

Candidates Nominated.

Besides Connally and Allred, the convention formally nominated the following as Democratic candidates for State office: Attorney General William McCraw, Dallas; Lieutenant Governor, W. F. Woodul, Houston; State Treasurer, Charley Lockhart, Austin; Comptroller, George H. Sheppard, Sweetwater; Land Commissioner, J. H. Walker, Austin; School Superintendent, L. A. Woods, Waco; Agricultural Commissioner, J. E. McDonald, Austin; Railroad Commissioner, Lon A. Smith, Austin; Supreme Court Justice, John H. Sharp, Ennis, and Judge W. C. Morrow, Hillsboro.

* * *

No Contests Made.

There were no contests and the credentials committee report went over easily, as did that on permanent organization. As this recommended the permanent officers were: Chairman, James E. Kilday of Houston; vice chairman, Clyde Smith, Mrs. W. R. Potter, Tom Pollard, Charles E. Marsh, B. C. McElroy, Newton Hall and Gerald Mann; secretary, Albert Sidney Johnson, sergeant at arms, Albert West Jr.

The nominating committee's report carried the election of Garner as national committeeman and Blalock as State chairman, all according to Allred's slate. The committee transmitted majority and minority reports in the eleventh and twenty-seventh districts in naming the new State committee.

As Allred entered the hall the convention rose and cheered repeatedly. His acceptance address was frequently interrupted by applause. Neff introduced him in a laudatory address and himself was given an ovation.

After her husband completed his address, Mrs. Allred was escorted to a seat on the platform by a committee consisting of Mrs. Ben Oneal, Mrs. J. E. Horn and Mrs. A. C. Zehner. She is called Joe Betsy.

* * *

New State Committee Elected.

The new deal Allred State executive committee consisting of new members at every station includes Myron G. Blalock of Marshall as chairman and Vann M. Kennedy of Austin as secretary, with the following members listed by senatorial districts: 1, C. R. Newland, Linden; 2, S. H. Sanders, Center; 3, James E. Wheat, Woodville; 4, Beeman Strong, Beaumont; 5, J. M. Brownlee, Madisonville; 6, B. W. George, Corsicana; 7, Earle B. Mayfield Jr., Tyler; 8, Charles R. Devall, Mount Vernon; 9, B. F. Gafford, Sherman; 10, Sterling P. Hart, Commerce; 11, Gerald Mann, Dallas; 12, Arch D. Gray, Waxahachie; 13, Raymond Barnett, Marlin; 14, Paul D. Page Sr., Bastrop; 15, E. A. Armin Jr., Flatonia; 16, James G. Donovan, Houston; 17, J. C. Hughes, Galveston; 18, Sam Fore Jr., Floresville; 19, Tom D. Gambrell, Lockhart; 20, Everett Looney, Austin; 21, L. M. Stinnett, Gatesville; 22, R. L. Morris, Chico; 23, Bert King, Wichita Falls; 24, Charles C. Curry, Breckenridge; 25, L. D. Hillyer, Brownwood; 26, C. S. Slatton, San Anonio; 27, Ed H. Downs, San Benito; 28, Ira Butler, Fort Worth; 29, Joe I. Sanders, Del Rio; 30, J. O. Jones, Lubbock; 31, W. L. Voyles, Panhandle, Carson county.

Buster Parris of Dallas has returned home after visiting his uncle, Paul Wilson and family, in this city.

"Gray Mare" To Appear At Collin Horse Show

The above photo shows Speck Markham on "Gray Mare." This fine horse will be here during the Collin County Horse show in conjunction with the Collin County Free fair and will compete on the last two nights of the show, Wednesday and Thursday, September 26 and 27. It will be the first time "Gray Mare" has ever appeared here, and no doubt will cause other steeds to hustle for prize money. Speck Markham is well known to horse show lovers here where he has appeared several times in the past during local horse shows.

Mrs. J. L. Lovejoy has returned from Denison to which city she went with Miss Ollie Byrd and other civic leaders, relative to beautification work in the corporate limits of that city and on the highways leading into Denison. Mrs. Lovejoy is at the head of this department of civic activity in the State Federation of Women's clubs. She attaches great importance to local garden clubs which are doing a wonderful work in McKinney, Allen, Melissa and other points over the county and in cities like Denison and Sherman. Mrs. Lovejoy was very forcibly struck with the beautiful flowers and shrubbery, well-kept lawns of many homes in Denison and street parkways in the city also its well cared for parks. She says they have evidently had competent attention and plenty of water during the dry months, that we are emerging from. She is angious for as much progress along this line as can be achieved to be accomplished by the opening of the Centennial year of 1936 when thousands of transient visitors from other states of the union and from other nations are due to come into out state as a result of staging the Texas Centennial with Dallas designated as the official head city of the celebration.

Mrs. Lovejoy is a member of the Centennial Advisory Board of Collin county, which she says will likely meet and formally organize in the future, so as to keep our county in more perfect step with the progress of the Centennial development as the year, 1936.

TICKET SALE BEGINS FOR HORSE SHOW

Tickets for the three nights of the big horse show, to be held in connection with the Collin County Free fair, during the final three nights of that exposition, Tuesday, Wednesday and Thursday, September 25, 26 and 27, will be on sale toady, (Thursday), September 13, at the Smith Drug store here.

According to Supt. Joe H. Wilcox and other horse show officials, there will be available 100 boxes and 1,800 reserved seats. No boxes have been sold to out-of-town people.

Jimmie Belden is in charge of the sale of tickets. The horse show this year promises to be bigger and better than ever with the first night of the show, Tuesday, September 25, second night of the fair, given over to the horses an driders of Collin county with emphasis laid on the kiddies' class with their ponies. Mr. and Mrs. Jud Henderson are in charge of this night of the show. Wednesday and Thursday, competition will be thrown open to the world, according to Tom M. Scott, secretary of the show.

Howard Burrow, Miss Ruth Timmons, Mrs. C. R. Burrow, and Mr. and Mrs. Marshall Burrow spent Sunday visiting relatives in Sherman and Grayson county. C. R. Burrow, who had been the guest of relatives near Sherman for several days, returned home with them.

Horse Show Promises To Be One Of Greatest Ever Held In The Southwest

What promises to be the greatest horse shows ever seen in Texas will be staged in McKinney by the Collin County Horse show, in conjunction with the Collin County Free fair, September 24, 25, 26 and 27. The thousands of people who annually attend this great horse show will be treated to a spectacle of unusual beauty and brilliancy. A large entry list of many of the finest show horses over the Southwest has been received and the horse show committee is working diligently in an effort to provide a large number of extra stalls for this fine horse flesh. Already 130 horses have been entered, and entries are coming in daily.

Supt. Joe H. Wilcox of the big show states that all of the horse show committee are on the job and that Tom Scott, secretary; Ed Cashion, assistant superintendent, and Mr. and Mrs. Jud Henderson, charge of the Collin County night (Tuesday), are especially diligent. The arena and seating capacity will be greatly improved. "For forty cents our people will be given a $2 show," local officials declare.

RAY HARRIS BUILDING NEW FILLING STATION

Work has commenced on the erection of a modern new filling station being erected by Ray Harris on his beautiful corner lot at the intersection of Davis and South Tennessee streets. W. A. Argo and W. L. Watkins are the contracting builders.

The filling station which will cost several thousand dollars will be an ornament and a great improvement for that section of the city. Its location is on perhaps McKinney's most important thoroughfare—Tennessee street, which is the designated state highway No. 6 and Federal Highway No. 75, passing through our city from the new Red River bridge above Denison through Denison, Sherman, Howe, Van Alstyne, Anna, Melissa, McKinney, Allen, Plano and on south through Dallas to Galveston. Mr. Harris will build new walks and make other improvements on his home property adjoining the filling station property on the west and will also have his residence nicely repainted.

The filling station, when completed, has already been leased to the Magnolia Oil company which will operate it.

Davis and Tennessee streets are destined to show a great improvement in this block by the end of the next sixty to seventy days.

The new filling station site is the former location of the old two-story frame residence of the late Mr. and Mrs. John Johnson Jr. which was recently torn down and moved off the ground.

The Volunteer Firemen met Monday night in their regular monthly meeting at the City hall. Chief John S. McKinney presided. Routine business was attended to. A committee was named to look into the advisability of sponsoring some donkey baseball games here. The meeting was well attended.

Miss Juanita Watkins, daughter of Mr. and Mrs. Dave Watkins, who reside on North College street, has arrived home from a two or three weeks' visit to relatives in Fort Worth and Amarillo.

W. A. Bevil is having his home on South Chestnut rebuilt and remodeled. It was badly damaged by fire several months ago.

CONGRESSMAN RAYBURN RADIO ADDRESS TONIGHT

Anouncement has been made that Congressman Sam Rayburn of this district, who is now in Washington, will broadcast over the Columbia network at 9 o'clock Central Standard time (McKinney) tonight, a brief address on the subject "The New Deal Makes Property Safe." Voters throughout the nation are expected to listen in to the speech of our Texas congressman who is chairman of one of the most important Congressional committees and close friend and spokesman of the national democratic administration under Roosevelt.

Additional interest will be had in what Congressman Rayburn will say by reason of the fact that he is conceded to be one of the New Deal spokesmen of a more conservative class, who is also recognized as one of the most likely candidates for the speakership to succeed to the vacancy caused by the recent death of Speaker Raney. The speakership contest will come to a conclusion when Congress convenes early in January.

AGRICULTURAL EXHIBITS WILL BE FAIR FEATURE

M. J. Carter, a Foote farmer living six miles west of McKinney, is superintendent of the Agricultural exhibit of the Collin County Free fair to be held in McKinney soon. Mr. Carter is an experienced man in this class whose zeal, industry and enterprise greatly assist in getting up creditable exhibits every fall.

Notwithstanding the long summer drouth, Mr. Carter is hoping and expecting to have a creditable exhibit in his department again during the fair to be held September 24, 25, 26 and 27 this year.

Collin has a wonderful diversity of crops, not only including staple products like cotton, corn, wheat and oats but also producing in importent ways such other crops as hay, onions, the sorghum feed crops, potatoes, truck, melons and other crops.

Mr. Carter urges every farmer to prepare for exhibit at least one product and bring in to help make our great free county fair larger and better than ever before.

BLOOMDALE SCHOOL OPENS MONDAY, SEPT. 17

The Bloomdale school will open Monday, September 17. Prof. Wondell Moseley, son of Prof. W. R. Moseley of this city, is principal of the school.

Miss Poppy Sears is spending a few days with Miss Anne Houghton in Dallas.

M'KINNEY HOST TO DISTRICT 1 ETEX C. OF C. MEET

McKinney will be honored tomorrow (Thursday) as the host city for an all-day meeting of members and officials of the District 1, East Texas Chamber of Commerce, embracing several counties in North and Northeast Texas. Everything is in readiness and the Chamber of Commerce and individual citizens here are planning a fine welcome for the visitors. The meeting will be held at the Hill Crest country club, three miles south of town.

Gibson Caldwell, a director of the East Texas Chamber of Commerce, and general chairman of the arrangements for the sessions, announces that everything possible will be done to keep up McKinney's reputation as the "perfect host" for such occasions.

* * *

Barbecue at Noon.

The business sessions will be held in the Hill Crest country clubhouse both morning and afternoon. At noon a barbecue will be served to those in attendance. Any member wishing to take advantage of the occasion for a little exercise will find the Hill Crest Country club golf course in excellent condition for play.

large number of the members from the various cities and counties are expected to be accompanied by their ladies, who will be received and entertained by the ladies of McKinney under the chairmanship of Mrs. Joe E. Largent.

President James H. Merritt of the McKinney Chamber of Commerce and Secretary W. Hammond Moore and other officials and members have left no stone unturned in making preparations for this meeting. The members of the local Chamber have been urged to attend.

Hubert M. Harrison, general manager of the East Texas Chamber of Commerce, states that a large number of topics of interest to members of this district will be brought before the session and discussed. An interesting and instructive program will, therefore, result.

The morning session will start at 10:00 o'clock.

H. D. Mouzon III Born Tuesday In This City

A fine little seven-and-a-half-pound baby son was born to Mr. and Mrs. H. D. Mouzon Jr. in the local hospital last (Tuesday) forenoon. Mother and babe are doing nicely, and the young father is one of the happiest men in the city as a result of the arrival of his first born and namesake, H. D. Mouzon III. The young mother was formerly Miss Rosabel McKey, one of our city school teachers until her marriage, and also a native of McKinney, being a daughter of Mrs. Annabel McKey and granddaughter of Mrs. Belle McWilliams. The babe's paternal grandparents, H. D. Mouzon I and wife of Dallas, and their daughter, Mrs. George Cox and husband, are all here to extend greetings and welcome to their family circle of the hefty youngster whose father and grandfather Mouzons are both prominent life insurance agency directors of the Amicable Life Insurance company with headquarters respectively at Dallas and Wichita Falls. These editors join a host of other McKinney friends in felicitation to all parties concerned.

G. W. Webb, well-known farmer of the Higgins community, was a visitor in the county seat Tuesday. While here he called by this office to order the Weekly Democrat-Gazette for the ensuing year sent to his daughter, Miss Bonnie Webb, who will teach at Ponder this year, having been elected for her fourth year. The Ponder school has six or seven teachers, the work there having started Monday, September 10. Miss Webb always takes our Weekly, in order that she may keep posted on happenings in her home county while she is away each year teaching.

S. S. (Sam) Horton, an experienced stockman and market employe, has bought an interest in the Lud Smith market, which is associated with the Collin County Feed company store on East Louisiana street. He invites his friends to drop by and see him in his new place of business.

W. H. Long, who is connected with the McKinney Steam Laundry, a real fine fellow, has purchased a lot from the Wilson estate, on West Virginia street, and will soon build a nice home. McKinney continues to improve.

Lewis Brown has recently added a new press to take care of his steadily increasing business. Mr. Brown is using the columns of the Daily Courier-Gazette and the Weekly Democrat-Gazette to advertise his business.

ORDER HALTS CATTLE BUYING IN THIS COUNTY

Jack McCullough, county farm agent, received a telegram last (Wednesday) morning from George W. Barnes, state drouth director in the cattle buy-up program of College Station, ordering him to stop all cattle purchases in this county today and giving as a reason the scarcity of funds for this purpose. The order will stand until further notice. H. F. Ellis has been inspecting and buying cattle in Collin and Grayson counties for the past few weeks, having bought hundreds of them from farmers in these two counites.

VAN ALSTYNE MUST BE A HEALTH RESORT

Van Alstyne, that enterprising little South Grayson town, located only sixteen miles north of McKinney, and a half mile north of the Collin-Grayson line, is one of the best little cities in North Texas. But, aside from that fact, Van Alstyne also claims to be one of the healthiest cities in the entire state. Mayor Jim McLemor's town can back this up, too. Following is a partial list of the octogenarians or persons past eighty years old residing in the Van Alstyne community. Can any town of that size beat it?

They are: Mrs. Harve Arnspiger, 87, birth date, April 4, 1847; blind but otherwise fairly active; T. M. Dumas, 82, birth date, Feb. 5, 1852, very active; Mack Davis, 91, born 1843, remarkably active; Mrs. J. D. Blassingame, 92, July 14, 1842, active; I. H. Mount, 80, Jan. 1, 1854, very active; Mrs. C. S. Durning, 87, Oct. 9, 1847, fairly active; F. R. Slaughter, 84, Aug. 7, 1850, active; W. B. Phipps, 87, born 1847; E. Mulder, 87, born 1847, active; Mrs. E. Mulder, 80, born 1854, active; J. R. Moore, 87, Aug. 18, 1847, active; Mrs. N. M. Drye, 85, 1849, active until recently; S. T. Stout, 89, born May 13, 1845, fairly active; Mrs. E. D. Taylor, 88, born 1846, active; Bill Baker, 85, born 1849, active; Mrs. Earthman, 87, born 1847, blind; Ad Blassingame, 81, born 1853, fairly active; Mrs. Ad Blassingame, 80, born 1854, active; Mrs. O'Neal, 83, born 1854, active; Mrs. D. K. Tate, 80, born 1854, very active.

Miss Nina Bess Aston of Bryan, Texas, is visiting her grandmother, Mrs. John S. Heard. Miss Aston will soon return to State university at Austin, where she attended school last year.

25 YEARS AGO IN M'KINNEY

FROM THE FILES OF THE DAILY COURIER-GAZETTE

(September 11, 1909.)

Sam H. Payne has returned from a five weeks visit to his old home at Hardinsburg, Kentucky. He visited his nephew, P. R. Payne, at Harned, Kentucky, who fromerly lived in McKinney.

I. T. Coleman and daughter, Miss Nola, of Prosper, were in McKinney yesterday on route to Greenville to attend the Dallas Presbytery of the Cumberland Presbyterian church.

Cashier J. L. White of the Collin County National bank has returned from his Gulf fishing trip. He landed a big Silver King tarpon, six feet and four inches long and weighing 150 pounds. He has it mounted in the bank.

Editor John J. Whitley of the Farmersville Times, Dan E. Neathery and Capt. Nichols of the crack Woodman Degree team of Farmersville are attending the county Woodman meeting here today.

Rev. Glen L. Sneed of Dallas lectured Thursday night at the Walnut Grove Presbyterian church on "Christian Education." He spent the night with his uncle, W. M. Kerr, at Vineland.

Mrs. A. C. Work, 77, died last night at her late home at Sulphur Springs of paralysis. Her maiden name was Sallie J. Fisher. She was born at New Washington, Indiana, October 11, 1831, married A. C. Work, March 25, 1856. Came to Collin county, 1877, and lived in the Lebanon community for many years. She was the mother of John Work, D. Work, Mrs. D. B. Pugh, Durant, Oklahoma; Ed Work, Carson, Nevada; Mrs. C. E. Goodall, Dickinson, North Dakota; Mrs. Tony McDonald of McKinney; Mrs. J. W. Orenduff, McAlester, Oklahoma; Tom Work, Durant, Oklahoma; Mrs. J. A. Smith of Sulphur Springs; Mrs. Fred Oorman of St. Louis. The burial took place in McKinney this afternoon.

DALLAS CITY OFFICIALS GUESTS JOE ASTON

Jimmy Aston, son of Mr. and Mrs. Joe Aston, prominent Farmersville couple is making good in his position with the City of Dallas. Jimmy, who only a year or so ago graduated from the Texas Agricultural and Mechanical college, at College Station, where he was Cadet Colonel and captain of the football team, highest honors of the school in both military and athletics, is being groomed by the City of Dallas for a responsible position in the near future. He is a Civil Engineer and making good in a big way. Recently, Mayor Charles E. Turner, City Manager John Edy and Assistant Manager Dave Robinson of Dallas were all the guests of Jimmy and his father, at Farmersville, for a dove hunt and dinner. The occasion was greatly enjoyed by the distinguished Dallas gentlemen and officials.

PUBLIC LIBRARY IN NEED SHELVES AND BOOK CASES

Miss Faye Wilcox, librarian, announces that shelves and book cases are needed in the library for new books that are being received, and for others that will soon be purchased. The library is located in the basement of the court house, and continues to grow each month with many donations of books given by our civic clubs, as well as by individuals.

Funds are being secured now to buy new novels, and recently a library committee purchased several volumes of children's books. All these must be cared for, and since the shelves and book cases already in the room are filled, new cases are needed. Miss Wilcox feels sure that some of our citizens have old book cases which they are not using and which she would greatly appreciate if given for library purposes.

WESLEY M'KEMIE LOSES LEFT FOOT WHILE HUNTING

While out hunting doves Tuesday, Wesley McKemie, 19 years of age, son of Mr. and Mrs. W. H. McKemie formerly of Collin county but now residing at Hearne, in Robertson county, had his left foot and ankle shot almost completely off by the accidental discharge of a gun in the hands of his young 14 year old cousin, Dan Perkins, son of Lyman Perkins, also formerly of Collin county.

The accident occurred out in the little Brazos river bottoms some six miles away from home. Some negroes took the wounded boy and his companion into Hearne where medical attention was given, and Mr. and Mrs. McKemie left at once with their son for Dallas, so that he could receive attention by Mrs. McKemie's brother, Dr. Jack F. Perkins.

On the hurried trip of 150 miles some trying experiences were encountered. Along the way the Hearne ambulance went out of commission beyond immediate repair, and no other ambulance being available, the parents with their suffering son were transferred to a large touring car. Near Corsicana the bearings in the car burned out at the same time a tire blew out occurred. Another ambulance was secured and a message sent to Dallas for Dr. Perkins to meet them. He summoned Dr. W. W. Samuels and they hurried down the highway and were soon ministering to the brave wounded young man who was taken to St. Paul's Sanitarium, where it was found necessary to amputate his leg just above the ankle. He stood the ordeal well, and on Wednesday afternoon was visited by his brother, Jack who is employed by the T. J. Lane Marathon Agency in McKinney.

To show his indomitable courage and will he told Jack that just as soon as his limb healed so that a mechanical foot could be attached he would begin his second year's study in the A. & M. college on January 1st.

At the time of the accident Wesley had presence of mind enough to take off his trousers belt and draw it tightly around the wounded limb, thereby completely stopping the flow of blood which perhaps saved his life.

Wesley is a grandson of W. B. Perkins, and Mrs. McKemie the mother of Mrs. Tom Lane and graduated from the McKinney High school in June, 1933.

The A. & M. boys of McKinney are sending flowers today to young Mr. McKemie, who is a patient in the St. Paul sanitarium in Dallas.

McKinney continues to improve in every section of the city. Audie Combest has recently bought a nice lot from Henry Morgan, residing at 708 South Tennessee street and is erecting a new and modern five-room home. Tom Blankenship has the contract and W. T. Marvin the contract for the paint and paper. Work has already begun. Combest is one of our enterprising young business men. Home owners are republic

KIDDIES WILL RIDE IN HORSE SHOW AT FAIR

The kiddies of the city are already grooming their ponies for their classes in the first night of the horse show, known as Collin County Horse show, Tuesday night, Sept. 26. There will be three classes for the children, one for ponies 36 to 44 inches high, the second 44 to 50 inches, and the third 50 to 56 inches. Suitable prizes, as well as ribbons, will be awarded to winners, one, two, and three, in each class. These winners will also be eligible to compete for the pony sweepstakes which is scheduled for the first night.

In the sweepstakes division, in which winners in all divisions are permitted to partcipate, the grand winner will be presented with a handsome loving cup as a reward, given by Dr. J. S. Bridgefarmer, jeweler of this city. This is expected to make the kiddies ride all the better. It is a worthwhile and suitable trophy and will heighten the kiddies' interest in the show.

T. E. RATTAN AND FAMILY ARE VISITORS

T. E. Rattan, wife and children, came up from College Station, Friday afternoon, to spend the week-end in McKinney visiting Mrs. Rattan's parents, Mr. and Mrs. W. D. Oates.

Mr. Rattan is executive secretary in the Cotton Adjustment department, at College Station, for the State of Texas, under the regulations of the Bankhead Law.

Mr. and Mrs. Rattan's home is located on their splendid big farm, a few miles west of Anna. However, for the past two years, Mr. Rattan has been devoting his time exclusively, to the cotton adjustment work of Collin and adjoining counties. He proved to be so expert and intelligent in this line of work that A. & M. college took him to their central office and made him executive secretary in its vast cotton adjustment set-up.

The State Allotment Board force is running twenty-four hours every day with three shifts and employing 580 people.

Mr. Rattan was authorized to select his assistant sueprvisors to help direct his duties, and he selected Orlia J. Moss, former County Tax Assessor of Collin county; Elmer E. Parris of Anna and Prof. Cecil Beasley, son of County Auditor R. E. Beasley of McKinney. His Deputy Supervisors are Phillip Anderson, Milton Dillion, Bryan Ready, all of McKinney, and Malcolm Wilson, son of John K. Wilson of Princeton. Bryan Ready is a son of County Tax Collector N. D. Ready of this city.

Up until Friday at noon, Mr. Rattan states that a total of 305,493 permanent certificates had been received, representing 191 counties with 187 counties reported as complete.

Mr. Rattan states that the State Allotment Board force of College Station are strenuously working every hour in the day and night in three eight-hour shifts out of every twenty-four. It is a tremendous job of clerical and computing work, but the 580 employes are getting surprising results.

We understand that very few if any certificates have been issued in Louisiana, Oklahoma and some other Southern states.

The number of applications written up until Friday noon totaled 159,688, but some of these applications called for more than one certificate where the applicant owns several farms and has several tenants.

HORSE SHOW WILL BE FEATURE BIG COUNTY FAIR

Plans for one of the most spectacular and elaborate horse shows in the Southwest—the Collin County Horse show, held each fall in conjunction with the annual Collin County Free fair—are going forward with horses already entered not only from Texas and other Southwestern states, but from Illinois, Oklahoma and other states to the north and east.

The horse show will be staged on three nights of the fair—Tuesday, Wednesday and Thursday, Sept. 25, 26 and 27—with the first night's show (Tuesday) turned over exclusively to Collin county horses. Competition will be keen on that night, as well as on Wednesday and Thursday nights when the field will open to all entries and when spectators will see some of the finest horses in the nation on parade.

* * *

Officers.

Officers of the horse show this year are: A. H. Eubanks, president of fair and horse show; Joe Wilcox, superintendent of horse show; Tom M. Scott, secretary; Ed Cashon, assistant superintendent; R. F. Newsome, treasurer; W. P. Abernathy, assistant secretary; George Walker, ring marshal.

Officials announce that programs will be off the press in a few days.

Prices will include: Boxes(including all three nights) $10; Collin County night, individual seats) 25 cents; other two nights, 40 cents each night. Jimmie Belden will have charge of the sale of tickets.

Secretary Scott is busy lining up some of the Southwest's finest horses here for the show and is receiving entries from this and other states. He declares interest is far greater in the show this year than ever before and that more and finer horses will be shown here than ever before. The Collin County Horse show is rapidly taking its place as one of the most elaborate and outstanding events of its kind in the Southwest.

DEMONSTRATION WOMEN TO TAKE PART IN FAIR

The Collin County Home Demonstration Council met in the Chamber of Commerce rooms on Saturday afternoon, September 8. Mrs. J. T. Isom, county chairman and Miss Gertrude Arnold, secretary, had charge of the meeting.

Under new business, the county council voted to sponsor a 4-H club girls' style show to be held on three afternoons at the Collin County Free fair. Mrs. Isom appointed Miss Gertrude Arnold, Mrs. Bart Bryant and Mrs. L. M. Cox on a committee to make the final plans. W. Hammond Moore, secretary of the Chamber of Commerce and the fair, explained the style show and urged the women to assist in it.

Miss Eva Mae Story, secretary of the Bethany club, showed the making of fabric gloves and Miss Paralee Bryan, member of the same club showed some products made from gourds grown on their farm. Both demonstrations are to be given to the clubs by their delegates at their October meetings.

Miss Dunlap told the women that our county has been asked to send five or six delegates to the Texas Agricultural association which is to be held in Dallas December 6 and 7.

Each club was urged to send the date of its achievement event to the home demonstration agent at once. The women were reminded that October is the time to re organize their clubs and were urged to send their enrollments and the names of their new officers to Miss Dunlap early during that month.

The year book committee was asked to meet Saturday, September 15, at the Chamber of Commerce rooms to plan next year's program.

Mr. Moore urged the club women to take part in the cake and bread show which is to be featured in the Collin County Free fair.

A. P. Rogers and wife of Frisco attended services at the First Methodist church Thursday night. Their son, A. B. Rogers, and bride recently announced their marriage, which took place on the eighth of last May. His bride was Miss Bernice Branum of Houston. They were summer students in the North Texas State Teachers college, at Denton, where both of them have just received their degrees. This young couple have schools for the ensuing year. The young husband will teach at Blum, Texas, while the bride will teach at Reno.

Manager Big Textile Mill

FRANK W. SMITH

SANFORIZING MACHINE AT TEXTILE MILL

A sanforizing machine, that sanforizes or pre-shrinks the cloth they manufacture—representing the latest step in modern textile mill progress—is being installed by the Texas Textile Mill of this city, of which Frank W. Smith is the capable and courteous manager.

Only a few of these machines have thus far been installed over the nation, having been manufactured only a short time, although they are rapidly gaining in favor.

They are patented by the Cluett-Peabody company, and manufactured by the Textile Finishing Machinery company, of Providence, Rhode Island. They are being installed over the country, especially in the larger mills, and the installation of one of them here continues to keep the local mill in front in the march of progress and improvement in its field.

Sanforizing, or pre-shrinking cloth, is rapidly gaining in popular favor throughout the nation. Merchants everywhere report a big demand on the part of patrons for sanforized shirts, trousers and numerous other kinds of wearing apparel. It was because of this demand for sanforized goods that Mr. Smith of the local mill purchased one of these machines and sent J. E. Weaver, overseer of the cloth and finishing department, to New York for three weeks to learn about its operation.

Actual operation will likely begin within another week, Mr. Smith informed this editor Thursday.

In explaining its manner of operation, Mr. Smith declared that all the cloth to be sanforized is first run through a test machine to ascertain the amount of shrinkage. The sanforizing machine turns out from 25 to 30 yards per minute.

The mill, according to Mr. Smith, is running two shifts, both day and night, and is employing approximately 500 men and women. Orders continue to come in, keeping the personnel of the mill busy day and night, resulting from orders both from individual buyers as well as from the government. The local Textile mill is one of the leading mills west of the Mississippi and manufactures a wide variety of cloth, which is sold to all parts of the nation.

P.-T. A. BOARD OF MANAGERS MEET HERE

The Board of Managers of the Collin County Parent-Teacher association met on Friday, September 7, at the Central Presbyterian church in this city. Eight schools from over the county were represented by twenty-seven enthusiastic workers.

Mrs. J. Frank Harrington extended words of greeting and encouragement and presided as chairman pro tem. The president's chair was declared vacant by the removal of Mrs. J. E. Blackburn of Farmersville to Greenville and nominations were in order for pesident. In the vote Mrs. C. S. James of Lebanon was elected and graciously accepted the office.

Plans were made for an exhibit at the coming Collin County Free fair. Great enthusiasm was manifested, giving promise of a good display of school work. Glowing reports were made on the Council's traveling library. The fund is growing and new books will be purchased this fall to add to the already splendid collection. This is one of the best pieces of work the council does and it is proud of its library and the eager use that is being made of it.

The next meeting date of the Collin County Council will be the second Saturday in October, the place of meeting to be announced later. It is hoped that a large number will attend this meeting and give a good boost to Parent-Teacher work over Collin county.

PERSONALS

Paul Klein, 1009 East Euclid Avenue, San Antonio, Texas, renews for another three months of the Daily Courier-Gazette, for which he has been subscribing for many years. These editors greatly appreciate friend Klein's long friendship and patronage.

Dr. Claude M. Simpson, presiding elder of the Paris District sends in renewal subscription to the Daily Courier-Gazette for another three months in advance. Dr. Simpson is a former pastor of the First Methodist church, here at McKinney, where he has a host of friends and admirers. He is regarded as among the ablest preachers in the North Texas conference.

On account of repair work being done by crews on Highway No. 114 running through the western part of Collin county, the big motor buses and auto travel generally turns from that highway just east of Frisco, now going directly through that town and then southward again on a detour around the segment of the main highway into Dallas now being rapidly repaired.

Clyde Cunningham of the Collin County National bank and wife spent the last week-end with relatives and friends at Altus, Oklahoma. Their uncle, T. B. Williams, 1117 North Willard street, Altus, returned to McKinney with them for a few days visit and to look after some business matters here where he formerly lived. Mr. Williams taught school in Collin county for fifteen years, six of which were at Ash Grove. He was for a time, cashier of the Weston bank. These editors were glad to see him again. He states that Altus and surrounding country have had five or six inches of rainfall in the last two or three weeks. Consequently, their cotton and feed crops are better than they are here.

Mrs. Eugene Harold, Norristown Road, Route 4, Norristown, Pennsylvania, renews for the Daily Courier-Gazette for another three months. Mrs. Harold is well known in McKinney where she was reared, being before her marriage Miss Ruth McKinney, daughter of Fire Chief John S. McKinney, who is also Police Chief and Fire Marshal of the city of McKinney.

Miss Ruth Crosby of Fort Worth came over to McKinney Wednesday to accompany her little nieces, Ruth Marie and Nancy Lou back to Fort Worth for a visit. They had been spending a few days with their grandparents, District Clerk-elect Tom L. Bailey and wife, while their parents, Rev. and Mrs. Uel D. Crosby were in San Antonio attending the Methodist Centennial. Rev. and Mrs Crosby and children live at Ralls, Texas.

Mrs. L. A. Dulaney, Joe Dulaney and Miss Corrie Dulaney entertained with a dinner Wednesday evening at their home on South Chestnut street. The occasion was in honor of Miss Mary Lorena Deadrick of Bristol, Tenn. who is here visiting relatives. Guests for this happy affair were Mrs. C. T. Deadrick and daughter, Miss Frances, of Dallas; Mr. and Mrs. T. E. Craig, of this city. Miss Deadrick is a cousin of Joe Dulaney, Miss Corrie Dulaney and Mrs. Craig.

E. B. Gifford and wife, a respected old Melissa couple, recently returned home from a two weeks' very happy visit to their native home, at Mintonville, Casey county, Kentucky, which they visited for the first time after leaving there twenty-six years ago. Their daughter-in-law, Mrs. E. P. Gifford, of St. Louis, came down in her auto and took them back home with her to St. Louis, from which city their grandson, Ralph Gifford, took them on his car to Mintonville. This Melissa couple had a great time back among the scenes and surviving old home friends in their native county in Kentucky.

Audie Combest, an energetic employe of the McKinney Steam laundry, is erecting a modern new cottage on South Chestnut street, which he will occupy as a home when finished. The erection of this new home was just begun this week.

Judge T. C. Andrews, chairman of the Board of Pardons and Paroles, Austin, Texas, has our thanks for renewal subscription for our paper for another year. His addess in Austin is 108 East Seventeenth street. Judge Andrews still owns his home in McKinney, and we continue to claim him and his good wife as McKinney citizens.

Mrs. P. F. Smith authorizes these editors to change the address of her Daily Courier-Gazette from 2531½ Rio Grande street to 2514 Neuces street, Austin, Texas. Mrs. Smith and family are loyal readers and friends of the Daily Courier-Gazette. Mrs. Smith who was reared in this county moved to Austin a year or two ago, for the purpose of continuing the education of her children in the Texas State university located there.

The East McKinney Christian church was host to the McKinney City Union of Christian Endeavorers at its monthly meeting Monday night, September 3. Miss Margaret Hudson of that church led the group in a song service and Jesse Creason was devotional speaker. Miss Freda Fennel read the scripture. Reports were given concerning society objectives by Misses Bessie Milton, Ava Bell Aston, Mrs. Hi Wilmeth, Hi Wilmeth and Jesse Creason. Reports were also given on the Union officers conference held in Corsicana the past week-end on the following departments and plans for their programs for the following year: Publicity, recreation, extension, education, missionary, junior, intermedate, senior, adult, financial and city and county union activites. Plans were given for the state and Internatonal conventions also.

Lion President C. H. Ray and Lions Leo Spillman, Ira Anderson and Byron England attended a state get-together meeting of the Lions clubs of Texas at Hillsboro Tuesday night. The principal address of the occasion was made by the International President Vincent C. Hascal of Omaha, Nebraska. Other prominent speakers were Melvin Jones and a speaker from Mexico City, urging all Lions from Texas and the United States to come to the convention there in 1935. The San Angelo Cowboy band was also present and rendered music. They will be at the Mexico City convention.

Mrs. W. A. Reynolds of St. John's, Kansas, is visiting old friends in McKinney for a few days. She spent Thursday night here with Mrs. H. C. Pope, on West White street. Mrs. Reynolds formerly lived in McKinney and still owns a home on Florence street. She is on her way to the Rio Grande Valley for a few days visit with her daughter and family, Mr. and Mrs. M. E. O'Neill. Mr. O'Neill formerly published a paper at Frisco, in this county.

G. H. Rowson, 1047 Laguna Avenue, Los Angeles, California, where his family has lived for five years, is back in McKinney again for the fall cotton buying season. Mr. Rowson, who is an Englishman, first came to McKinney as a cotton buyer in the fall of 1919 and made his home here for ten years. He was married while living here and his two little children, Stanley and Miriam, boy and girl twins, were the first twins to be born in the McKinney City hospital after it opened. They were ten years old on the second day of July, this year. Mr. Rowson changed his family residence to Los Angeles on the advice of their family physician for the benefit of their little boy's health. The move proved to be a wise one in that respect. Still, the family have so many good friends in McKinney that they would like very much to continue to make it their home if it were not for that reason.

CONVERSATION IN A LINEN CLOSET

First Shelf: I wish the Mrs. would get some new blankets, for mine are getting so thin they hardly keep me warm.

E. D. Johnson, a substantial farmer of the Cedar Box community, ten miles north of Farmersville, was a business visitor at the county capital Wednesday. He was accompanied by his wife and daughter, Miss Hannah. This editor had the pleasure of renewing acquaintances with him. Mr. Johnson and wife, this past summer, visited for three weeks in their old home in Russell county, Virginia, near Nicholsville, that state. They have been Texas residents for thirty-six years. It had been sixteen years since they had visited in Virginia before.

Robert Forte, 1934 spring graduate of the McKinney High school, and a star football, basket ball, baseball, track and tennis player, class official and scholar of the Boyd High school, here for the past three years, entered the College of Marshall, at Marshall, Texas, Tuesday for a two years' course of study. Young Mr. Forte who has many friends and acquaintances in this city who wish him well was accompanied by his parents, Mr. and Mrs. A. Q. Forte, by his sisters, Misses Rachel and Rosemary Forte; and by his friend and neighbor, Leo Crockett.

YOUR HOME TOWN

SEEN HERE AND THERE

A. H. Eubanks, local banker and as fine a fellow as you'll ever meet, returned early today from Galveston, where he attended the State Democratic convention; he declares the sessions were harmonious . . . Ticket sale for the Collin County Horse show opens tomorrow (Thursday) at the Smith Drug company, with Jimmie Belden in charge; There are 100 boxes, located entirely around the arena, and it looks like they'll be filled in a hurry . . . Miss Bill Hall, looking most attractive, stopping for a chat at our office . . . Miss Helen Gist, an unusually attractive young lady of our home town, smiling to a friend this morning . . . Another free fair booster trip will be made from McKinney tomorrow (Thursday) night; go along, you'll enjoy it; South and Southeast Collin will be visited . . . This is the season of box suppers and ice cream suppers . . . Misses Frances Foster, Kathryn Foster, Mrs. Lucille Hernden, and Virgil Stogdill out riding during the noon hour today . . . L. B. Burgess, who was injured in an automobile collision several days ago on South Tenessee street, has been out for the past few days and is fast regaining his health again . . . Jack Sears Ryan, son of Supt. and Mrs. Jack R. Ryan, has lost his Shetland pony and would esteem it a great favor, if you have seen the animal, to tell him about it; it's a brown and white pony and very valuable to Jack, who is looking everywhere for the animal.

TEXAS TEXTILE MILL

Accompanied by our friend and co-worker, Maxwell F. Perkins, "Your Home Town" recently enjoyed a visit to the Texas Textile Mill, of which Frank W. Smith is the capable and genial manager. We enjoyed a trip through this great industrial plant, which is running two shifts, day and night, employing some 500 people. Of especial interest in our visit was the sanforizing machine described in a recent issue of the Daily Courier-Gazette. This machine sanforizes or pre-shrinks cloth after it has been manufactured. This is a big step in the milling industry and one that has become very popular. The McKinney mill is one of the few mills in the nation that has one of these sanforizing machines. It will be in operation within the next week or two. The local textile plant is always at the front in its own field of industry. The officials are also having the homes of workers in the mill section improved. They are repairing and renovating many of the homes—ninety-one, to be exact. The Texas Textile mill is up-to-date, modern and progressive in every way. McKinney and Collin county folks appreciate this industry.

COLORED CONCRETE IS BEAUTY FACTOR

Variety of Shades Now Make Attractive Walks and Drives Possible

Concrete, once drab and uninteresting, has borrowed colors from the rainbow to become an important factor in the beauty of the home.

Dependable, color-fast concrete in a variety of shades have been developed as the result of testing and experimenting. Patterns may even be applied by laying cut-to-order cement flagstone, colored or uncolored, in various ways, or by painting the design of ordinary concrete.

Walks and drives, which form an inseparable part of the home grounds, can make or break the effectiveness of the lawn. With colored concrete now readily available and easy to use, grounds can be made a harmonious setting for the home if a little thought is given beforehand to the landscaping plan and color scheme.

In addition to walks and drives, colored concrete makes distinctive and serviceable foundations, porch floors, terraces, garden and swimming pools, badminton and tennis courts, and basement rooms. Wax and polish give added luster to colored concrete work that is laid indoors.

WILL WRITTEN IN 1928 PREDICTED BANK TROUBLES

H. W. HART, Deceased

The following news item is taken from the Dallas Times-Herald, relative to the late H. W. Hart, who died March 17, 1934, at his late home, 3466 Asbury North Dallas, near the Southern Methodist university. His burial took place in Pecan Grove cemetery, McKinney, March 19. The deceased was born near Bellville, Ontario, and was about seventy-five years old when he died. He served twenty-two years as railroad agent for the H. & T. C. railway, at McKinney, having been checked in to that position, March 16, 1907:

From Dallas Times-Herald.

Harvey W. Hart, who died March 17, predicted the depression, although he left an estate estimated for probate purposes at $12,000, it was revealed Friday when his will was filed for probate.

The will, dated Sept. 1, 1928, said in part: "To my wife, Mattie Bell Hart, I bequeath all personal and real estate and all money that may be in banks (if any)."

In reference to dividing a piece of land in Kansas, the will stated that it might be sold "after all taxes are paid." It also stated, in parentheses, that "taxes must be paid on or before Dec. 20 each year."

Hart, the will showed, owned considerable property in Kansas, Highland Park and McKinney.

NORTHWEST AND WEST COLLIN HOST TO FAIR VISITORS

Northwest and West Collin received one of the largest groups of fair trippers ever to leave McKinney Monday night when a caravan of fifteen cars of Collin County Free fair boosters, the McKinney band and local Chamber of Commerce officials boosted the big county-wide exposition at Weston, Frisco, Prosper and Celina.

Each of these four places gave the trippers a large and enthusiastic reception. The crowds greatly enjoyed the program and the fellowship and pledged their support in putting over the big fair to the limit here Sept. 24, 25, 26 and 27.

Leo Spillman, young McKinney business man and civic leader, was the speaker at each of the four towns visited and acquitted himself well, giving highlights of the four-day event.

◆ ◆ ◆

Another Trip Thursday Night.

The next trip will be made Thursday night, September 13, to South and Southeast Collin with stops to be made at Allen, Murphy, Parker, Wylie and Culleoka, and possibly other points along the route.

Band Is Excellent.

The McKinney Junior Chamber of Commerce band, under the direction of Prof. Ralph E. Frazier, will again furnish music on this trip. Their playing Monday night was a feature of the journey and was greatly enjoyed at all four towns. Twenty-five members of the band were present.

Choice McClure, chairman of the transportation committee, announces that all those who can possibly do so are invited to go along on the next trip Thursday night. He urges them to be at the Chamber of Commerce rooms Thursday night at 6:00 o'clock. There will be ample transportation for all.

The fourth and final trip will be made next Monday night to Southeast Collin where the trippers will conclude their booster trips in behalf of the big free fair.

St. Peter's, which beautiful church plant is located at the corner of North College and West Lamar streets, has had no resident rector for several months. But, it has Sunday school every Sunday morning at 9:45 o'clock, with Alfred Malley Scott as superintendent. The other officers and teachers are Eddie Brown, secretary; A. T. Church, treasurer; and teachers: Mrs. Julia H. L. Crockett and Mrs. Charley Ritter. The International Sunday [illegible]

WESTMINSTER

We are sorry to report Uncle Ham Giles as being very ill at this time.

Rev. J. R. Hilger filled his appointment here Sunday and Sunday night at the Baptist church.

Mr. and Mrs. Burge and family moved up near Sedalia on the Littrell place.

Mrs. Willie Tate is visiting her sister, Mrs. W. W. Eubanks and son, Hilliard, this week. Mrs. Tate lives at Desert.

Mrs. C. W. Geer, Mrs. I. S. Proctor and Miss Eunice Vermillion went to McKinney Tuesday afternoon.

Rev. Roy Patton of Anna and pastor of the Methodist church here filled his apointment at the Methodist church Sunday morning and evening.

Mr. and Mrs. Carcy Webb and family of Longview spent Sunday and Monday here with Mr. and Mrs. W. R. Webb. Mr. Weldon Webb of Dallas visited his parents here Monday.

Miss Maye Anderson has returned from Dallas where she had a pleasant visit with Mr. and Mrs. Spencer Spearman. Miss Maye is our capable and much loved primary teacher.

Mrs. Alice Harris, Mrs. M. L. Vermillion and daughters, Eunice and Helen, and Louis Doyle Hudgins were guests of Mr. and Mrs. A. W. Jermigan and family and aunt Sallie Coffey at Sedalia Monday.

Mr. and Mrs. I. S. Proctor and sons, Charles and Jerry of Dallas spent a few days of this week, the guests of Mr. and Mrs. C. W. Geer, Mr. and Mrs. A. L. Johnson and Mr. and Mrs. M. L. Vermillion and families.

Our school begins Monday the 10th. The trustees have purchased the campus north of the school building and plan to make a manual training and home economics hall. They have also added the eighth teacher this year, Miss Dorothy Hall of Commerce, who will have some of the intermediate grades and will also teach Home Economics. We will also have a school bus this year for the benefit of the children out in the country.

Mrs. Alice Harris of Dallas is spending a few days here with Mr. and Mrs. C. D. Boyer, Mr. and Mrs. M. L. Vermillion and families and other relatives and friends at this place. Mrs. Harris was formerly Miss Alice Matthews, daughter of the late Mr. and Mrs. L. R. Matthews and who lived at this place several years ago, but who has been connected with the Federal Reserve bank, Dallas, for the past seventeen years. She is a cousin of Mr. Boyer and Mrs. Vermillion.

TRUSTEES ASKED TO VISIT SUPT. L. D. HENDRICKS

School trustees of Collin county are urged to visit County Superintendent L. Dow Hendricks in this city as soon as possible and make out their budgets for the coming year as well as their state aid applications. This must be done before September 25, but Superintendent Hendricks urges that all who can possibly do so to come in at once and get these matters straightened out. At this time, the bus drivers' contracts will also be given them and maps of the bus routes outlined.

FARMERS IN TEXAS GET $426,886 IN HOG-CORN MONEY

Through Sept. 7, the hog-corn adjustment payments amounted to $60,473,000 of which Texas producers received a total of $426,866. Collin county producers have been paid $27,597. Other Texas payments by counties follow:

Archer $2,625, Baylor $3,296, Blanco $752, Brazoria $4,462, Brooks, $945, Burnet $8,285, Collin $27,597, Coryell $8,748, Dawson $13,105, Delta $1,335, Duval $376, Ellis $2,850, Falls $6,833, Fannin $31,546, Foard $6,517, Fort Bend $2,086, Frio $41,383, Gillespie $5,230, Golid $8,255, Gray $10,040, Hamilton $4,485, Hansford $5,699, Hardin $339, Harris $2,828, Hill $7,305, Hunt $10,627, Jefferson $619, Johnson $9,446, Kaufman $8,926, Lampasas $7,953, Lee $3,433, Liberty $621, Llano $31,542, McLennan $15,175, Maverick $628, Midland $1,174, Mills $8,795, Navarro $9,686, Oldham $5,122, Orange $3,368, Panio $2,138, Potter $4,104, Raines $3,027, Rockwall $396, San Saba $10,641, Schleicher $472, Shackelford $700, Sherman $5,739, Williamson $18,501, Wilson $16,971 Wise $19,630 and Young $6,986.

Mrs. Eva Manley, one of the teachers in our city schools, recently returned from a most enjoyable visit with her son, Lee Manley and wife at Harlengen, Texas. While she was visiting there her son went out into the gulf, eight miles from Point Isbell, on a fishing trip. He was with a party of four other friends. They caught over five hundred pounds of King Mackerel in about three hours, using a hook and line. The largest fish caught weighed twenty-five pounds there being sixty-one fish in all. A big shark, appearing to be about ten feet long, took two fish from their hooks. A picture was made of the large string of fish, which Mrs. Manley has in her possession [illegible]

DR. KNICKERBOCKER PREACHES SUNDAY FIRST METHODIST

Dr. H. D. Knickerbocker, presiding elder of the McKinney District Methodist church, who occupied the pulpit of the First Methodist church here Sunday morning, declared Christianity has given to the world a new conception of God, a new conception of man, a new conception of the value of childhood and a new conception ow womanhood.

He took his text from the forty-seventh chapter of Ezekiel, wherein is shown the prophet's vision of the holy waters. His sermon was both forceful and eloquent and commanded the perfect attention of his hearers. His text follows:

"And it shall come to pass, that everything that liveth, which moveth, whithersoever the rivers sall come, shall live and there shall be a very great multitude of fish, because these waters shall come thither: for they shall be helped; and everything shall live whither the river cometh."

All services at the First Methodist church were well attended Sunday, including Sunday school, Epworth Leagues as well as at the evening hour, when the final union church service was held with members of several local denominations participating.

Mrs. Gibson Caldwell, church organist, was in charge of the music. A special vocal number was given by Roy Marcom of Marshall, but formerly of this city several years ago when he was an active member of this church and its choir.

The vision of Ezekiel, Dr. Knickerbocker pointed out, is the symbol of the gospel. The whole world would be in a deplorable condition without the waters of Jesus Christ. Every blessing in Christendom comes from the threshhold of the church. Each church is the inspiration of the glory of life, from which come all the waters that make happiness in the world.

There is no great message except that brought from the church. God's blessings come from the church and if we but would allow it, He will heal our diseases, satisfy our hunger, solve our problems.

◆ ◆ ◆

Old-Fashioned Religion.

The solution to life's perplexities, he declared, is in old-fashioned religion. Jesus Christ is the ultimate of all truths. With serious economic conditions prevalent, with atheism rampant and with great problems confronting us everywhere, does not imply we are losing out.

"Protestantism and Jesus Christ isn't done with by any means. If we keep on we will reach the top, although we may be forced to travel through valleys between foothills to reach the highest summit, where we shall see the splendors of God."

◆ ◆ ◆

Must Keep the Faith.

The speaker urged his hearers to keep the faith. Nothing is better than the truth of God and the simple faith.

He asked the question, "What is the historic contribution of Christianity to the world?"

◆ ◆ ◆

New Conception of God.

The first point he stressed, in answer to his question, is that Christianity has given us a new conception of God. "No one," he asserted, "ever gets above his conception of God. For example, the Chinese conception of God that it even affects their architecture. The Greeks gave Zeus, the Romans Jupiter. That was the best they could do," he added, pointing to their crudeness, vulgarity and viciousness. "The difference in them and in this day and time is the conception of God, Who looks over with a Father's eye and a Father's heart. We should hold to the attitude that 'God is my Father and I am His son.'

◆ ◆ ◆

New Conception of Man.

The second thing Christianity has given us a new conception of man. "The common man is thought more of today than ever before. Until Jesus' time, a few aristocrats owned and ruled the world, while all others were nothing more than slaves." He pointed to the great pyramids, whose stones had greased the sands of the desert with the blood of slaves. "That was their conception of God," he said, "treating the common man as a slave." He described the different manner in which the common man was treated, however, after Jesus came on earth. Jesus gave every man hope of immortality—a hope that keeps us going forward. Jesus said, "I am the resurrection and the life," a promise for every man.

◆ ◆ ◆

New Conception of Value of Childhood.

"Christianity," the presiding elder told his congregation, "has given us a conception of the value of childhood. The value we place on children today is the direct result of the teachings of Jesus. Before Christ's time the child had no protection and might be sold or be permitted to starve without interference from the government or from any other source."

"You may ask why we send money to China for missions?" he asked, declaring that up until fifty years ago, the female child in that nation was unwanted and was oftentimes killed by the father, who would invariably inform his neighbors [illegible] aries have stopped all that, and if all the money we give to missions has done nothing more than to stop that brutal custom, it would be worth all we have spent. We should thank God that we live in a country where Jesus has His way with children." He referred to the Biblical story of Jesus calling the little children to His side, taking them in His arms and kissing and blessing them.

◆ ◆ ◆

New Conception of Womanhood.

Another thing that Christianity has done is that it has given us a new conception of womanhood, which means everything to us. Until Jesus came, woman was considered nothing and was given only tasks of drudgery. He alluded to the Biblical story of Jesus, on the cross, looking down at His mother and telling John to care for her as he would his own mother. We owe our high conception of woman to Jesus. The words, 'sister' 'daughter' 'sweetheart' 'wife' and 'mother' mean much to us, because of Christianity.

"When we think that the church is costing too much money, let us think of these words and what they mean to us today."

At the conclusion, Dr. Knickerbocker was commended for his able and well-delivered sermon.

CONGRESSMAN RAYBURN TO HAVE PROF. MOLEY GUEST

Congressman Sam Rayburn of this Fourth District, who is in Washington for a short visit and where he is in the contest for the Speakership of the House of Representatives, will leave there in a few days in company with Prof. Raymond Moley of Columbia university, editor of the weekly magazine, "Today" and former Roosevelt No. 1 brain truster. They will spend a day or two on Congressman Rayburn's farm in Fannin county. From Fannin county Mr. Rayburn and Professor Moley will go to San Antonio to join Ralph Morrison. Mr. Morrison, as does Professor Moley, stands high with the Roosevelt administration and was one of the American delegates to the London naval conference.

◆ ◆ ◆

Visit John Garner.

From San Antonio the party will go to Uvalde for a short visit with Vice-President and Mrs. Garner and then spend a few days on Mr. Morrison's ranch near Spofford. From there Mr Rayburn, Professor and Mr. Morrison will go to the City of Mexico for a brief vacation. In Mexico, where there is reputed to be no depression, Professor Moley and Mr. Rayburn will look into the national system.

Texas is interested in the prospect of Mr. Rayburn becoming speaker of the House of Representatives, which, if accomplished, undoubtedly will have the blessings of the Roosevelt administration. They claim that Texas has had too much at the hands of the Democratic House or at the hands of the national democracy because the Vice-President and the chairmanship of eight committees of the House and Senate does not stand. For instance during the Harding Republican administration, Massachusetts had both the Vice-Presidency and the Speakership; and during the last Congress New York had the Presidency, three members of the Cabinet and the chairmanship of seven committees of the House.

Came Here To Attend Funeral of Infant Daughter

This office appreciates a welcome call Monday afternoon from A. E. Alexander of Valdasta who with his wife was called to McKinney by the death of the infant daughter of his brother and wife, Mr. and Mrs. O. J. Alexander, of Farmersville, the infant's death occurring in the City hospital here at 3:00 o'clock Monday morning. The little body was taken to the home of Mr. and Mrs R. A. Penney, where it remained until funeral services at Chambliss (Stony Point) 4:00 o'clock Monday afternoon. Services were conducted by Rev. P. L. Oliphant at Farmersville. The C. C. Harris Funeral home of this city had charge of arrangements.

Mrs. Alexander is a niece of Mrs. R. A. Penney of this city. The infant's father and A. E. Alexander are brothers of Prof. A. A. Alexander of this city, Prof. Alexander being a teacher in the city schools here.

Others who were called to McKinney by the infant's death were: Mr. and Mrs. H. R. Gray of Valdasta; Mrs. J. M. Alexander of Valdasta, the baby's grand mother and Mr. and Mrs. L. D Flemmings and daughter, Jewell of Valdasta, Mr. and Mrs. Flemmings being parents of Mrs. O. J. Alexander and grandparents of the deceased infant.

GARNER NAMED COMMITTEEMAN AT STATE DEM MEET

JOHN NANCE GARNER
Vice President

The retiring state executive committee at Galveston Monday elected Vice-President John N. Garner of Uvalde as Texas national committeeman after it had voted to accept the resignation of Former Gov. James E. Ferguson, both actions having been done unanimously and without debate.

Ferguson wa selected national committeeman by the state committee at Houston March 24 to succeed Jed C. Adams, who resigned to take a Federal post. Ferguson's resignation is dated Sept. 5 and it is conditioned that Garner be elected to succeed him. The resignation says Garner has agreed to serve. Ferguson has never sat with the national committee, as it held no sessions during his incumbency.

J. K. Brim, state chairman, read Ferguson's resignation and the acceptance and election of Garner occurred on motion of John Davis of Dallas. The Davis motion also provided for telegraphic advices, to be confirmed by mail, to be sent to Garner, Ferguson and James A. Farley, national Democratic chairman.

Josephine Couple's 47th Anniversary

A respected old Josephine couple, Mr. and Mrs. A. J. Lee, celebrated their forty-seventh wedding anniversary on Sunday, September 2. They were married in Tennessee. The following children were present: Mr. and Mrs. Joe Hunt and children, Weldon, Vera, Mary Lois, Melba Lee, Alton and Jimmie Aline of Celina, Mr. and Mrs. C. H. Thurman; Mr. and Mrs. Walter Lee and daughter Mary Ethel; Mr. and Mrs. J. C. James and daughters, Lucille and Joe Ann, also Mr. and Mrs. Ted Beasley, Mr. and Mrs. Melvin Thurman and Mrs. J. M. Lee, Rev. Bennett and Mrs. Bennett, all of Josephine. All had a good time and wished this dear old couple many more happy birthdays.

Mrs. Jim Touchstone

W. B. Jeffcoat was in Farmersville yesterday.

Mr. and Mrs. C. Steward visited Mr. and Mrs. John Coin.

Mr. and Mrs. Hurst visited Mr. and Mrs. Will Hurst.

Miss Forest Murphy is improving after an illness.

Mr. and Mrs. Carl Kemp of Farmersville were guests of Mr. and Mrs. Raymond Cooper.

Mrs. Mittie Hill of Blue Ridge and Miss Alta Hill visited Mr. and Mrs. George Hill.

Mr. and Mrs. Jim Touchstone was in McKinney visiting Mr. and Mrs. A. H. Holland.

Miss Oneta Touchstone is spending a few days with her grandmother, Mrs. C. B. Touchstone.

Miss Emma Reneau, a popular saleslady with the McKinney Dry Goods company, is having an excellent small rent house built in the east part of town, just east of the Collin County Mill & Elevator Co. plant office and near the entrance of the Old Settlers and ex-Confederates Picnic and Reunion grounds.

Dale Simpson left Saturday for Norman, Oklahoma, where he will attend University of Oklahoma this year.

Mrs. Virga Burns, R. F. D. Plano, sends cash for the Daily Courier-Gazette for another month in advance. Mrs. Burns has been a reader of our paper for a long time, and we appreciate her renewal.

Rev. Ben Bell, pastor of the Methodist church, at Frisco, and wife were McKinney visitors Thursday. He is having a fairly good year as spiritual leader of his church, which owns and worships in a modern brick church building that would be a credit to a town of much larger size than Frisco. Rev. Mr. Bell held a good revival meeting during the summer at which he had a number of conversions, reclamations and additions.

GRAND JURY ENTERS FOURTH DAY'S SESSION

APPEARANCE DOCKET IS CALLED; BUSY TERM EXPECTED

The grand jury of the September term of Fifty-Ninth District court, presided over by Judge F. E. Wilcox in this city, entered into its fourth day's session here this (Thursday) morning. The September term of court opened Monday, September 10, for twelve weeks of work, extending into December. The Appearance docket was called Tuesday by Judge Wilcox. Cases have been set for this term as follows:

First week, Sept. 10.—Civil Non-Jury Cases.
Second Week, Sept. 17.—Criminal Jury Cases.
Third Week, Sept. 24.—Criminal Jury Cases.
Fourth Week, Oct. 1st.—Criminal Jury Cases.
Fifth Week, Oct. 8.—Civil Jury Cases.
Sixth Week, Oct. 15.—Civil Jury Cases.
Seventh Week, Oct. 22.—Criminal Jury Cases.
Eighth Week, Oct. 29.—Criminal Jury Cases.
Ninth Week, Nov. 5.—Criminal Jury Cases.
Tenth Week, Nov. 12.—Civil Jury Cases.
Eleventh Week, Nov 19.—Criminal Jury Cases.
Twelfth Week, Nov. 26.—Civil Non-Jury Cases.

The grand jury is expected to be in session all this week. Will J. Rhea of McKinney is foreman. Gid Dowlen is door bailiff, while the constables of the county are riding bailiffs as follows:

John A. Record, Precinct, No. 1, McKinney.
Paul Akin, Precinct No. 2, Farmersville.
R. E. McHone, Precinct No. 3, Anna.
S. L. Betty, Precinct No. 4, Weston.
J. K. Cowherd, Precinct No. 5, Plano.
B. P. Marshall, Precinct No. 6, Frisco.
Paul Yeager, Precinct No. 7 Nevada.
Charlie Akin, Precinct No. 8, Blue Ridge.

G. H. Dowlen was appointed door bailiff.

J. B. Douglas has bought a modern six-room residence, 810 South Tennessee street, from Homer Myrick, and expects to move his family here soon from Clearlake to occupy it. The trade was made through Walter L. Keen, real estate agent. Mr. Douglas has been Free Rural Letter Carrier on Route 1, Clearlake, for several years. Recently, his route was combined with Route 5, McKinney, and he is now delivering mail for both routes. He is anxious to get moved to McKinney on account of its being much more convenient in his important work in Uncle Sam's Postal Service. Mr. Douglas served several years as president of the Rural Letter Carrier's association, embracing both Rockwall and Collin counties, which bespeaks his high standing among his fellow postal workers and also as a worthy citizen generally speaking.

17,875 BALES COTTON GINNED TO SEPTEMBER 1

COMPARED WITH 6,826 BALES TO SAME DATE LAST YEAR

A total of 17,875 bales of cotton were ginned in Collin county prior to Sept. 1 of this year, according to Mrs. Oscar George, Collin county cotton statistician. These figures are in comparison to 6,826 bales ginned to the corresponding date last year. This is Mrs. George's initial report of the year.

Although the crop this year is expected to be far below last year's yield, yet the large initial ginning report of nearly 18,000 bales up to Sept. 1 is accounted for when one considers the heat wave and drouth of the summer that caused cotton to open up early.

Many farmers, coming to McKinney the past few days, declare that most of their cotton is already out and that the season will soon be over, since the staple opened up early, there being few bolls left on the stalks to open later in the season.

YOUNG COLLIN COUPLE UNITED IN MARRIAGE

MISS EXA EDWARDS IS BRIDE JIMMIE BOMAR

Jimmie Bomar, son of Mr. and Mrs. Willie Bomar, residing in the Bomar's Chapel community, five miles northeast of McKinney, and Miss Exa Edwards of Westminster were united in marriage at Durant, Oklahoma, Saturday, September 8, by the Rev. F. B. Rickerson, Baptist preacher, formerly pastor at Westminster. The couple left for a brief wedding trip to Galveston, after which they will be at home at or near McKinney.

The bride is the daughter of Mr. and Mrs. R. J. Edwards Sr. of Westminster and is a graduate of Westminster High school, later attending East Texas State Teachers college, at Commerce. She taught school at Milligan, four miles east of McKinney, four years, and was re-elected for this fall. The groom is a graduate of Wesley college, Greenville. Their many friends wish this young married couple many years of martial bliss.

FUNERAL SERVICES HELD FOR VICTIMS HIGHWAY MISHAP

JAMES H. BASS OF THIS CITY BURIED NEAR PARIS

Funeral services for James H Bass and Richard Hinsley, killed in a truck accident near Texarkana Sunday night, were held Monday at Littlevine, near Paris in Lamar county, with burial following in the cemetery there. Revs. A. H. and Eddie Brown of the Primitive Baptist church conducted the funeral services.

Mr. Bass, a resident of McKinney, and Mr. Hinsley, a resident of Paris, but formerly of McKinney, were killed when a truck, on which they were riding with sixteen other men from Paris, struck a concrete curb on a highway near Texarkana. The jolt threw the two men between the cab of the truck and the trailer it was pulling, throwing them between the wheels. Bass died instantly, while Hinsley lived only a short while after the accident. They were the only ones hurt, and the truck was undamaged. The group were on their way to Ogden, Arkansas, to work in the hay fields there. Earl Day, a nephew of Mr. Bass, who was driving the truck, stated that lights on an approaching automobile blinded him, causing him to stroke the curb.

James H Bass was 50 years, 2 months and 13 days old. He had resided in and near McKinney for nine years, following farming as a vocation. He was on a visit to his brother-in-law, Richard Hinsley, 45, at Paris, and decided to go along on the trip to Arkansas. His wife, who was a native of Paris, passed away ten years ago. He is survived by the following children: Mrs. Letha Mae Reeves of Chambersville, Miss Alvina Bass of McKinney, Everett Bass of Paris, and Preston Bass, residing with his sister, Mrs. Reeves and husband at Chembersville.

Two brothers and five sisters also survive: Bert Bass, Paris; Abbott Bass, 1311 North College, McKinney; Mrs. Betty Day of Aubrey, Mrs. Bob Scott, McKinney; Mrs. Richard Hinsley, of Paris. He is also survived by three half-brothers and three half-sisters as follows: Elias Bass, Johnny Bass, and Arthur Bass, all of McKinney; and Mrs. Susie Proctor, McKinney; Mrs. Annie Morris, Paris!; and Mrs. Lora Jetton, Westminster. His step-mother, Mrs. W. E. Bunch of Longview survives also.

Mr. Hinsley was also a farmer by occupation and had formerly resided in this county, being a tenant on the Don O. Davis place north of town for several years, before moving to Paris, two or three years ago. He is survived by his wife, and eight children and by two brothers, Ace Hinsley and Luther Hinsley, both of McKinney. Two sisters and four grandchildren also survive.

A large number of relatives from this city and county attended the funeral services at Littlevine.

Prof. T. B. Douglas of Clearlake was in McKinney Thursday greeting friends. This editor was glad to renew acquaintances with him. For the past four years, Prof. Douglas has been teaching school at Milligan, four miles east of McKinney. However, he has accepted the position as teacher at Clearlake for the ensuing year where the school is announced to open on Monday, September 17. This is rather early for rural schools to open but on account of the drouth, the cotton crop has been cut short and has opened up unusually early. The result is that the bulk of the fleecy staple in that community is expected to be picked out by the middle of September. Hence, the farmers can spare their children from the fields and let them begin the fall term of school at once.

BAPTISTS OF WORLD GATHER AT BERLIN, GERMANY, AND PRESIDED OVER BY M'KINNEY MAN'S BROTHER

Dr. George W. Truett, the most outstanding leader of the Baptists of the entire world, is a brother of Hon. L. J. Truett, prominent McKinney lawyer and former County Attorney. Dr. Truett recently attended the Baptist World Alliance meeting, at Berlin. This is the second time that Dr. Truett has presided over the Baptist World Alliance. The following interesting story of his notable career appeared in a recent issue of the Dallas News:

Election of Dr. George W. Truett as president of the Baptist World Alliance brings again into international prominence the life of a man conscripted from the legal profession by the prayerful and almost forcible efforts of the congregation of the church at Whitewright, Grayson county, about forty-eight years ago.

The honor accorded the Dallas pastor at Berlin Tuesday is not the first occasion on which his fame as a spiritual leader has spread beyond the borders of his own country. The present session of the world congress is the second over which he has been called to preside. In 1928 he conducted the session in the absence of the late E. Y. Mullins at Toronto. During the last congress he presided before the election in lieu of Dr. John McNeill. Dr. Truett was called to London on the occasion of the Charles Haddon Spurgeon centenary commemoration where he was introduced by Prime Minister Ramsay MacDonald. In an article in the Missionary Herald of London the Dallas man was compared to the great Britisher Spurgeon by Dr. J. H. Hushbrooke, one of the most prominent of British Baptists.

Numerous offers to larger churches have been repeatedly refused by Dr. Truett.

In Cotton Fields at 18.

When the rocky cotton fields of North Carolina gave to the denomination a scantily educated and husky youth of 18 there was little to indicate that he would one day be called to direct the affairs of 12,500,000 Baptists of the world. At that age he had received no literary education further than that furnished by the rather primitive country schools of the mountains. He was far better acquainted with methods of planting corn and plowing a cotton row than with theological or denominational affairs.

It was much to the surprise of all who knew him that before he reached his majority he had developed a strong interest in education and founded the Hiawasse High school in Georgia.

While president of the school he attended a session of the Georgia Baptist State convention to plead for funds for the education of the poor among whom he was reared. Then it was that something of his later genius for pulpit oratory that has drawn thousands to the First Baptist church of Dallas was realized.

Ample financing for the young man's school was secured due to that speech. In addition one of the delegates, realizing the potentialities of the speaker and his lack of education offered to finance his attendance at a university. But he was unable to take advantage of this offer. Young Truett's father then left North Carolina for Texas, settling near Whitewright.

After settling in Grayson county Young Truett decided it was time to begin study toward the realization of his ambition to become a lawyer. What time he could save from his farm labors he spent reading lawbooks.

Conscripted From Law.

How the outstanding Baptist of the world was drawn to the denomination from the legal profession has been recounted often by Dr. Truett himself.

"One Saturday," he relates, "I went to the church where all our family were members and was surprised to find the house full. Usually the Saturday meetings were attended by only a few standbys, but this time it seemed that everybody had come. After the sermon a revered old deacon got up and following a few generalities he began urging that I decide at once for the ministry.

"As I had done previously when the idea had been broached by other deacons I protested. I had joined the church at 19. I was willing to be a faithful lay member but had my own plans for a career. The meeting grew tense with emotion. Prayers were offered and finally it was moved the church voice its conviction that God had called George W. Truett to the ministry and that the church should immediately summon a council of preachers to ordain him.

"I proposed that they wait six months," Dr. Truett related. "We won't wait six hours' they answered. 'We are called to do this thing now and we are going ahead with it.' And so they did."

But a short while later the young preacher was called to an assignment which was one of the toughest in his long career. Baylor university at Waco in 1891 was laboring under a debt of $92,000, a sum which under the circumstances was formidable. It was upon the recommendation of a man who had heard Truett speak.

"There is one thing I know of him," the man wrote the president of Baylor, "and that is that when he speaks the people do what he asks them to do."

In twenty-three months, after covering the State by train, horseback and buggy and sometimes in an oxcart, the debt was raised.

DR. GEORGE W. TRUETT

Built a Church.

After his debt raising job was finished Truett entered his institution which he had served so tirelessly and held the pastorate of a small church near by during his student days. He married Miss Josephine Jenkins, a fellow student.

Soon after graduation the couple came to Dallas in response to a call of the First Baptist church. That was in 1897. The church had 715 members.

Since that time, this one-time farmer boy of the North Carolina hills, has built his church into a $1,000,000 plant with 5,500 members and a regular Sunday school enrollment of more than 6,000. An eight-story Sunday school building has been added to the church edifice.

That the people do what he asks has repeatedly been proven. On a single Sunday he raised for denominational purposes $507,850.

Friends of the pastor seeking to make life easier for one who labors so arduously have long been used to seeing gifts which they offered passed along to the less fortunate. On one occasion the congregation, taking into consideration the strict Texas homestead law, gave him a comfortable home at 5105 Live Oak.

ROWLETT SCHOOL WELL EQUIPPED COMMUNITY ASSET

HAS GOOD TEACHERAGE —LOCATED EIGHT MILES WEST McKINNEY

W. S. Horn and C. B. Davis, two of the three trustees of Rowlett school district No. 16, located eight miles west of McKinney, were in the city Monday. Their other co-director is Bruce White. Answering our inquiry, they stated that their school would probably open Monday, September 17, or possibly one week later. Rowlett is a three-teacher school with a modern school building and teacherage adjacent, in which Prof. Carroll Beene and wife of Nevada are now occupying. They will be assisted in teaching that school, this year, by Mrs. Claudia Reese.

The Rowlett school is the center of one of the finest farming districts of the state, with a citizenship of above the average intelligence, enterprise and thrift.

The schools like the Rowlett district has are invaluable assets to the people of its community. It teaches up to and including the ninth grade. A good school building and teacherage and other equipment of a modern nature like it has bespeaks a community of desirable citizenship to live among. It affords splendid school facilities for the little children up to the high school age. It is a convenience and great satisfaction to parents to know that their children are to receive their schooling in such favorable environment in their home community.

The Rowlett school has a moderate school tax and only a small outstanding amount of school bonds yet to be taken up after which the school tax can still be lowered.

Messrs. Horn and Davis predict that cotton production in their section of the county is from fifty to sixty per cent below a normal crop year. On account of the protracted summer drouth, the cotton stalk was dwarfed and its fruitage greatly curtailed. However, they believe that enough corn and feedstuff has been raised to run the farmers through another year.

B. H. Davidson, who has lived at Sweetwater for eleven years and is connected with the Ford Auto Co., there, wife and five children have been visiting his father, R. U. Davidson, of the New Hope community and several brothers and sisters he has living in and around McKinney. Mr. Davidson, who is a nephew of J. F. Hudson of McKinney, was reared in this county and has a multitude of good friends in and around McKinney who admire him for his splendid and worthy character. He and his family left McKinney, Tuesday morning, on their return to Sweetwater. He states that this was his first visit to McKinney in six years. The Sweetwater country has been suffering from drouth the same as this section of Texas, but he says Collin county and McKinney look mighty good to him.

WORLD'S BIGGEST TURTLE CAPTIVE IN WASHINGTON

IT WEIGHS 486 POUNDS—ESTIMATED 300 YEARS OLD

Whisking her gigantic flippers with queenly grace, the largest deep-sea loggerhead turtle ever held captive by man bobbed and dived in her glass tank at the Bureau of Fisheries aquarium while hundreds of Washingtonians watched.

Weighing 486 pounds as she made her debut in the District of Columbia, the turtle, scientifically known as Caretta Caretta, seemed not at all sensitive of her bulk. Almost 300 years old, the marine monster was obviously not a whit embarrassed by her great age.

"No one knows how long these huge turtles live," smiled Fred G. Orsinger, director of the aquarius as he surveyed his protege.

"Why should she care if she's 300 years old. Sometimes these enormous turtles are reported to be veterans of 1,000 summers and winters. No one actually knows. Why, she's just coming into the prime of life!"

* * *

Caught by Canadians.

Caretta Caretta was caught by the crew of a Canadian steamship in the West Indies. Later she was presented to Mayor Frederick W. Mansfield, of Boston, by the skipper of the vessel. When Mayor Mansfield found he had no accommodations for such a huge marine dweller, he sent her to Woods Hole, Mass., where arrangements were made to transfer her to Washington.

Turtles of her type are found in southern waters and abound through the West Indies and off the coast of Africa, where native warriors covet their shells for shields and their rich meat for feasts. They travel alone usually, Orsinger said.

Caretta Caretta is 4½ feet long, 3½ feet wide and 18 inches tall.

On the practical side of things, chefs could make gallons of delicious soup from Caretta Caretta. The skin from her flippers and body would make handbags and shoes.

And the oil she carries in her enormous body would make bottles of cosmetics to delight the hearts of scores of lovely rouged and powdered ladies.

Family Reunion Descendants Late Hi Wilmeth

A family reunion of the children and grandchildren of Uncle Hi Wilmeth, pioneer of this county, who has been deceased for several years, was held Sunday, September 9, at the home of Mrs. R. J. Straughan, north of McKinney, on the Sherman-McKinney highway. About a hundred relatives and friends were present for the happy occasion, all bringing well-filled baskets for the sumptuous noon meal. The dinner was spread on one long table in the front yard of the Straughan home, being enjoyed by all. The afternoon was spent in social chat. Among those from out-of-town who attended were Mr. and Mrs. H. L. Hankle, their son, R. B. Hankle and wife of Weslaco, Texas.

MANY FALL GARDENS ARE BEING PLANTED

MADE POSSIBLE BY RECENT RAIN, SAYS MISS DUNLAP

The recent rain has made possible the planting of fall gardens, Miss Helen Dunlap, county home demonstration club agent, is telling the 4-H club girls this month. She states that the soil should be carefully prepared and weeds destroyed, but not turned under. Turning under of weeds heats the soil and causes it to dry out. The tender plants such as cabbage and tomatoes should be protected from the hot sun. A good method of doing this, she informed the girls, is to drive a few stakes in the ground and connect them with hay wire. Bran or oat sacks or branches of trees spread on top help to break the heat of the sun and make it possible for the plants to grow more rapidly. The cover should be placed 3 to 4 feet from the ground.

It will take about one-fourth more seed for fall planting, than spring planting, since germination of seeds is not so good this time of year.

This month is the time to plant cabbage, radishes, carrots, bush beans, beets, swiss chard, spinach, lettuce, mustard, parsley, and onions. Carrots planted this month will withstand more cold weather than turnips and will be available for use in the spring and early summer months. She is calling attention of the 4-H groups to the fact that beet seed pods should be broken a part before planting in order to separate the seeds and get better shaped beets.

Pinto beans may mature before frost and bountiful is a variety of quick maturing bush beans which are suitable for fall gardens. Onion sets, she says, may be planted now to furnish green onions this winter and will be ready to harvest next May. Shogion, she states is a new variety of turnips, which grow well in hot weather and which are reported to be lice proof.

FIFTY-FIRST YEAR — McKINNEY, TEXAS, THURSDAY, SEPT. 13, 1934.— SECOND SECTION — ESTABLISHED FEBRUARY 7, 1884.

DR. RICHARDSON SPEAKER AT UNION SERVICE

Dr. Frank M. Richardson, presiding elder of the Dallas District, Methodist church, was the speaker at the final union church service held on the First Methodist church lawn here Sunday evening. He took for his subject, "The New Deal" and used for his text the following passage of scripture: "Righteousness exalteth a nation, but sin is a reproach to any people."

The First Methodist choir, augmented by members of choirs from other participating churches, furnished delightful music for the occasion. Mrs. Gibson Caldwell was accompanist on the piano. The congregation enjoyed a special vocal number by Miss Janet Miller.

The word, "Deal," is Rooseveltian, Dr. Richardson pointed out, and belongs to the Roosevelt family. He went back a short while into history and referred to the first Roosevelt in the public eye, the Rough Rider, who told the people of America, "I will give a 'Square Deal' to every American citizen." Twenty years later in the midst of a great depression comes another Roosevelt, and he offers the American people, a 'New Deal.'

"Personally," he said, "I am a believer in our great president and in the high integrity of his purposes. I wish I could believe in the American people like I believe in Mr. Roosevelt. The big question of the hour is, 'Are Americans worthy of the high confidence and trust the president has imposed in the American people.'

"The strength of the leader is in the pack, and I am wondering if we are the men and women we ought to be?"

⁂

Homespun Virtues—Honesty.

Dr. Richardson declared that there are some things which we should adhere to, wholesome, homespun virtues, which make for a fine and courageous people." If we adhere to these, we will make progress, but if we do not stand for them, I fear for the future. The first homespun virtue is honesty. If the American people are honest, the 'New Deal' will succeed. We need the patriotism of old fashioned honesty."

He declared that there are two hyenas lurking in the dark that are feared, namely, greed and graft—men with itching hands and selfish purposes, who have only a desire to accumulate for self. He characterized the thief of today as the most dastardly thief in the world.

"The finest patriotism in the world is for a man to be honest in this hour and in this crisis. "God give us honest men," he pleaded.

⁂

Must Be Sober.

"In addition to honesty the American people must be sober. We must have sober people when we travel through the air at 125 miles an hour and when we go on our high ways from fifty to seventy-five miles and hour. The time has come when we must stop and ask ourselves, 'Can we afford to be anything but sober people?' I have never seen the mind made keener, the hand more skilled, the heart kinder or the light brighter when one stoops to those evils.

⁂

Unselfishness.

"In addition to an honest and a sober people, we must be an unselfish people. The time was, when we could live by ourselves and leave our neighbor alone. He asked the question: "Are we big enough to live with and for each other? We must be now, as never before, an unselfish people. We must learn teamwork and must work together. We need an Americanism that gives self for others."

⁂

Faith in Almighty God.

For the fourth homespun virtue, he declared that we need a mighty faith in Almighty God. "It is our heritage to believe in Almighty God," he said, as he described the hardships and trials of our pioneers who founded our nation. Their first act was to kneel and pray and their first public house was a home of prayer.

"May we continue that abiding faith our forefathers had." In closing his impressive talk, Dr. Richardson declared "If these homely virtues and time-honored traditions are at the heart of the American people, we will continue to be the greatest people God ever honored with His presence and with His leadership."

Miss Rachel Forte left Friday for Archer City, Texas, where she will teach Physical Education and Spanish in the high school there the coming year. Miss Forte is a daughter of Mr. and Mrs. A. Q. Forte of this city. She is a graduate of Boyd High school and received her degree from N. T. S. T. C. in Denton the past June. Miss Forte was accompanied to Archer City by her parents, her sister, Miss Rosemary Forte, Misses Billy Nell Eubanks and [illegible] Forte.

CITY SCHOOLS OPEN NEW TERM HERE MONDAY

With a noticeable increase in attendance the 1934-35 term of the McKinney Public schools, under the efficient leadership of Prof. Jack R. Ryan, superintendent, principals and faculty members commenced today in the city schools. No programs were given, the students getting down to the work of preparation for the coming nine months term.

At the Boyd High school, Supt. Ryan and Prof. Lyman D. Robinson, principal, both made appropriate talks to the students who, after this introduction to the new school year, busied themselves in making out their schedules for the first semester.

Although no check has been made on the attendance, Supt. Ryan states that in all probability there is a slight increase in attendance over the first day last year. It is his opinion that the schools will enjoy one of their best years with all indications at present that the term will be a successful one for all concerned.

SEPTEMBER TERM 59TH DISTRICT COURT OPENS

The fall or September term of the Fifty-Ninth District court opened what promises to be an unusually busy term of twelve weeks last Monday morning, with Judge F. E. Wilcox on the bench, and with most of the local attorneys and lawyers on hand for court opening. In his charge to the grand jury, Judge Wilcox impressed upon them the seriousness of their position and urged them to do their full duty in upholding of the law.

Will J. Rhea of this city was named foreman of the grand jury, Gid Dowlen was named door bailiff, while constables of the county were sworn in by District Clerk L. A. Sears as riding bailiffs. The oath was also administered to Sheriff G. J. S. Walker and his deputies.

⁂

Grand Jurors.

Grand jurors for this term who immediately began their duties are:

Will J. Rhea, McKinney.
Will I. Bryan, McKinney.
Ed F. Kirby, McKinney.
Fred Harrington, Sr., Plano.
Claude Curtsinger, Frisco.
C. C. Carruth, Weston.
J. M. Graves, Melissa.
Paul R. Harris, Farmersville.
Albert Able, Josephine.
J. E. Huffman, Nevada.
Lloyd Neilon, Wylie.
S. H. Taylor, Melissa.

"You have a very impressive and responsible position," Judge Wilcox said, addressing the jurors. Prosecution of the criminal and upholding of the law rests with you and the manner in which you enforce the law.

⁂

Unusual Times.

"If you know a crime has been committed, and you have reasonable grounds to believe you have the guilty party, it is your duty to return the indictment and let the case be threshed out in the courts.

"These are unusual times. We have been experiencing for several years one of the worst depressions in history. Many are in need of money and the actual necessities of life. If there ever was a time when the people should have protection of the law it is now. That's what we pay taxes for—protection of life and liberty of the people."

⁂

Deliberation in Secret.

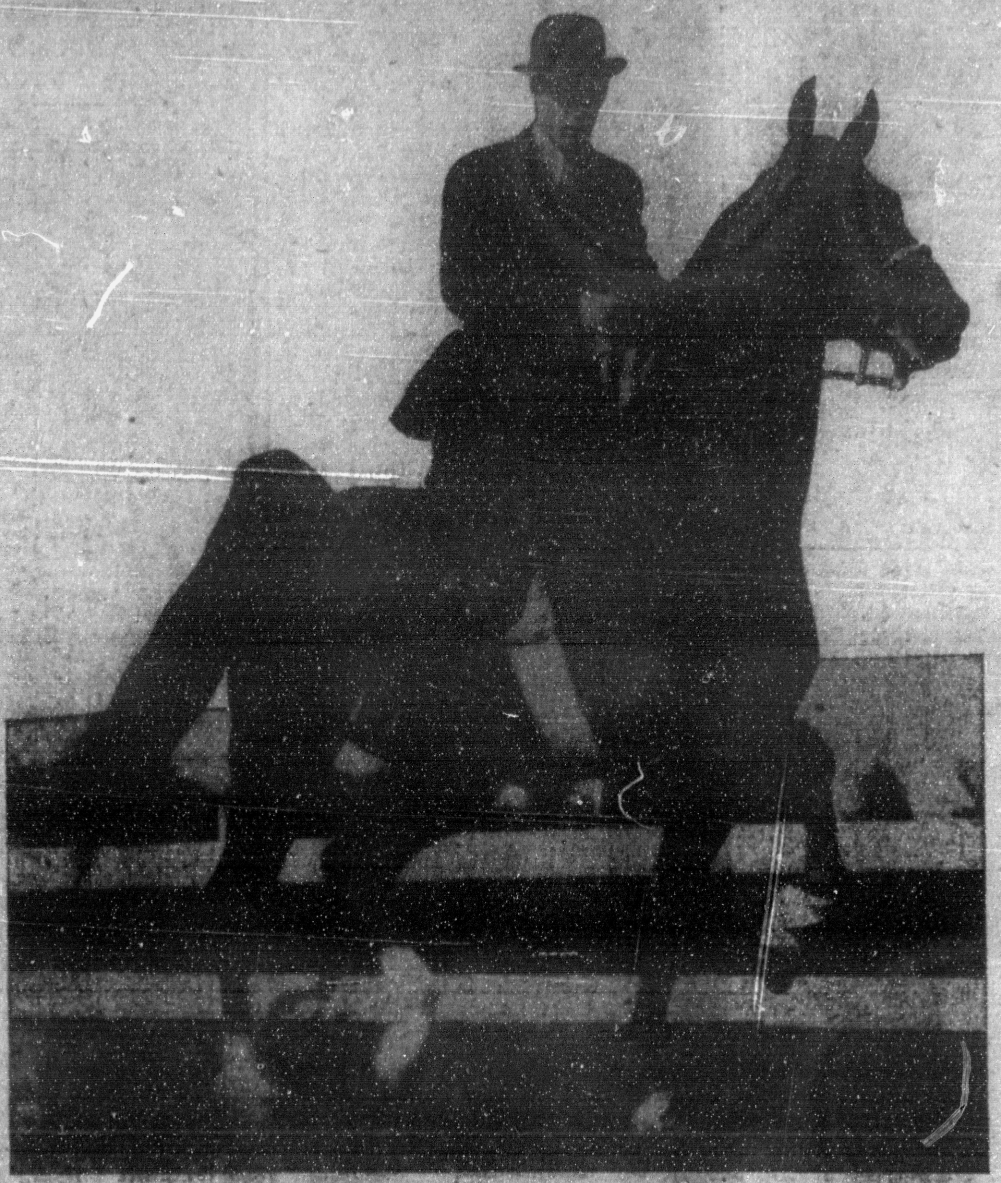
Judge Wilcox urged them to investigate all crimes of a felony nature. "Of course you may return indictments in misdemeanor cases, but the latter can be prosecuted without an indictment; therefore, I would urge you to donate most of your time to cases of a felony nature."

Regarding those who would attempt to influence the jurors in their deliberation, Judge Wilcox declared it should be an insult to their intelligence for someone on the outside to recommend and suggest to them how they should act while making their deliberations. He urged the utmost secrecy in their investigations.

Among local attorneys and officials seen in the courtroom Monday morning were: L. C. Clifton, Mort W. Muse, Roland Boyd, W. R. Abernathy, W. P. Abernathy, County Attorney W. C. Dowdy, Assistant County Attorney Leon O. Moses, L. J. Truett, John Doyle, H. L. Davis, District Clerk L. A. Sears, H. H. Neilson, Ted Sisco, Dwight Whitewell, George F. Brown, Court Stenographer Jas. M. Muse, and others.

Misses Bessie and Vivian Bell have returned from a delightful motor trip through East and West Texas. They were accompanied by their brother, Claud Bell, and wife, of Dallas. Some of the points they visited included Tyler, Kilgore, Jacksboro, Seymour, Mineral Wells, Abilene and other places. They were gone about ten days.

Fine Kentucky Horse Coming To Collin County Horse Show



Glad Acres Sun Beau (Ray Burnett of St. Louis Up).

Glad Acres Sun Beau, one of Kentucky's finest horses, will be at the Collin County Horse Show on the nights of Wednesday and Thursday, Sept. 26 and 27. The above picture shows this fine steed prancing around the show ring, Ray Burnett of St. Louis up. Other of the Southwest's best known horses will also be seen at the horse show, held in conjunction with the Collin County Free fair.

The infant daughter of Mr. and Mrs. Jack Alexander of Farmersville was buried this afternoon at the Chambliss cemetery at 4:00 o'clock. The baby died Sunday night at the City hospital here, where the mother is still confined, in a serious condition. The little body was taken to the R. A. Penney home on North Church street in this city, Mrs. Alexander being a neice of Mrs. Penney. The baby was the first born of Mr. and Mrs. Alexander.

YOUNG LADY SCHOOL TEACHERS VISIT CHICAGO

Misses Olive and Nettie Geneva Doyle of Celina were McKinney visitors Thursday. They are daughters of the late W. M. Doyle, a prominent farmer of revered memory of the Celina section of our county. Miss Nettie Geneva Doyle was a member of a party of five young ladies who recently returned from a very enjoyable vacation with their chief point of destination the Century of Progress, Chicago. They greatly enjoyed that wonderful exposition for several days and other sightseeings in the nation's largest city. Other places they visited were St. Louis, going through Shaw's Garden, the Zoological Park and spacious Forest park. They visited Springfield, Illinois, and the imposing tomb there of Abraham Lincoln which is a wonderful structure of marble and granite. From Chicago, they had a boat ride on Lake Michigan to the city of Milwaukee. Returning home, they came through Nashville, Tennessee, and made a stop at the Hermitage, the home of Andrew Jackson, where he is buried. Other members of the party were Miss Winnie Badell of Plano, Miss Pearle Watts, Miss Ava Hunter and Miss Mary Sue Keith, all of Fort Worth. All of these young ladies, with the exception of Miss Doyle, are teachers in the Fort Worth Public schools. It was a very congenial group of young women making the trip under the best of conditions with the exception of the hot weather. They encountered good roads for motoring on their entire trip. In the states of Illinois and Tennessee, good rains had fallen, greatly refreshing the country and giving them better crops than in the drouth stricken sections of the south, from which they came. After arriving back in Texas, the party spent their last night together at the hospitable big country Doyle home, near Celina.

Mrs. J. H. Hill and daughter, Miss Mae, recently returned to their home in McKinney from Sherman where they spent the summer vacation months in apartments there, while Miss Mae worked on her college degree, in Austin college. Miss Mae is a teacher in the McKinney Public schools.

WHEAT GROWERS IN COUNTY WILL BE PERMITTED TO PLANT 90 PER CENT CONTRACTED ACREAGE IN '35

Edgar H. Bush, secretary-treasurer of the Wheat Production Control association, of this city, is in receipt of a wire from Geo. E. Farrell, chief of the wheat section, of Washington, D. C., giving details of wheat reduction for the 1935 harvest. The reduction will be ten per cent of average acreage shown on contract. This applies to all members of the Collin county wheat production control association.

The telegram sent first to O. B. Martin, at College Station, follows:

Wash., D. C., Aug. 23, 1934.
O. B. Martin,
State Extension Director,
College Station, Tex.

Re nineteen thirty-five wheat acreage of contract signers: It will be announced tonight or tomorrow that signers will be permitted planting ninety per cent of base acreage. The contracted acreage will be ten per cent instead of fifteen as tentatively announced in July.

FUNERAL HELD FOR MRS. MARY C. STUBBLEFIELD

Mrs. Mary C. Stubblefield, aged 63, died in the City hospital here Sunday afternoon, September 9, at 1:40 o'clock after three weeks illness. The deceased was a native of this county. She resided in the Walnut Grove community, and had been a member of the Methodist church at Rhea Mills since choldhood. She was a daughter of the late Jermiah and Rufa Martin, being Miss Mary Caroline Martin before her marriage.

She was married to David Richard Stubblefield, forty-five years ago. She is survived by five children as follows: Mrs. Myrtle Giddens, Raymond Stubblefield, both of Dallas; Mrs. Velma Wallen, Paschal Stubblefield, both of Plainview and Mrs. Siozelle Lindsley of Rhea Mills. Three children preceded her in death. They were Hogan Stubblefield, aged 20, who died in Corsicana a few years ago, and Jerry and Rosa, who died in infancy.

Five brothers and sisters also survive as follows: Mrs. W. B. Chapman, Prosper; Rev. G. B. Martin, Courtney, Okla.; R. C. Martin, Bloomdale; Mrs. J. M. Craft, Douglas, Texas, and T. A. Martin, Fort Worth. Seven grandchildren survive. They are: Chester Wallen, Inez Wallen, Dorothy Wallen, all of Plainview; Jackie, Betty and Patty Lynn and Bobby Stubblefield, of Plainview.

Funeral services were held last (Monday) afternoon at 4 o'clock at the Rhea Mills Methodist church, conducted by Rev. Porter of Fort Worth and Rev. Morgan of Rhea Mills. Interment followed in the Wear cemetery under the direction of the Harris Funeral home of this city.

Active pallbearers were: Joe Chapman, Harold Chapman, Barto Chapman, Ernest Martin, Harold Martin and Wesley Horn.

Mrs. Bailey, wife of District-Clerk-Elect Tom L. Bailey, left Saturday for Ralls, West Texas, for a several weeks visit to her son-in-law and daughter, Rev. Uel Crosby and wife. Tom is already complaining about it being so lonesome around home now, and says that he never was fond of batching anyway.

Mr. and Mrs. Jesse Bull of the Woodlawn community were in McKinney Saturday. Mrs. Bull has been improving after her surgical operation of several months ago. Mr. and Mrs. Bull have lived in the Woodlawn community for a number of years. Mr. Bull is recognized as a substantial farmer.

CHILDREN'S TEXTILE EXHIBIT THIS YEAR

Mrs. Henry E. Morgan superintendent o the Textile Department of the Collin County Free fair, to be held in McKinney, beginning September 24, is ably assisted in her Department by Mrs. Lula Robinson. This is the third year that Mrs. Morgan says she has had her valuable assistance.

The Textile Department is one of the most interesting to all the women of our city and county connected with our great county fair exposition every year. It should be bigger and better, this year, than ever. The classes and premiums have appeared already in these columns.

Mrs. Morgan also calls attention to the children's exhibit in the Textile Department. These exhibits will be for competition by children under twelve years of age. Cash and ribbon premiums are offered to the little children for such articles of their own make as handkerchiefs, dresses, towels, buffet sets, dresser scarfs and collection (four) tea towels.

The children's exhibit is always one of the most interesting connected with the Textile Department, so says Mrs. Morgan.

New crop Crystal Wax onion seed from Dorta of the Teneriffe Islands are being offered for sale through the advertising columns of the Daily Courier-Gazette and the Weekly Democrat-Gazette by the Collin County Seed Co., G. C. Walters and C. E. Melton, proprietors. They are also advertising for sale new crop turnip seed, mustard, letuce, spinach, rye, grass, burr clover, black medic, lespedeza, wheat and barley. The Collin County Seed Co. have been operating several years during which time they have won high standards throughout the city and county for high grade seed of all kinds carried in stock and for their dependability of their representations.

B. A. Marcom of the McKinney Dry Goods Co. and wife had a family reunion at their hopitable home on North College street, Sunday, at which the sister and two brothers of Mr. Marcom were present, as follows: Mrs. Dick Bartlett of Celeste, Luther Marcom of Leonard and Roy Marcom, cashier of one of the leading banks at Marshall, Texas, and wife. Miss Lorene Stuckley of Leonard, a niece of the Messrs. Marcom, was also present.

DALLAS TO BE CENTENNIAL CITY IN 1936

Dallas will be the Centennial city of Texas in 1936 when Texas has grown to be 100 years of age.

Representative men and women of the state, forming the Texas Centennial commission, made that decision in Austin Sunday. A group of Dallas citizens headed by R. L. Thornton, president of the chamber of commerce, in humility of spirit and with the determination that characterized their bid for the central celebration, accepted the mandate of the commission and promised Dallas will not fail.

Harry Benge Crozier, Dallas News correspondent, wrote in Monday's News as follows:

⁂

Given Unanimous Vote.

Dallas lost the decision on the first ballot by a single vote, and it was indicated that vote was a proxy. Twenty-seven ballots were cast. On the first, Dallas won 13, Houston 8 and San Antonio 6. Houston held its 8 ballots on the second vote, but San Antonio dropped to 3 and Dallas rose to 16, to win by the deciding majority of 16 to 11. The commission then gave Dallas unanimous vote. vote.

It was manifest from the beginning Sunday that Dallas has made the best offer.

⁂

Vanquished Are Magnanimous.

When the decision had been made and Chairman Thomas had announced Dallas was the choice, there were expressions from victors and vanquished. The victors were humble and gave evidence of their feeling of responsibility. The vanquished were magnanimous and pledged themselves to whole-hearted co-operation.

"Until the ballots were taken I was for Houston," former Gov. W. P. Hobby told the commission. "But now that a designation has been made I am for Texas and the Texas Centennial."

Mayor Oscar F. Holcombe of Houston, Herman H. Ochs of San Antonio, Tom Flaxmen of Houston, who has been earnestly devoted to the enterprise; former Gov. Pat M. Neff and Lieut. Gov. Edgar E. Witt made similar pledges of co-operation.

It was made clear in corridor conversation that Dallas had won the central celebration because it had made the best bid; because it offered the best physical equipment for such an exposition; because for the world at large it offered the best geographical location; and because it was evident that Dallas is ready to proceed on the enterprise.

In cold figures the bids of the cities stood in this fashion: Dallas, $7,971,000; Houston, $6,507,000; San Antonio, $5,000,000.

All of the cities had land considerations that in all essentials were more or less the same.

DAUGHTER LATE HILARY BALL DALLAS BRIDE

A marriage of local interest was that, Sunday morning, of Miss Kathryn Ball and John M. Wells, both of Austin, which occurred at the home of the bride's uncle and aunt, Mr. and Mrs. Ben C. Ball, 5426 Vanderbilt, Dallas. Rev. Thomas Holloway Jr. officiated. Following a wedding trip to South Texas, the couple will reside in Austin.

The bride was given in marriage by her uncle, Ben Ball, while Hilary S. Ball, brother of the bride, attended Mr. Wells. Mrs. S. J. Tomlinson played the wedding music. Breakfast was served following the wedding ceremony.

The bride is a member of a well-known and prominent Collin county family. She is the daughter of the late Hilary Ball, who was a step-son of Mrs. Etta Ball. The latter was a sister of Jim and Walter Wiley both of this city, and a daughter of the late Dr. T. W. Wiley. The bride's uncles, Ben and Henry Ball, both associated with big Dallas banks, are also former residents of McKinney where they lived during their childhood, and were delivery boys for the Daily Courier-Gazette in their public schools days. A number of relatives of the Ball family still reside in this city and county.

Jerry B. Strickling, sophomore student at Texas Tech, who has been in McKinney for a week or two on a vacation with his father, J. B. Strickling, underwent an operation for the removal of his tonsils this week. He is slowly recovering.

Mrs. Dr. D. F. Houston and daughter, Miss Martha Bea, are at home from a two or three days' visit to Dr. J. A. Old and wife, at Terrell, where Dr. Old is pastor of the First Methodist church. He was formerly pastor of the First Methodist church here at McKinney for four years and a near neighbor and intimate friend of the Houstons.

PROGRAMS FOR HORSE SHOW ARE OFF THE PRESS

Programs for the Collin County Horse show, to be held in conjunction with the Collin County Free fair during the last three nights of that event, September 25, 26 and 27, were in the hands of horse show officials and ready for distribution at noon today (Monday). The programs, printed by the job department of the Daily Courier-Gazette and the Weekly Democrat-Gazette, are interesting and will be a great help to those attending the show.

Anyone interested in securing one of these programs is urged to do so from a member of the program committee, consisting of Joe H. Wilcox, Miss Laura Heard, A. H. Eubanks, R. T. Newsome, Tom M. Scott and Ed Cashon.

Tom M. Scott, secretary of the show, states that entries are still coming in thick and fast for the show, which is expected to be one of the most outstanding ever held in the Southwest.

MEMBER TEXAS SCHOOL GOVERNING BODY VISITS HERE

McKinney had a prominent visitor Friday in educational circles in the person of Ernest Alexander of Fort Worth, who was here conferring with Prof. Jack R. Ryan, superintendent of McKinney Public schools, who is also chairman of the Texas State Textbook commission.

Mr. Alexander is a well posted man on statewide educational matters although a business man. He told this editor that McKinney doesn't really know how fortunate she is to have a man like Prof. Ryan at the head of our public schools.

He stated that Prof. Ryan without any solicitation on his part or any friend, was appointed to the State Textbook commission, strictly on his merit and record as a school man and executive.

According to the Texas Almanac of 1933, the State Board of Education is composed of: President Nat M. Washer, San Antonio; Mrs. Noyes D. Smith, Austin; Ernest Alexander, Fort Worth; Tom Garrard, Lubbock; J. Q. Guleke, Amarillo; F. L. Henderson, Bryan; Mrs. J. E. Watkins, Henderson and W. A. Morrison, Cameron.

KENTUCKY HORSE AUTHORITY WILL JUDGE LOCAL SHOW

W. K. (Luther) Crabb of Bowling Green, Kentucky, a judge in the world-famous Louisville, Kentucky, horse show for the past three years has been secured to judge the horses in the Collin County Horse show, one of the best in the Southwest, to be held in connection with the Collin County Free fair here, during the latter part of this month.

This is quite an honor for the local horse show and proves that the officials are sparing no effort to make the show the best in the southwest. Mr. Crabb is an outstanding horseman and one of the best horse show judges in the nation.

The horse show this year, in all probability, will outdistance those held here in past years. Crowds ranging into the thousands are expected each night with entries from five or six southwestern states expected.

There will be no show the first night of the fair. Tuesday night will be Collin county night while Wednesday and Thursday competition will be open to everyone.

Officials of the horse show this year are: A. H. Eubanks, president fair and horse show; Joe H. Wilcox, superintendent of horse show; Tom M. Scott, secretary; Ed Cashon, assistant superintendent; R. F. Newsome, treasurer; W. P. Abernathy, assistant secretary; Sheriff G. J. S. Walker, ring marshal; Mr. and Mrs. Jud Henderson, in charge of Collin county night.

G. P. Berry, head of the Dickerson & Berry dry goods store, at Allen, was a business visitor at the Daily Courier-Gazette and Weekly Democrat-Gazette office, Saturday. His firm has been in business at Allen for the past eighteen years. His partner, Mr. Dickerson, died November 25, last year, but the business continues under the same firm name. G. P. Berry is the father of Miss Imogen Berry, head of the Spanish department of the Boyd High school, this city.

Firman Walters, whose father and mother live about ten miles north of McKinney, and wife are living in St. Louis, where he holds a position with a big clothing establishment. His wife was formerly Miss Annie Katherine Bristol, daughter of Mr. and Mrs.

M'KINNEY MAN MEETS DEATH IN HIGHWAY ACCIDENT

Jim Bass of McKinney and Ritch Hinsley of Paris, Texas, but formerly of this county, were killed early last Monday morning when the empty truck in which they were traveling to Arkansas was involved in a highway accident near Texarkana. Bass was killed instantly, while Hinsley lived for some time after the accident. They were traveling with Dudley Bunch, also af Paris, a friend, Mr. Bass going along as he was on a visit to Hinsley, his brother-in-law.

This information was telephoned to Bill Proctor, employe of Bullock's Service station in McKinney, about 4:00 o'clock Monday morning. Mr. Proctor's wife is a half-sister of Mr. Bass, who was also a half-brother of Mrs. Bob Scott of McKinney and Mrs. Jack Jetton of Westminster.

Mr. Bass is survived by a brother, Abbet Bass, 1311 North College street; by four children, Everett Bass of Paris, 22; a married daughter at Chambersville, in this county; Miss Vinnie Bass, residing with Mrs. Bob Scott; and Preston Bass, 17, residing with Abbett Bass in this city. His wife had been dead for eight years.

Ritch Hinsley is survived by his wife and several children, all of Paris, Texas. The family formerly lived in Collin county, residing three or four miles north of the city on the Don O. Davis place.

It is believed that the trio, which left Paris Sunday afternon, were on their way to Arkansas in search of employment.

The Batson Bookstore, Miss Mary Batson, proprietor, located on North Kentucky street, is advertising through the columns of this paper its stock of school supplies of every kind, including theme tablets, composition books, spelling tablets, fillers, drawing tablets, pens, ink, pencils, fountain pens, ofifce supplies, magazines, cards of every kind, etc. This bookstore has just received a complete line of Montag stationery. It also sells the J. R. Watkins products. Your patronage is solicited and will be highly appreciated.

Wade Biggers and H. C. Myrick have gone to Arkansas on business.

Monday morning dawned slightly cloudy with a good, cool breeze and pleasant temperature prevailing. This accentuated the youthful zeal and energy of our more than 2,000 pupils, responding to school duties on the first day of the new 1934-35 term. Teachers were all present, ready and anxious to begin their year's work with renewed energy and prospects of a very successful school term head of them.

25 YEARS AGO IN M'KINNEY

FROM THE FILES OF THE DAILY COURIER-GAZETTE

(September 9, 1909.)

Mrs. W. E. Marshall is at home from a four weeks buying stay in New York City for her fall millinery stock.

A Crystal White Soap demonstration is in progress today at the grocery store of Price Stiff, "The Provider of Everything Good to Eat."

W. C. Burrus and wife have returned home after spending the hot summer season in Colorado around Manitou Springs and Colorado Springs. En route home, they visited West Texas relatives.

Dr. Gregory, superintendent of the State Insane Asylum at Terrell, and County Judge John Church of this city spoke last night before the Collin County Baptist association at Westminster.

Dr. R. A. Whitaker & Son, purchased the City Drug store recently from R. E. Bristol, opened their business career in McKinney this morning. John S. Bristol for more than twelve years with the City Drug Store remains with the new concern.

Eld. R. C. Horn of Vineland will preach at Alla church, Roseland, next Sunday morning and Sunday night. His pulpit at the Vineland church will be supplied on these occasions by Rev. Hugh McClellan, a former McKinney lawyer now a minister of the Christian church.

Uncle Clint Haggard and wife, nee Kite Lunsford, were married, September 1, 1859. They celebrated their fiftieth wedding anniversary on September 1, this year (1909). This issue of the Daily Courier-Gazette has an extended write-up of their anniversary and life by Eld. R. C. Horn of McKinney. This dear old pioneer Collin county couple live on their big farm near Plano.

HOUSING PROGRAM TO BE DISCUSSED.

Hubert M. Harrison, vice-president and general manager of the East Texas Chamber of Commerce, has issued the following statement from the organization's headquarters, at Longview, relative to the McKinney District No. 1, September 13. Mr. Harrison says:

The Federal Housing Program and the pending amendments to the Texas Constitution will be the principal subjects for discussion at our District 1 one-day convention to be held at McKinney, Thursday, September 13, 11 a. m., at the Country Club, to which this is your invitation.

Good fellowship will relieve the serious business of the meeting. You will have a splendid opportunity to renew your many friendships with other East Texas leaders. An open air barbecue will be served at the noon hour with each person paying for his own meal. We suggest you bring your wife with you.

Is this Federal Housing Program a good thing for your community? How can we make the best use of it? What are the terms of the loans? How are we going to get property owners interested? Will the local banks cooperate? These are the questions that we believe will be answered to your satisfaction.

Are you familiar with the proposed changes in the Texas Constitution which you will vote on this fall? Here are some of the amendments: Abolition of the fee system of compensating district and county officials. Limiting the collection of State revenue and likewise State expenditures in each biennium to $22.50 per capita. Reorganization of county government. Merging of counties. Our district convention will help inform you on the merits of those proposals.

The whole recovery program to date will be reviewed and summerized with plenty of opportunity for round table discussion.

We know you are interseted in the work of the East Texas Chamber of Commerce. Your support in the past has shown that. We ask for your further help by your own attendance at our McKinney meeting and your urging others of our members and friends to attend.

Are you familiar with the McKinney brand of hospitality? If you are, you know that you will be well taken care of.

President Franklin D. Roosevelt's "New Deal" administration is doing no more practical good in any other line than in rehabilitating farm tenant houses. About 200 in the rural districts of Collin county alone are to be repaired and made more livable for their occupants. When finished, these houses will be screened, thus protecting their occupants against the mosquito pest that cause malaria and other intestinal diseases. Sanitary pit toilets will also be built and the family water supply safeguarded against contamination. H. B. Bickers, county relief administrator, with headquarters in McKinney, is the local agency through which Federal aid in rehabilitating these farm homes is being done in Collin county. This will not be an outright gift. It is in the form of a Federal loan at a low rate of interest that must be repaid in a reasonable period of time. Our rural population is being thought of, assisted and bettered under this new Federal regime and procedure that it is without precedent in all the annals of the past of this great American republic.

One of McKinney's most important industrial manufacturing concerns is the Collin County Mill & Elevator Co., Gibson Caldwell, president and general manager. The mill products of this big manufacturing concern are shipped all over the state and most of the other states as well and also and a considerable amount of its flour is exported to various foreign countries. Such enterprises as the Collin County Mill & Elevator Co. keep our city on the map by giving employment to many people, affording a market to farmers for their wheat and oats and bringing in new money from many parts of the world.

More than 1,000 fine horses will be cared for in the racing stalls of the Texas State Fair, at Dallas, October 6-21. These will participate in seven daily racing events for the nineteen days duration of the fair. The race meet will extend one week beyond the regular date of the state fair. Horses, which will participate in the charity horse show to be held Friday, Saturday and Sunday, October 19, 20 and 21, will also be shown during the exhibition.

The agricultural exhibits at the Collin County Free fair to be held in McKinney, September 24, 25, 26 and 27, should be the best in history. They always form the backbone of the famous free fair exhibitions, here. This year Collin farmers are taking even more interest than usual in this phase of the fair, and we can look, despite the drouth, for some splendid exhibits of farm products of Collin county—of which there is a wide variety.

We live in a strictly agricultural section of the state. Remember this that unless farmers can prosper, no other line of industry or business can thrive.

The farmers of Collin county are today in better shape than they have been for the past four years. This fall, they should find themselves still better off economically. They have made only fairly good crops this year but better markets have prevailed. Therefore, we should expect a larger attendance from the rural sections at the Collin County Free fair, at McKinney, September 24, 25, 26 and 27.

Another Collin county citizen, A. L. Carpenter, of Farmersville, is suffering from injuries inflicted by an infuriated bull. Just a few weeks ago a prominent farm owner of McKinney was fatally injured by a bull on his farm near Allen. Never take a change with a surly. They are treacherous even if they appear to be docile at the time.

The Seventeenth Annual Collin County Free fair to be held at McKinney, September 24, 25, 26 and 27, promises to be a decided success. Prepare now to attend. It is a free fair that charges no admission fee whatsoever. Come and bring along some exhibits. Bring all the family.

Hoover Bros., farmers in Troy Township, near Chardon, Ohio, have just dug 428 bushels of Irish cobblers from a single acre. If they had not suffered from drouth, their potato yield would have been much better.

BLUE RIDGE SCHOLL OPENS MONDAY

These editors appreciate a welcome visit given us Friday by two of our good Northeast Collin friends, Prof. Roby Fagg, superintendent, and Prof. Roy James, principal, of the Blue Ridge affiliated, eleven-grade high school, serving a large section of Northeast Collin.

Profs. Fagg and James inform us that the Blue Ridge school started their 1934-35 term of nine months Monday morning, September 10. This school, which teaches eleven grades, is affiliated with the State Department of Education, having received six credits last year for their constructive work. They are preparing to work for more units of affiliation during this term.

The Blue Ridge school starts work this fall with more equipment than ever before with which to serve that part of the county. They have added another new school bus with a fifty--student capacity, which provides them a total of two buses serving the surrounding community. These buses serve four routes, one in each direction from Blue Ridge, which is the center of a fine farming section in the Northeastern part of the county. Approximately 100 students from that section, nicluding some 65 transfers, will be picked up by the buses each day, and conveyed to and from school. These buses will serve the following communities: Pike, Dixon, Snow Hill, Whiterock, Valdasta, Desert, Moreland, Verona and Barnett.

Profs. Fagg and James inform us that the school building was overhauled this summer with two new rooms being added to care for the increased enrollment. This progressive step keeps the Blue Ridge school in the forefront in the march of progress among schools of its size, and larger.

Personnel of Faculty.

The personnel of the Blue Ridge school faculty is composed of the following teachers. All high school teachers have degrees. The faculty and their teaching subjects follow:

Prof. Roby Fagg, superintendent, Mathematics.

Prof. Roy James, principal, Latin, history, civics.

Prof. Rex Manning, Science.

Miss Rebecca Graves, of McKinney, English.

Miss Willie Drain, history.

Mrs. M. W. Fagg, fifth and sixth grades.

Miss Opal Mize, third and fourth grades.

Miss Linnia Mai Press, first and second grades.

In response to queries of these editors in regard to the athletic outlook there, Profs. Fagg and James declared that both their boys' and girls' basketball teams appear to be of championship material this year, possibly even stronger than in their past season. Blue Ridge boys were Class B county champions and pushed the bi-district champions, the McKinney High Lions, to the limit in the county play-off while the girls won fourth place honor in the state tournament with over thirty-five teams competing. The girls' team appears to have state championship material and may gain that coveted honor this season.

Prof. Fagg coaches the boys' team and Prof. James, the girls.

Prof. J. T. (Doe) Rollins, head of the vocational agriculture department of the McKinney High school, and recognized as one of the outstanding farm leaders and agriculturists of the county, tells these editors that the cotton crop in the eastern part of the county, this season, will be fair. The crop in that section will be better than in most other sections due to the fact that a nice rain fell there during the drouth, totalling nearly two inches. This was on the same day that McKinney and vicinity received only half an inch shower. Even as high as a bale to every four acres may be expected in some localities in that section according to Prof. Rollins.

25 YEARS AGO IN M'KINNEY

FROM THE FILES OF THE DAILY COURIER-GAZETTE

(September 8, 1909.)

Tom Chambliss is out after a twenty-five days siege of typhoid fever.

Rev. W. E. Kirby of Princeton was a business caller at our office today.

Sovereign A. M. Neel is back from a meeting with the Woodman Camp, at Farmersville. That camp is in a flourishing condition.

The First National bank gave away hundreds of nice tin cups stamped with their ad on the inside bottom. They were given to school children yesterday morning.

J. B. Culwell has been assisting County Tax Assessor I. E. Reeves in the latter's office for several weeks. Mr. Culwell intends to go to Austin right away to re-enter the State university.

Miss Ella Hintz has returned to her home at Bunker Hill, Illinois, after a three weeks' visit at the home of Senator Tom W Perkins in McKinney. She made many good friends in our city.

Misses Bessie Crouch and Patsy Hughes of this city and Miss Alice Keetin of Stamford, who has been visiting here, all went to Westminster today to assume their duties as members on the faculty of the North Texas Baptist Academy for the ensuing year.

19-Year-Old Boy Anxious To Attend School

Beaver Chandler, nineteen-year-old son of G. C. Chandler of the Bowlby community, is anxious to find a place to work in our city for his board and lodging so that he can continue in the Boyd High school, this being his senior year. He is very anxious to complete the course and get his high school diploma. Crops were so bad with his father, that his parents are not able financially to send him. Beaver is an industrious youth, raised to work anywhere on the farm and is handy about the house, the farm or as a safe driver for any kind of an auto. If anyone is interested in this kind of household help that he would like to do a good turn for a worthy boy to help him in his laudable ambition to complete his high school course, you may communicate with him at once.

Prof. John Hugh Hill, head of the History department of the Marshal, Texas, college, recently returned from a summer vacation spent by himself and wife in California. Prof. Hill spent most of his vacation working on his Doctor's degree in the California State university, at Berkeley. He is the son of the late Prof. John Hugh Hill Sr. of McKinney, who served two terms as County Superintendent of Public Schools of Collin county, and then served for about fifteen years as superintendent of McKinney Public schools. The mother and sister of Prof. John Hugh Hill Jr. still make their home in McKinney here where his sister, Miss Mae Hill, is one of our city's school teachers.

Mrs. Ray Harris and attractive daughter, Miss Jeannette, have gone to Houston to spend the week-end.

Sure Relief for Malaria!

Don't try homemade treatments or newfangled remedies! Take that good old Grove's Tasteless Chill Tonic. Soon you will be yourself again, for Grove's Tasteless Chill Tonic not only relieves the symptoms of Malaria, but destroys the infection itself.

The tasteless quinine in Grove's Tasteless Chill Tonic kills the Malarial infection in the blood while the iron it contains builds up the blood to overcome the effects of the disease and fortify against further attack. The twofold effect is absolutely necessary to the overcoming of Malaria. Besides being a dependable remedy for Malaria, Grove's Tasteless Chill Tonic is also an excellent tonic of general use. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle today at any store. Now two sizes—50c and $1. The $1 size contains 2½ times as much as the 50c size and gives you 25% more for your money.

FORMER M'KINNEY DRUGGIST BROUGHT HERE INTERMENT

DR. R. A. WHITAKER OPERATED OLD CITY DRUG STORE

DR. R. A. WHITAKER

Blood poisoning caused the death of Dr. R. A. Whitaker Friday evening, September 7, in Baylor hospital. The deceased, who was a drug store owner and operator in McKinney for ten or twelve years, cut his foot accidentally and blood poisoning resulted. One of his limbs was amputated above the knee in an effort to save his life but without avail.

Funeral services were held at 4:00 o'clock this (Saturday) evening in the chapel of the Isaac Crouch Funeral home in McKinney with interment following in the Whitaker burying plot in Pecan Grove cemetery, this city.

Active pallbearers: James H. Merritt, Alfred J. Allen, Roy Kirkpatrick, Henry W. Warden, all of McKinney; C. D. Fine and Dr. Darbandt, both of Dallas.

Dr. Whitaker bought the City Drug store from R. E. Bristol, located on the south side of the McKinney public suqare, just twenty-five years ago, and moved to McKinney with his family. A son, who was also a pharmacist, died in McKinney while associated with his father in the ownership and conduct of the City Drug store, which was operated on the South Side of the public square here under the combined ownerships of Mr. Bristol and the Whitaker's for a period of twenty-five or thirty years. While here, young Mr. Whitaker died and was buried in Pecan Grove cemetery. His wife died, December 2, 1929, and her remains were also brought to McKinney for interment.

Dr. R. A. Whitaker was born in Bell Buckle, Tennessee, November 9, 1859. He was at death 74 years, 9 months and 28 days old. He was the son of F. R. and Betty (Thomas) Whitaker. He was a member of the Baptist church and resided at 3426 Potomac street, Dallas. He was educated in the literary and medical schools of Tennessee and Texas.

Dr. Whitaker is survived by a daughter, Miss Martha Whitaker, who lived with him, and by two brothers and two sisters, as follows: Hilary Whitaker of Eufaula, Oklahoma; Eugene Whitaker of Bell Buckle, Tennessee; Mrs. Joseph Epey of Bell Buckle and Mrs. Betty Chilcoat of Childress, Texas.

* * *

Funeral services for the late Dr. R. A. Whitaker of Dallas were conducted in the Isaac Crouch Funeral home at 4:00 o'clock Saturday afternoon, September 8, by a Christian Science reader of Dallas. Services were concluded at the graveside in Pecan Grove cemetery where the body was laid to rest by the side of the grave of his wife who preceded him in death nearly five years ago.

Dr. Whitaker died at his home in Dallas, Friday, where he had lived for several years. He came to McKinney twenty-five years ago, buying the old City Drug store from R. E. Bristol, which he conducted for twelve or fifteen years.

Four of the six pallbearers were Jas. H. Merritt, Alfred J. Allen, Roy Kirkpatrick and Henry W. Warden.

The deceased is survived by one child, Miss Martha Whitaker, who lives at the family home with him in Dallas.

FIRST COTTON CERTIFICATES WILL BE ISSUED ON MONDAY SEPT. 17, IN COLLIN COUNTY

Collin county farmers can expect to start receiving their permanent cotton sale certificates under the allotments of the Bankhead Act by Monday, September 17, according to County Farm Agent Jack P. McCullough, head of the work in this county.

Agent McCullough returned from his second trip to the Bankhead Act review headquarters, at College Station, Friday, with the assurances of officials there that the permanent certificates will be in McKinney on Wednesday, September 13, or Thursday, September 13.

However, Agent McCullough says that after they arrive, he and his office force will have considerable checking and re-checking to do on these certificates, and several thousand letters to mail out, informing farmers of their arrival. Therefore, he believes it will be at least Monday following before he can start passing out the certificates.

It was necessary for cotton officials of the county headed by Mr. McCullough to make two trips to College Station preparatory to these certificates being sent, and they will leave tomorrow (Sunday) on another visit to the headquarters, there, for further consultation.

Corrections have to be made in many of the individual reports, entailing considerable time and difficulty. Agent McCullough expects to bring the certificates back with him, personally about Wednesday.

He says that these certificates are as valuable as money and urges the farmer to guard them as carefully as possible. A lost certificate means the loss of that much cotton in that the farmer must pay an extra heavy tax to have the bale ginned.

He urges farmers of the county to hang onto these certificates for dear life since many reports have come to College Station from counties already served stating that farmers have lost certificates and are asking for duplicates. No duplicates have been or will be isued. The loss of the certificates practically means the loss of the cotton and resulting profit to the farmer.

WHY PROCRASTINATE? NOW'S TIME.

ENTHUSIASTIC FAIR TRIP MADE THURSDAY NIGHT

The most successful and enthusiastic fair trip in the history of these itineraries, in the interest of the Collin County Free fair, was made through the North and Northeastern sections of the county Thursday night, under the sponsorship of the McKinney Junior Chamber of Commerce. At all stops the fair boosters were greeted by good-sized, enthusiastic crowds, anxious to hear about the fair from those on the trip.

Much of the credit for the success of the trip goes to Choice McClure, chairman of the transportation committee, who had everything arranged for the successful itinerary. A large number of well filled cars were in the caravan, which carried the message of the seventeenth annual Collin County Free fair, to be held in McKinney, September 24, 25, 26 and 27.

At Melissa, the trippers were served punch by the livewire citizenship of that community, while at Blue Ridge they were guests of the community fair and the largest crowd that they mingled with during the evening. The Blue Ridge fair is very successful this year, and a large attendance from that section is expected at the county exposition here later on this month.

Hon. Roland Boyd, Speaker.

Hon. Roland Boyd, young McKinney attorney, made splendid addresses at each of the four towns visited. He is a prominent young McKinney attorney who made splendid addresses in the interest of the big fair here.

Jaycee Band Plays.

The McKinney Junior Chamber of Commerce band, directed by Prof. Ralph E. Frazier, proved popular at every place visited. They are improving wonderfully in their playing, their spirited music putting everyone in a receptive mood for the fair message. This band is adding much to the success of the fair trips.

Hon. W. P. (Billy) Abernathy, well-known young McKinney attorney, is chairman of the speakers' committee. He and his committee will provide speakers for each itinerary.

Louis Scott Wilkerson of Austin is visiting his grandmother, Mrs. L. A. Scott.

Henry E. Morgan is in Dallas for a few days assisting his son, Henry E. Morgan Jr., in the operation of the latter's filling station and garage located at the corner of Knox and McKinney streets in that city.

25 YEARS AGO IN M'KINNEY

FROM THE FILES OF THE DAILY COURIER-GAZETTE

(September 6, 1909.)

Miss Jennie Lewis is visiting Princeton relatives.

Joe Anthony, former McKinney merchant, spent Sunday visiting relatives here. He is with a big Fort Worth Dry Goors store.

Miss Elsie ePrkins has returned from a visit to Sherman, where she visited her cousin, Miss Maude McKinstry.

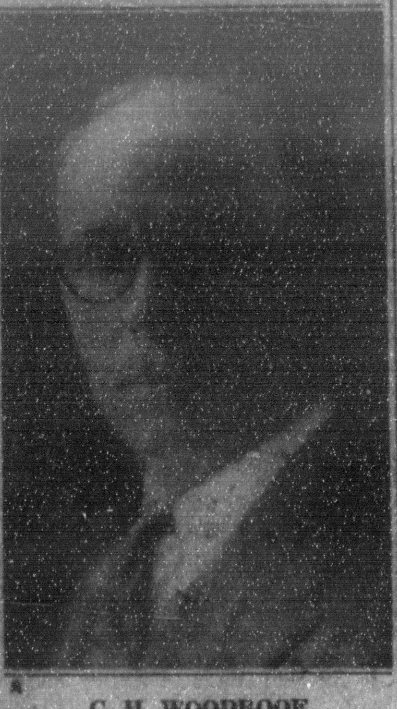
John Jeter, mail carrier out of Weston, is in McKinney today. He owns a good two-story residence in South McKinney.

Mrs. T. L. Webb of Roland has returned from Shawnee, Oklahoma, where she visited her daughter, Mrs. V. V. Jones, and family.

Mrs. Johnnie Slater of Shawnee, Oklahoma, was in McKinney today and gave our office a call. She has been visiting relatives at Climax and Pilot Point. She was for a number of years our correspondent at White's Grove and other places before moving from our county and state.

City Public schools opened this morning at 9:00 o'clock. Superintendent J. H. Hill made an interesting talk. There were large attendances also at the Central and South Ward schools. A. K. King is principal of the Central building and Guy Parris is principal of the South ward. The three colored teachers are E. S. Doty, Annie Lindsey and M. Wilson. Mrs. Effie Miller's primary school reopened this morning with a large attendance. Miss Mamie B. Dowell opened her studios for instruction in oratory and physical training today at the high school

New Pastor



C. H. WOODROOF
Pastor Church of Christ.

NEW M'KINNEY PASTOR BEING GLADLY WELCOMED

A most welcome visit was received Friday by the Daily Courier-Gazette and Weekly Democrat-Gazette editors and force from S. H. Woodroof, new pastor of the Wilcox Street Church of Chirst, who was accompanied by Prof. F. M. Scott, principal of the J. L. Greer school of our city. Prof Scott is himself a licensed minister and has been supplying the Wilcox Street church pulpit until the coming of Mr. Woodroof.

The latter is a native of Nashville, Tennessee, but for the past six years has been pastor at Obion, Tennessee, from which place he came to McKinney.

Mr. Woodroof was educated at the David Lipscom college, Nashville, Tennessee, and is highly recommended as an able pulpit speaker and effective pastor. His family are already here, consisting of his wife and three children—Dan, Betty and Jimmie. The older children will be in school when the term opens Sept. 10.

Mr. Woodroof began his ministry in McKinney at the 11:00 o'clock service Sunday, September 2, and also preached at the evening hour to a large congregation. His Wednesday night prayer and praise service was also largely attended. He is a man of splendid personality whom his congregation feels will be a spiritual leader under whom their church work will greatly prosper.

The parents of Mrs. Woodroof live in Dallas, hence she and her husband welcomed the opportunity of also moving out here to Texas.

Doctor Announces Finding Infantile Paralysis Vaccine

Discovery of an apparently effective infantile paralysis vaccine was announced to 3,000 delegates and lay members Thursday at the closing session of the American Public Health association convention at Pasadena, California.

Dr. Maurice Brodie of the New York City health department described recent experiments with the poliomyelitis vaccine which apparently has proved successful on a group of human volunteers.

"After experimenting with monkeys," he said, "we learned the vaccine we developd could be administered with safety to human beings."

COLLIN COUNTY CONVICT GETS CONDITIONAL PARDON

Gov. Miriam A. Ferguson Friday issued two conditional pardons and two general paroles to Texas convicts.

Conditional pardon was granted William Franklin Vaughan, Collin county, November, 1932, murder, six years.

Jimmie Cantrell, who has just returned from a couple of months' vacation spent in Philadelphia, tells us that Al Chandler Smith, son of Editor and Mrs. J. Frank Smith of this city, has an excellent position in the laboratories of the Gulf Oil Co., in Philadelphia, and is making good on the job. Al Chandler was reared in McKinney where he has a host of friends and relatives. He is in the same laboratory with Troy L. Cantrell, who has been a chemist with the Gulf Oil people for six or seven years. Troy is a son of Mr. and Mrs. O. L. Cantrell of McKinney and a brother of Jimmie Cantrell. Troy's wife was formerly Miss Eleanor Kindle, daughter of Mrs. George B. Kindle, of this city. Al Chandler Smith left McKinney for Philadelphia a little less than two months ago.

Some fall gardens and turnip patches have been planted and sown since the nearly two-inch rain fell in this county about a week ago. The Agricultural Department of the Federal Government and Extension Department of the Texas A. & M. college are both urging the planting of fall gardens and fall feed crops. Wheat, barley and rye seeding will also commence now by Col-

ANSWERS TO QUESTIONS ON THE NEW FEDERAL HOME MODERNIZATION PLAN

1—What is the Housing Administration Program?

Government aid to modernize and repair homes, to stimulate building trades and heavy industries—to loosen private capital.

2—How Will It Operate?

By modernizing 16,500,000 homes and buildings now in need of repair, will give work, aid steel, lumber, hardware, cement, copper, brick, machinery and other industries. Later, through mortgages will enable private capital to make insured loans for new construction and refinance existing mortgages.

3—Who Is Eligible for Loans?

"Any property owner, individual, partnership, or corporation with a regular income from salary, commissions, business or other assured source." Loans will be made largely on "character" basis without co-makers or indorsers.

4—How Much Can Be Borrowed?

From $100 to $2,000, depending on the income.

5—Where Can The Money Be Borrowed?

From any National, State, or Industrial Bank, Trust or Finance Companies approved by the Housing Administration.

6—What Kind of Property is Eligible for Loans?

One and two-family residences, apartment buildings, stores, office buildings, factories, warehouses and farm buildings.

7—What Security Is Necessary?

Income of the signers of note must be five times the annual payments. Mortgages, if any, must be in good order and no past due liens. Assurance must be given that money will be used only for improvement. Good community reputation is necessary.

8—Is A Mortgage Necessary?

No, only the promissory note. Insurance by the government provided in the Housing Bill makes them unnecessary.

9—What Signatures Are Necessary?

Only that of the property owner, and wife or husband, if married, except in special cases.

10—How Long Can Be Taken To Repay?

From one to three years. (Three to five year notes may be made with special arrangements.)

11—How Are Payments To Be Made?

Regular monthly (or seasonal) payments. Prepayments, and more than required payments can be made.

12—Where?

At the place of business with whom the loan has been made, NOT to any government office.

13—Who Governs Loans?

The local institution. The loans are primarily local with private capital. The government only acts as an agent to protect the banks against loss.

14—What Does This Credit Cost?

Interest and (or) discount may not be more than $5 per year per $100.

15—Can Present Mortgages Be Refinanced?

Yes, Administration expects to be ready on this phase by Oct. 1 at latest.

16—Will Labor Benefit?

Direct and indirect benefit to 5,000,000 wage earners is expected to be felt soon, not only in actual repair and construction, but in allied industries. Act has been hopefully called "Big Bertha of Recovery."

H. C. Myrick and Wade Biggers have returned from a business trip to Fayetteville, Ark.

Mrs. W. K. Penn and little son, W. K. Jr., have returned from a two weeks' visit to their sister and aunt, Mrs. Fred Meisenheider, at Gonzales, Texas.

Miss Evelyn Roberts is making her plans to enter Texas College for Women (C. I. A.), Denton, for the coming year.

Workmen are rearranging and overhauling the Heard brick building formerly occupied by Mr. and Mrs. Wade Biggers, proprietors of the Corner Cupboard, which will be completed in some ten days. The building has been leased by a Piggly-Wiggly Grocery store and will be occupied by them as soon as completed.

Prof. Fred O. Wilson, A. M., of the Sherman City Public schools, where he has been teaching for five years, was in McKinney Thursday, accompanied by his wife and pretty little baby daughter, Angeline Kincaid Wilson. They were guests in the home of his brother, Paul K. Wilson, and wife, during their brief stay here in Freds old home where he was born and reared and graduated from high school.

Mr. and Mrs. Armyn McKinney of Denison visited her parents, Mr. and Mrs. George B. Hughes in McKinney over the week-end, and also Mr. McKinney's parents, Mr. and Mrs. John B. McKinney, at their farm home, two miles north of town. Armyn is a valued employe of the district plant of the Southwestern Bell Telephone Co., at Denison.

Chas. T. Bristol of McKinney, where the bride was born, reared and educated. She taught school, last year, at Milligan, just east of McKinney.

Lambert Bristol, who is finishing up his Master's Degree at the North Texas State Teachers college, Denton, spent the week-end in McKinney with his parents, Mr. and Mrs. Chas. T. Bristol.

Permanence

The Rock of Gibraltar has stood successfully for thousands of years, combatting the elements and withstanding the storms.

This bank, too, has the qualities that give permanence.

It, too, has a long successful past, with every promise of a longer and more useful future.

Will you join with us?

COLLIN COUNTY NATIONAL BANK

McKinney, Texas

Capital and Surplus $180,000.00

Member Federal Reserve System
Deposits insured under the terms of the Banking Act of 1933.

COLLIN COTTON PRODUCTION THIS YEAR IS ESTIMATED AT ONLY 35,000 BALES

A. M. Russell, farm loan agent at McKinney for the past fifteen or sixteen years, is of the opinion that Collin county will not average more than a bale to every six acres of cotton, this year, whereas the county gathered 72,000 bales plus last year, he does not expect more than 35,000 to be ginned in Collin, this year.

Mr. Russell is looking after quite a number of farms that his loan companies have had to take over and is quite familiar, from actual observation, with real crop conditions.

The extreme heat and long summer drouth has greatly cut short the yield on the reduced acreage that the county planted in cooperation with the Triple A Federal Farm Relief program.

He expects the number of bales in the county to be at least 10,000 under the 46,000 allotted number to Collin county by the Federal Bankhead cotton reduction law.

COLLIN FARM BOY'S RISE IN THE MINISTRY

DR. MINOR BOUNDS
Pastor, First Methodist Church.

A church service of unusual interest along several angles was that held at the First Methodist church, this city, Thursday night, September 6. It was the Thirtieth Wedding anniversary of the pastor, Rev. Minor Bounds, and wife, who was formerly Miss Effie St. Clair, daughter of the late W. E. St. Clair, and wife of Verona, the latter still living. The preacher was Minor Bounds Jr., namesake and only son of Rev. Minor Bounds and wife, who were married September 6, 1904 by Rev. S. W. Miller, then pastor of the bride at Verona, where she was reared and where she was a young lady music teacher. Rev. Mr. Miller, now in his eighty-eighth year, and living at Frisco, presided at last night's meeting and introduced the young preacher with appropriate personal remarks concerning his close relationship with his parents from their childhood days.

The veteran preacher presiding has been preaching for sixty-five years. He was licensed to preach in Mississippi, where Rev. Minor Bounds Sr. was born and in the same county, there.

Another unusual feature of the occasion was that Rev. Minor Bounds Sr. was licensed to preach thirty-five years ago in the First church at McKinney, which he is now serving as pastor. He was a son of Mr. and Mrs. W. F. Bounds who moved to Texas when he was a little child and settled between Copeville and Nevada at Old Empire in Southeast Collin.

He joined the church under the preaching of Rev. C. I. McWhirter, who now lives at Greenville, Texas. He was licensed to preach at McKinney, June 28, 1898, at District Conference, held here by Rev. I. S. Ashburn, presiding elder with Rev. J. Marvin Nichols, secretary.

He joined the North Texas Conference in November, 1904, at Bonham. His first pastorate was at Ponder, then Aubrey, St. Jo's Circuit, Kemp, Garland, Leonard, Lewisville, Deport, Nocona, where he served four years; Whaley Memorial church, Gainesville; four years; Clarksville, Brooklyn Avenue, Dallas; St. John's church Dallas; Terrell, Sulphur Springs, Commerce and was sent to McKinney, November 1, 1933.

His first work paid him only $300 per year. His work at Deport was notable in that he doubled the membership, there. He also had a notable four years pastorate at Nocona, greatly increasing the membership and doubling his salary; his four years, at Gainesville, were characterized by forward steps in membership and the buying of a $7500 pipe organ. In every charge, until the depression came, his salary was raised above the previous year and until then, his church benevolences and conference claims were always gotten up in full.

Rev. Mr. Bounds received his college training at Wall's Training school, at Honey Grove; two years at Polytechnic college, Fort Worth, and four years, at Southwestern university, at Georgetown, Texas.

He and his wife are the parents of four children—Mrs. J. W. Lindsey, whose husband is a young Methodist preacher, serving the Renner church; Mrs. Fred Buckingham, wife of a young business man of Gainesville; Miss Ruth Bounds, a senior in Texas College for Women (C. I. A.), Denton, and Rev. Minor Bounds Jr., who is a senior academic student, this year, at Southern Methodist university, and also a student in the Theological department of S. M. U. He was licensed to preach two or three years ago and expects to begin his full time work in the itinerant ministry as soon as he can finish his university training.

As stated elsewhere in this paper, at the conclusion of the sermon last night by Rev. Minor Bounds Jr., County Attorney-elect H. H. Neilson, president of the Board of Stewards, called Dr. and Mrs. Bounds, parents of the young preacher, to the chancel rail and surprised them by presenting them a chest of Rogers silver in token of appreciation of their helpful service and good work at McKinney and as a gift on their thirtieth wedding anniversary, coming from the entire membership of the church.

The Bounds family during the years past, as well as the present, have given several Methodist preachers to the Methodist church. Among them are: Rev. C. L. Bounds of Grand Prairie, son of the late Rev. Ben H. Bounds of Weston, an uncle of the McKinney pastor; Rev. Clarence Bounds of Estelline, Texas, brother of Dr. Minor Bounds, and perhaps others in Mississippi and Texas.

The father of Rev. Minor Bounds Sr. passed away in 1920. His eighty-two year old mother is still living at Cosigate, Oklahoma, where she resides with another son.

MANY ADVANTAGES OF CONCRETE HIGHWAYS

As a road building material, concrete can not be excelled. Its first cost is about all there is to it. There is scarcely nothing needed for upkeep where the concrete slab road is once properly built. The Portland Cement association, 1301 Norwood building, Austin, Texas, is an association of manufacturers from all over the country that is fostering the building of more concrete roads. That association is running a series of advertisements in this paper, one of which that has just appeared in our columns, requests readers to send for a booklet which proves that 'many of your motoring dollars can be saved by more concrete roads." Continuing, the well written advertisement says:

"Concrete Begins"—most welcome sign in the world to a weary motorist.

You relax. Sit back in the seat. Ease up your grip on the wheel.

Your car leaps ahead. The motor soars into a swifter, smoother pace. The tires sing. You're on the wing.

The jolts . . . wheel-fight . . . nervous tension of other roads are quickly forgotten. Motoring regains its zest.

You're on safe, smooth concrete again, where driving is a pleasure, not a problem.

Concrete roads are safer . . . you're less apt to skid . . . you'll stop more quickly, more smoothly . . . your tires are less apt to blow out. Your visibility is better. Your car operates more economically. Because you're relaxed, you drive more easily, more surely.

Get on concrete. Stay on it. Insist on it.

Pave Texas highways with concrete . . . attract more Texas Centennial visitors . . . advertise Texas to American motorists.

RELIEF OFFICE MAKES CALL FOR SCHOOL CLOTHES

The local relief office has had a large number of appeals from parents who have children who wish to start to school Monday, but who do not have sufficient clothes to wear. Naturally, these parents appeal to the relief office here which has no funds to take care of this phase of relief work. Hence, they are appealing to the people of McKinney who have discarded clothing in fairly good condition, appropriate for any school boy or girl of varying ages, to turn in same to the office here.

Miss Lucy Joplin, city and county case supervisor, will be in charge collecting and distributing the clothes. The disposition of the clothing will be handled through case workers.

If you have clothing suitable for some needy boy or girl, bring same to the relief office on North Kentucky street as soon as possible, since school starts Monday. If you do not have a way of brniging it, call the local relief office, No. 302, and they will be glad to send out after the clothing. Any kind of wearing apparel will be appreciated, including shoes, stockings, dresses, sweaters, shirts, trousers, hats or anything else that a school boy or girl might need for school wear.

VETERAN FRISCO PREACHERPRESIDES M'KINNEY SERVICE

Rev. S. W. Miller and wife of Frisco came over Thursday to visit at the home of the latter's sister, Mrs. R. W. Gribble, and husband.

Rev. Mr. Miller was eighty-seven years old on February 6, 1934, but is still quite active and is by no means quite so gray as many men we know of at fifty. His eyesight and hearing are good and he was able to climb the stairs to the second floor of the Daily Courier-Gazette and Weekly Democrat-Gazette building about as easily as a man of half his age. He has been a Methodist preacher for sixty-five years, having been licensed to preach in 1869, in Tate county, Mississippi, of which state he is a native.

He transferred to the North Texas Conference in 1885, landing at Pilot Grove, just over the North Collin county line in Grayson county about eighteen or twenty miles northeast of McKinney.

His first circuit embraced all the territory from Van Alstyne to Whitewright and back to Leonard and Blue Ridge. Pilot Grove is an old settled section of South Grayson. It was a larger village forty-nine years ago when, Rev. Mr. Miller first went there to live in the little Methodist parsonage, than it is today.

He has held many pastorates in this county and other sections of North Texas and accomplished substantial work in the extension of his Master's Kingdom and for Methodism during his long active ministerial career.

Forty years ago, the past spring, Rev. Mr. Miller assisted Rev. J. L. Morris in holding the most successful revival in the history of the First Methodist church, here. Then, the next year, he spent considerable time in speaking for local option in the McKinney District, helping to vote the saloons out of our city.

He presided at the service at the First Methodist church last (Thursday) night at which Rev. Minor Bounds Jr. was the preacher of the occasion which was the thirtieth anniversary of the marriage of his parents, Rev. Minor Bounds Sr. and wife at whose wedding Rev. Mr. Miller officiated at the home of the bride in the Verona community on September 6, 1904.

Pat Harrison, formerly of Frisco and McKinney, where he was a linotype operator for these papers, has gone to Tampa, Florida, to accept a position as teacher of Vocational Education in the high school there. Pat has had a similar position with the Methodist Home at Waco, for the past few months.

Rex Allen and family have returned to their home at Tyler after visiting McKinney relatives. Mr. and Mrs. Allen are both natives of McKinney. Mr. Allen has long held an important position with the Texas Power & Light Co., formerly being at Waco for several years.

County Farm Agent Jack P. McCullough announces that the government ban on the sale of feed crops grown on government rented acres has not been taken off except in the case of hay. It has been rumored over the county that this restriction has been lifted, but Agent McCullough says that any feed crop such as corn or oats can not be sold if it has been raised on government rented acres. Only hay may be sold.

THE COLLIN COUNTY FREE FAIR MONDAY, TUESDAY, WEDNESDAY, AND THURSDAY, SEPTEMBER 24, 25, 26, 27

McKinney Weekly Democrat-Gazette

FIFTY-FIRST YEAR McKINNEY, TEXAS, THURSDAY, SEPT. 20, 1934.— —SECTION ONE ESTABLISHED FEBRUARY 7, 1884.

FAIR EDITION

McKinney appreciates the opportunity to act as host city for the Collin County Free Fair and the entire citizenship gladly enters into the spirit of this great event.

Workers have been busy as bees for several days striving painstakingly to make the Collin County Free Fair this year the greatest of all.

The fair is the product of the cooperative effort of civic-minded people. No phase of the fair has been overlooked. It is to be a well rounded program with exhibits and attractions to appeal to all people of all ages.

Aside from the value of the educational feature of the many exhibits, special care has been given to provide high-class entertainment for the fair visitors. And what better time could there be for a few days of diversion? A change from the daily routine of work is good for all and the fair offers this opportunity.

As evidence of the interest of the people of McKinney in the Collin County Free Fair district, these papers point with pride to the many messages contained in the advertisements in this issue. The business concerns work for the fair, spend their money for the fair and cooperate in every manner because they realize its value to Collin county and this entire section of the state. Let nothing keep you from the big free fair. See it all. Enjoy yourself. It is your Fair. BE THERE.

ART EXHIBIT TO BE IN PLACE ON SATURDAY, SEPT. 22

The Art Exhibit, an important part of the Collin County Free fair, to be held here September 24, 25, 26 and 27, promises to be one of the best if not the best exhibit of its kind in the history of the big county-wide exposition, according to Mrs. T. E. Craig, who will be in charge of the Art exhibit at the fair this year.

All exhibitors in this division are urged to have their entries at the coliseum by Saturday week, September 22, since judging will begin early Monday morning. Space is being added and the exhibit should excel in both quantity and quality.

In addition to the work of local artists, the Klepper Sketch club of Dallas, of which Frank Klepper, a native Collin county boy, formerly of McKinney, will have a loan exhibit of about thirty pieces of their work in the display.

The loan exhibit, however, will not compete with Collin artists' work but will enhance this fair feature.

M'KINNEY LADY ENJOYED FIRST AERIAL RIDE

Mrs. Jennie Phelps is at home after a ten weeks' visit to her son-in-law and daughhter, Mr. and Mrs. Dewey Barber, 2202 West Seventy-Fifth street. Los Angeles, California. Mrs. Barber was formerly Miss Irene Phelps; she was born and reared at McKinney. She has lived for several years in California where she is the wife of a prominent oil and business man. Mrs. Phelps states that she spent a wonderful summer in California. Among the places of interest that she was taken by her son-in-law and daughter was a visit to Catalina Island, twenty-eight miles out in the Pacific Ocean. She made the trip by boat to the Island and returned on a seaplane. She was greatly thrilled by her ride in the seaplane. She visited all the principal points of interest in Southern California where she found the highways and roads generally the best that she ever rode over. The beautiful flowers, yards, streets and parks were all most pleasing to the eye. The weather was also pleasant and ideal. The trip benefited her physically, and she counts it the most wonderful vacation that she ever had. Mrs. Phelps is the mother of Gibson Phelps, manager of the Collin County Motor Co., Buick dealers here.

Watus D. Gay, a valued employee of the Marvin Drug stores of Dallas, has recovered from the effects of some very painful burns about the face, head and hands sustained several weeks ago in a chemical explosion. Young Mr. Gay, who is now about twenty-five years old, lived in McKinney when a child, went to school here and was for several years a courteous little carrier boy on one of the Daily Courier-Gazette paper routes. Watus is a grandson of Mrs. Lilla Recer of the Womble community and a nephew of Chief Recer, proprietor of the North Side Barber and Beauty shop of this city.

One Of Fine Horses At Show Here.

Above is seen Theodore Heady of Dallas on "Ukele Ike." This horse won the Junior Stake in Dallas last year. Mr. Heady is well known here, having ridden in all McKinney Horse shows held here.

GREATEST CIRCUS ON WAY TO DALLAS

RINGLING BROS. AND BARNUM & BAILEY NEW FEATURES

The world's mightiest amusement entourage, the Ringling Bros. and Barnum & Bailey Combined Circus with its gigantic 1934 program of new world-wide wonders, many of which have never before appeared in America is definitely scheduled to exhibit in Dallas, Tuesday, Sept. 25.

The gorgeous, vastly enlarged inaugural spectacle. "The Durbar of Delhi" stupendously introduces the multitude of arenic marvels that succeed this pompous panoramic display.

The great new international congress of features presented in the seven rings and stages, huge hippodrome track and the maze of aerial riggings includes the recently imported Otari Troupe in the most astounding mid-air feats ever witnessed. There intrepid performers fly from all points of the compass at the same time in perilous forward and reverse flights through space from their lofty aerial cross.

The Otaris with such arenic notables as Mlls. Gillette, Europe's sensation of the air, now appearing in this country for the first time and the celebrated Torence-Dolores, Merkels, Willos and Spurgat Troupes, all new to this continent are among the 800 men and women circus stars presented by the big show this year.

The circus bears on its four long trains of 100 double-length steel railroad cars more than 1600 people, 50 elephants, 1009 menagerie animals and 700 horses.

The great Con Colleano, tumbling, forwardsomersaulting tight wire star has been recalled from European triumphs to join the great Ringling Bros. and Barnum & Bailey constellation of stars. The celebrated Wallenda Troupe of high wire thrillers, the famous Loyal-Repenski family, world's greatest bareback riders, Dorothy Herbert, most daring horsewoman in history, the marvelous Yacopi. Danwills, Uyenos and Yom Kam acrobatic troupes and the famous Concellas, Harolds, Rooneys and Walters, aerial wizzards, are but a few of the headliners among the better known acts.

There are 150 internationally famous clowns in the gala 1934 performances of the world's largest circus—the greatest congress of funmakers ever assembled.

CENTRAL CHURCH TAKES UP ITS FALL PROGRAM

uSnday brought interesting services to the Central Presbyterian church at Sunday school, both preaching hours, morning and evening, and young people's meetings. At 7:45 o'clock, this church resumed its own regular Sunday evening services after having participated in the Union open air services of several churches of the city, held on the lawn of the First Methodist church.

Dr. Whitwell says his church is working on a definite program of activities to run during the winter months. The membership has been divided into groups of twenty each with certain assigned goals to work for.

Sunday, September 30, will be observed as Promotion Day for the Sunday school and Rally Day will be observed the following Sunday, which will be the first Sunday in October.

Mrs. J. C. Copeland had the misfortune late Monday of falling at her home on North Waddill street, and fracturing her hip. She was removed to the city hospital where the injury was treated. Although her condition is regarded as serious, she is resting some better Tuesday.

Before You Buy Any Car At Any Price Drive

one of our

FORD V-8's

If you are judging the Ford car on the basis of price, you are making the mistake of your car-buying life. Ford—with a V-8 engine in a low-priced car—has shattered all "price class" ideas.

When you sit behind the wheel of a Ford V-8 (the only car with a V-8 engine selling for less than $2,500.00) and feel its tremendous wealth of smooth-flowing power . . . when you feel the easy riding comfort of free-action on all four wheels . . . when you feel the security of a Ford's extra-large, positive mechanical 4-wheel brakes . . . then you realize that here is a car that cannot be judged on the basis of price.

That's why we say—"Before you buy any car at any price, drive one of our Ford V-8's." A phone call will bring a demonstrator to your house . . . no obligation . . . no charge.

RUSH IN AGENT'S OFFICE HERE FOR COTTON PERMITS

Another large crowd of cotton growers from all parts of the county again thronged the streets and courthouse here Tuesday to receive their permanent cotton exemption certificates, issued by the government under the Bankhead Act of 1934. The county agent's office, the temporary cotton office in the courthouse, and the corridors there were thronged and packed with farmers desirous of signing for their certificates.

The local cotton market was fair and steady Tuesday at from 13.00 to 13.75 cents per pound

The price has stood at from 13.00 to 13.75 for the past several days.

Certificates issued today ranged from 2,001 to 4,000 in number. Tomorrow (Wednesday), the rush will be completed with the issuance of certificates numbered from 4,001 to 6,000.

Later, those farmers who did not receive their certificates at the appointed time may come back, after Wednesday, and receive them, according to County Farm Agent Jack McCullough and M. E. Patterson, A. A. A. assistant in this county, who is head of the Bankhead Act work in this county.

A force of ten or more assistants has been working in the cotton office for the past two days giving out the certificates. The rush has been great, but all concerned have been very cordial and considerate and the cotton growers have waited patiently.

TROPHY TO BE GIVEN WINNER OF SWEEPSTAKES

The silver cup to be given by Dr. J. S. Bridgefarmer, local jeweler, for the pony sweepstakes at the Collin county night program of the Collin Horse show, is creating much interest among the boys and girls. Dr. Bridgefarmer, ever willing to cooperate with all worthy undertakings of the city and county will place the trophy on display sometime this week in his window on the northwest corner of the square.

Some of the new entries are Robbie McCoy on "Sugar," Fred Eubanks on "Major," Henry Myrick Jr. on "Dolly," W. K. Penn Jr. on "Tony," Merrell Benton on "Brownie," George Marion Cameron on "Flashlight," and Clifford Thomas on "Spunky." Ralph Russell has entered two more ponies, Mayflower and Smokie.

Mr. and Mrs. Judd Henderson are in charge of the Collin county night program, assisted by Ray Ashley, another horse lover of this city.

Bishop Community Young People Are Hurt In Wreck

Miss Lucile Harding, resident of the Bishop community, was injured in an accident about five miles from McKinney Saturday night, when the car in which she was riding overturned, throwing her through the windshield, her head striking the bank on the other side. She also received cuts and bruises about the face and body. Miss Harding was accompanied by her brother, Fay Harding, and Miss Edith Simms. Mr. Harding received bruises about his body. Miss Simms also received bruises about the body and her brother, who was riding on the fender, was thrown over the car, when the car turned over.

The accident occurred when fire from Mr. Harding's cigarette dropped in the cuff of his trousers. When he slowed down to put out the fire, the car became uncontrollable, overturning on the left hand side of the road.

The occupants were given first aid treatment at the home of Mr. and Mrs. Bill Orr and were then brought to McKinney, later returning home.

The four are all residents of the Bishop community. Miss Harding and brother are the children of the late Less Harding. Miss Simms and brother are the children of Mr. and Mrs. F. V. Simms.

CONFEDERATE VETERANS' DAY AT COUNTY FAIR

Wednesday, September 26 will be Confederate Veterans day at the Collin County Free fair at which time the fast-thinning band who wore the gallant gray will be honored with a program and dinner. This appreciation of the score or more Collin county veterans is being planned and will be sponsored and carried out by the Throckmorton Camp association.

The plans call for the erection of a tent south of the coliseum, as has been the custom for the past few years when the Camp has honored the veterans at the fair. A suitable and appropriate program will be given during the morning. At noon, dinner will be served the veterans by members of the camp. They anticipate an enjoyable program and dinner and always look forward to their own days, both at the fair and at the old settlers picnic-reunion.

The veterans, whose band is fast decreasing, look forward to these gatherings at which they may unite and tell stories of the Civil War days, enjoying the good comradeship of old-time friends and younger ones, too.

The committee appointed to make arrangements for this occasion consists of Mrs. Joe Wilcox, Mrs. Charles Waide, Mrs. Walter Wiley and Mrs. J. T. Couch.

The occasion should prove one of the features of the Collin County Free fair, the dates being Sept. 24, 25, 26 and 27.

UNCLE OF MRS. C. C. HARRIS DIES AT TEAGUE

Mrs. C. C. Harris of this city has been informed of the death of her uncle, Judge W. E. Doyle, 88, twin brother of her deceased father, James Hogan Doyle. Judge Doyle died at his home at Teague, Texas, Sunday morning about 11:30 o'clock with funeral services there Tuesday and burial in Mexia, of which city he was mayor for twenty-two years. Mrs. Harris' father, J. H. Doyle, died at his home in Granbury a year and five days previous to the death of his twin brother.

Judge W. E. Doyle was said to be the last surviving twin serving in the Civil War.

A native of South Carolina, Judge Doyle served throughout the war and was with Gen. Robert E. Lee at Appomattox. Shortly after the war, he came to Texas and settled near Granbury. He took a law course at Trinity university and established a practice in Mexia. He served as Mayor of that town twenty-two years and moved to Teague in 1912.

He was elected Mayor of Teague and held that office until he was elected State Senator from this district.

He is survived by two daughters, Mrs. J. E. Woods of Teague and Mrs. Hortense Curry, of Louisville, Ky., and four grandchildren.

Trade in McKinney and save the difference.

JUDGE R. E. LEE'S RECENT DEATH AT BROWNWOOD

Judge Robert E. Lee, aged 54 years, died at his home in Brownwood, Texas, Sunday afternoon, September 9, at 1:30 o'clock. Funeral services and interment took place there at 4:30 o'clock Monday afternoon. The deceased was well known in this county, his wife being before her marriage Miss Mary Moreman of Plano. They were married in Plano twenty-eight years ago, but had since resided in Brownwood, where the deceased had located two years previously.

Mrs. Lee was a sister of Mesdames A. Weatherford and Joe Bradshaw of Plano. Mrs. Weatherford had been at his bedside for the past week, and Mr. and Mrs. Bradshaw, returned from Brownwood last Friday night. Mr. Weatherford and his son-in-law and daughter, Mr. and Mrs. Bedford Moore left Monday morning to attend the funeral.

Judge Lee was reared at Belton. He was a prominent lawyer of Brownwood and had served his county as county judge for two terms. He was a member of the Baptist church, being a deacon in his church, and a Mason. Two children, a daughter, 5 years of age and a little son, one year of age, preceded him to the grave.

Besides his wife he is survived by two brothers and one sister, Ben Lee of Corpus Christi; Aubrey Lee of Austin and Mrs. Curtis of Belton.

SON REV. LESLIE VERMILLION ENTERS MINISTRY

Leland Vermillion, sixteen-year-old son of Rev. and Mrs. Leslie Vermillion of Quitman, was licensed to preach recently at their home church where his father is pastor, having been there four years. Leland will finish high school this term and plans to enter college. He is a grandson of Mr. and Mrs. J. B. Vermillion of Altoga, this county, and has two uncles who are Baptist preachers—Rev. Henry Vermillion, pastor at Milbourn, Ark., and Rev. Oliver of El Paso.

We are proud to learn that Leland is following the good work of his father and uncles. He spent several weeks in Altoga this summer working in the revival held by the pastor, Rev. Ernest Gilbert and Rev. Bonner.

Rev. Leslie Vermillion, father of Leland, is a Collin county reared boy having held former pastorates at Culleoka, Thompson, Stony Point, Routh, Prosper and others. He moved to Carthage where he was pastor four years, county missionary two years of Wood and Rains counties and later moved to Quitman where he has been pastor for four years.

There will be a box supper at the Whites Grove Methodist church Friday night, September 21, starting at 8 o'clock. The proceeds will be for the benefit of the church and the public is cordially invited to attend.

Plano Garden Club Advocated By Writer

Miss Etta Quisenberry, who was reared in McKinney but has lived at Plano for some years, is advocating the organization of a Garden club, at Plano. She says: "Why not organize a club at once and do our part towards beautifying our little city and adjacent highways in preparation for the Centennial. Many tourists will be passing through our town and territory and we should seek to impart as favorable an impression on them as possible. Collin is one of the finest counties in the state, and Plano, one of the best little enterprising towns. Nature will do her part if Plano will do hers," says Miss Etta "and a Garden club will aid our city more than any other method in bringing about beautification of the city."

Never has man been so comfortable

It has been said that this modern era belongs to youth.

At the same time, never in history has life been so comfortable for those who enjoy home-life. Many things have contributed to this—none more than your modern natural gas service . . . meals that cook themselves with a minimum of labor—homes kept warm without labor—hot water at the turn of the faucet—automatic refrigeration without noise or machinery. It would be difficult indeed to find a single hour in which your natural gas service does not help to make lives more comfortable—more worth living.

Operating through modern improved appliances the value of this service is increased. So why not enjoy it at its maximum efficiency and economy? Replace all worn-out or obsolete equipment with improved models. You'll find in the displays of your gas appliance dealer or your gas company the appliances best suited to your needs. See these displays during your trip to fair.

Heat YOUR HOME Gas

Be sure the gas appliance you select carries the approval of the American Gas Association Laboratory . . . and remember, modern gas appliances are available also from your gas appliance dealer. See his displays.

M'KINNEY HOST TO REGIONAL MEETING OF EAST TEXAS CHAMBER OF COMMERCE: C. F. ASHCROFT, PRESIDENT, IN CHARGE

What was pronounced the best regional meeting of the five to be held so far in the East Texas Chamber of Commerce area, was the McKinney all-day meeting held by that organization at Hill Crest Country club here at McKinney Thursday, September 13, with Gibson Caldwell, prominent McKinney business man and an East Texas Chamber of Commerce director, calling the body to order shortly after 10 o'clock. He expressed gratification of himself and McKinney at the meeting being held here for District No. 1, embracing the counties of Collin, Grayson, Fannin, Lamar, Delta, Rockwall, Rains, Van Zandt, Dallas, Kaufman, Hunt and Hopkins. Mr. Caldwell introduced Mayor Joe E. Largent who cordially welcomed the splendid body to McKinney in the name of our entire citizenship. He complimented the work of the East Texas Chamber of Commerce for which he said this section of the state needs such work as being done by the organization more than ever.

The Mayor's talk was followed by President Chas. F. Ashcroft of the East Texas Chamber of Commerce, who is a prominent banker of Sulphur Springs. President Ashcroft acknowledged the welcome address with warm-hearted, fitting remarks in which he complimented this blackland county of Collin and the brand of hospitality of its county seat town being dispensed on this and every other occasion to visitors within its gates. Mr. Ashcroft, who presided over the proceedings of the day, asserted that the East Texas Chamber of Commerce is regarded as one of the strongest and more virile regional organizations of its kind in the United States. Mr. Ashcroft claimed to be a natural born optimist. He stated that after every depression, as we have had them since the beginning of time, that the United States has risen to a higher level of prosperity and normal times than ever before. We have now unmistakable evidence of the restoration of normal times again. We have had a wonderful improvement in the last fifteen months. He regarded the condition of practically every citizen as much improved over what they were when Roosevelt was inaugurated.

* * *

Hubert M. Harrison.

Hubert M. Harrison, executive secretary of the East Texas Chamber of Commerce, was introduced by Mr. Ashcroft as one of the most capable men in his line of work in the South. Mr. Harrison only spoke briefly. He referred to the various activities of helpfulness in which the East Texas Chamber of Commerce is serving the people. He emphasized the Texas Centennial and said that the East Texas Chamber of Commerce area would be the gateway to the Centennial in 1936. Several million people will pass through this area and it will be a great opportunity for every town and county.

Eubanks Defends Banks.

Eustic Myers of Dallas, speaker for the Federal Housing act in the East Texas district, gave a detailed explanation of it. He explained every feature of this Federal Housing act in which the banks of the country will cooperate by lending to the borrowers in amounts of $100 to $2,000 for rebuilding, remodeling and renovating. At the conclusion of Mr. Myers talk, A Hardy Eubanks, vice-president and cashier of the Central National bank at McKinney was called on and made a bigger defense of the bank.

"We have been the worst abused of profession because a few bankers went wrong in New York," he protested. "If we haven't done as much as any other class in the South to put over the new deal program, I don't want to speak."

"The reason banks have not made loans over a long period," Eubanks explained, "is because we have a boss in Washington whose examiners will come around and tell us, when they find such loans, that we can't keep them. The banks will make loans under the terms of the Federal housing act, not so much because of the guarantee of the Government to assume payment up to 20 per cent, but on the basis of merit behind each loan. Banks can make this character of loans and make money, which will pay 9.6 per cent or better than the average loan, figured on monthly payments."

Reed Markham of Sherman and Ford Seale of Denison, Grayson county bankers, said their respective institutions would consider each loan on its merits.

Manager W. Hammond Moore of the McKinney Chamber of Commerce reminded the gathering that McKinney had the distinction of being the first Texas city to organize a Federal Savings and Loan association. More than $13,000 now is available from the funds of the organization for loans, he said.

* * *

Amendments Discussed.

Vice-president C. A. Jay of the Texas Industrial Commercial and Agricultural conference, Dallas, spoke in explanation of the eight constitutional amendments to be voted on by Texas, November 6.

* * *

To Improve Highway 24.

At the request of Hardy Eubanks, president of the East and West Highway (No. 24) from Paris through Greenville, Farmersville, McKinney, Denton Decatur and on westward to the New Mexico line, Manager Scott Hardy of the Greenville Chamber of Commerce was called on. Mr. Hardy stated that Highway Commissioners D. K. Martin and Judge Ely were at Terrell the night before. He quoted these commissioners as saying that during the next three years the Highway commission would concentrate on the main state arteries so as to connect these highways, if possible, by the Centennial. Filling these gaps is very important. They stated that Highway 24 would be built and the gaps filled which was splendid news.

Noon Luncheon.

A splendid noon luncheon was served at Hill Crest Country club dining room for the occasion by the ladies of the First Christian church under the direction of Mrs. F. M. Warden. A fifty cent plate with ice cream refreshments was served. Major Dixon, colored barbecue expert cooked the barbecued meat. The ladies graciously waited on all present.

Notes On Etex C. of C. Meet

Scott Hardy, manager of the Greenville Chamber of Commerce, helped make the meeting a success. He has been serving in that capacity for five or six years.

* * *

T. O. Lafferty, manager of the Lyon-Gray Lumber Co., at Commerce, was the representative of his excellent little city at the regional meeting at McKinney.

(More Etex Notes on Page 6)

Gibson Caldwell, local director of the East Texas Chamber of Commerce, headed the general arrangement for the meeting and had everything working like-clock work by the various committees of local citizens that he appointed. Mr. Caldwell is a past president of the local Chamber of Commerce and one of McKinney's most active civic workers and leaders. He is president of the Collin County Mill & Elevator company.

* * *

Several members of the East Texas Chamber staff were present. Among them were Curtis Morris, assistant manager and one of the brightest young men in the state and a most attractive speaker, was present. His address on tax matters was brief but fine. Others of the staff present were Glen D. Davis, E. K. Bennett, and of course, Hubert M. Harrison and the president, Chas. F. Ashcroft, the latter a Sulphur Springs banker. Headquarters of the East Texas Chamber of Commerce is at Longview. Five or six of the directors were also present besides Mr. Caldwell, among them being Martin McBride of Greenville.

* * *

Roger Miller of the United States Chamber of Commerce for this part of the south, with headquarters in Dallas, was a speaker.

* * *

W. W. Byard of Kaufman was present. He is manager of the Kaufman Chamber of Commerce and also manager of the Kaufman County Chamber of Commerce.

* * *

The absence of Col. John D. Middleton of Greenville was noted. The meeting sent a telegram of regrets to Col. Middleton that he could not be present. Illness was given as the reason for his absence. Col. Middleton is past president of the East Texas Chamber of Commerce.

* * *

Mrs. J. L. Lovejoy was among the large group of local women to help welcome the many ladies who came to the meeting. Mrs. Lovejoy is especially interested at this time in the Texas Centennial work. Her name is familiar among the women of the entire state.

* * *

In the afternoon the visiting ladies were honored with a theater party at the Ritz with the compliments of Manager Roy Brockman, an active Chamber of Commerce worker, and one of McKinney's most progressive friends and boosters. Mrs. J. H. Merritt, wife of the president of the McKinney Chamber of Commerce; Mrs. W. Hammond Moore, wife of the secretary of the local Chamber of Commerce and Mrs. Joe E. Largent, wife of the mayor, together with a number of other McKinney women, served as hostesses of the many visiting ladies.

* * *

In the afternoon several out-of-town golfers attending the McKinney meeting were guests of President Maxwell F. Perkins of Hill Crest Country club and other memers in playing golf on the pretty nine hole course of the club.

* * *

The following prominent Greenville business men attended the meeting: O. G. McCullough, Martin McBride, John D. Williams, J. C. Powell, and George Carson.

* * *

K. Dale Wolford, manager of the Community Natural Gas Co., at Bonham, for the last eight years, was among the delegation from that city attending the meeting. Dale was born and reared near McKinney, being a son of the late H. L. Wolford and wife, an honored old couple of this city. He is a brother of City Secretary G. Frank Wolford, of McKinney; also, of Prof. E. Y. Wolford, head of the Commercial Department of the McKinney High school and of W. Phil Wolford of the Biggest Little Store. Another one of the Wolford brothers, Hon. A. M. (Bert) Wolford, now holding an important Federal position at Washington, D. C., is a former County Attorney and former County Judge of this county. No better people can be found than the Wolfords. Dale was kept busy greeting old home friends here during his brief stay.

* * *

Mayor Jim McLemore of Van Alstyne headed the delegation of his fellow citizens coming down to attend the meeting at McKinney. Others from that town were W. D. Benton and W. W. Blassingame and perhaps others.

* * *

The Bonham delegation attending the Regional East Texas meet here Thursday was composed of Dale Wolford, manager of the Community Natural Gas company; Auburn McRae, manager of the Texas Power & Light company; Chas. Halsell, manager of the Chevrolet Co.; J. F. Hendrix, insurance man; and Charley Doss, vice-president of the Bonham State bank.

* * *

P. R. (Reed) Markham, president of the M. & P. Bank of Sherman, participated in the meeting and discussions. Reed was reared in McKinney where he still owns some valuable property. He is almost as well acquainted in McKinney and Collin county as he is in Sherman, especially among our business people and the old settlers.

* * *

Tip Newell, president of the Sherman Chamber of Commerce, and Frank Thompson, secretary of that organization for several years, attended the McKinney regional meeting of the East Texas Chamber of Commerce. Frank Thompson is one of the brightest and most public spirited and useful young business men of North Texas. This editor has known him for a number of years.

* * *

D. B. Fielder, president of the A. A. Fielder Lumber company of Van Alstyne and formerly of Sherman, attended the Etex regional meet at McKinney. For several years, he has been a resident of 5463 Ross Avenue, Dallas. The Fielder lumber yards were numerous over North Texas up until recent years.

* * *

Beeman Fisher, Public Relations manager in the general headquarters of the Texas Power & Light Co., was an interested visitor. These editors have no better friend than Beeman. We are always glad to see him in McKinney where he occasionally comes to visit Howard S. Ware, district manager of the T. P. & L. with headquarters at McKinney. Beeman has a host of good friends in our city and county in all lines of business.

* * *

J. E. Fee, staff writer of the Dallas News, and a good one too, reported the big regional meeting of the East Texas Chamber of Commerce, held at Hill Crest Country club, three miles south of McKinney, Thursday. Mr. Fee is an exceedingly modest, but very capable writer, whose articles are read by the thousands of readers of the great metropolitan paper with which he is connected. As a writer, he is dependable, concise, interesting and has the confidence of the reading public.

* * *

L. E. Hiller and wife, 7030 Lakewood Boulevard, Dallas, were present at the regional meeting at McKinney. Mr. Hiller is representative of an incorporated warehouse association of extensive proportions. He and his cultured wife enjoyed the proceedings and the social aspect both, of the occasion.

* * *

Mrs. I. Wolff, 903 Edgecomb Place, Chicago, and also of New Orleans, was among the numerous ladies present at the McKinney regional meeting. She was the guest of Mr. and Mrs. Hiller of Dallas. Mrs. Wolff, who is a charming conversationalist and cultured lady, greatly enjoyed the visit to McKinney and this section of Texas. She was much interested in the proceedings and expressed the hope that it would be her privilege to visit here again.

* * *

Paris was well represented at the meeting. Among those present were Boon R. Thompson, manager of the Clem Lumber company; G. B. Sharp, manager of the Lyon-Gray Lumber company; Jim M. Caviness, cashier of the First National bank, at Paris; R. O. Murphy, druggist; Clarence Murphy, retail lumberman. His many old home friends were greatly disappointed that Editor Pat Mayse of the Paris News, and wife did not come over. But, business detained Pat at his office all day. But, Thursday night, Editor Mayse and Mr. Caviness were guests at a dinner party, at Hugo, Oklahoma, of United States Senator Elmer Thomas of Oklahoma.

* * *

R. B. Blanton, secretary of the Chamber of Commerce, at Paris, and wife attended the McKinney meeting and greatly enjoyed it. Among others from that enterprising city present were: E. C. Stallings, W. P. Garrett, C. W. Cothran, Reagan Hurt, Mrs. Joe A. Shirley, Mrs. John Barnes, Mrs. Hogan Clark, L. B. Campbell, J. W. DeWeese, J. C. Hathaway, T. B. Reville, Harry Good, J. W. Barnes, J. K. Shirley, O. W. Boswell, H. C. Haynes, L. L. Hagood, H. P. Mayes, G. B. Sharp, B. R. Thompson and Leon Gilmore.

* * *

President Chas. F. Ashcroft of the East Texas Chamber of Commerce headed a delegation from Sulphur Springs to attend the McKinney meeting, at which Mr. Ashcroft presided. Others from that city present were R. Sheppeard, A. R. Westbrook, R. W. Currin; Marvin Sherwood, secretary of the Chamber of Commerce; J. Boggs, H. C. McGrede, Sig Wachholder, Cecil D. Ward and C. H. McGerkle.

* * *

Editor Lee Greer of the Denison Herald, another director of the East Texas Chamber of Commerce, was present. He is sanguin that the big dam in the Red River flood waters control enterprise will be eventually built.

* * *

Terrell was represented by J. R. Bridges and Secretary Homer L. Massey of the Chamber of Commerce of that place. Homer was born and reared near Murphy in Collin county where his parents still live. He has developed into one of the most successful Chamber of Commerce secretaries in our state. He greatly enjoyed the visit to his old home county seat town here at McKinney and greeting lifelong friends here.

Rev. B. B. Crim, of Dallas, well-known evangelist, suffered quite a loss from fire one day last week. He was moving his big tent and piano from a point in Arkansas to Midland, Texas where he is to hold a meeting. While en route the truck caught fire and was destroyed, as was also his $1,250 piano, most of Rev. Crim's clothes and his singer's clothes.

Stole Your Garden

(Seven miles north of McKinney at her farm home in the Chambersville community lives a very cultured and lovely lady—Mrs. Edna Priest—the author of the following poem. Mrs. Priest is a dear lover of flowers and has wonderful success in growing them herself. The friend whose garden she visited hands in the poem to be printed in this paper that others may enjoy its beauty too.—Editor).

Upon a time I stood within your garden fair
Around me roses bloomed, and you told
Me where in earlier spring
The tulips grow, and other favorite flowers
Old fashioned ones, and rare.

For just one magic moment they were mine,
All mine! Did I not see the beauty of the petals
Satin smooth, inhale the odorous air?
Had I not felt the thrill of hands in fresh
Turned soil?
Had measured distances apart
And depth to plant a bulb or vine.

Here where my dreams come true,
Hopes here were realized and longings
Satisfied.
Here was the abundance that I craved.
In varied hues and tangled mass.
And in that moment when this lovliness was mine
The rapture of possessing it I knew.

The awakening came. It was not rude.
I gave the garden back. You did not know
You had been robbed.
I only kept the job the moment brought
And the vision. Shrined for memory's wall,
And wrote beneath it "Gratitude."

You gave unto my hands a generous share
Of all those lovely blooms
I treasured them for many days, and then
They died.
But memory keeps them fresh and lends
A perfume still to tedious ways and hours
Where no blooms are.

Gods ministers you are, you and your flowers
And Christ's injunction "Go ye" is your law—
You brighten homes of rich and poor alike
With lavishness.
And lay a tribute on the somber bier
All given with a smiling graciousness
Like gentle April showers.

—Edna Priest.

IMMIE CANTRELL, M'KINNEY COLLEGE BOY SPENT AN INTERESTING SUMMER IN EAST

ADE HEADQUARTERS IN PHILADELPHIA AT HOME HIS BROTHER—VISITED NOTABLE POINTS OF HISTORIC, EDUCATIONAL, BUSINESS, OFFICIAL AND SOCIAL INTEREST DURING TWO MONTHS GONE—TO RE-ENTER COLLEGE AT COMMERCE.

We had a most welcome and ... ial call from Jimmie Cantrell, bright young McKinney college udent who will return soon to mmerce where he expects to mplete his B. S. degree by midrm closing, about January 1 in East Texas State Teachers llege. He expects to continue s studies until he gets his Mas... 's degree. He is a son of Mr. d Mrs. O. L. Cantrell, a highly teemed McKinney couple.

Jimmie has spent the past two onths on a vacation in the rtheastern states, spending ost of the time at the home of brother, Troy L. Cantrell, a emist with the Gulf Oil comny, located in the City of Philelphia, during the past three or ur years. He returned to Philalphia with his brother, Troy, fe and fine little ten months d baby son, T. L. Cantrell Jr., ho came here to visit their any relatives in their old home wn for a couple of weeks in e early part of the summer.

Jimmie is a very intelligent, ever young man who graduated om the McKinney High school the mid-term class of 1931. He as ambitious to get a college ucation and is more enthused th the idea now, than ever.

In going to Philadelphia, he ent one route and came back other. In the City of Philadelphia, he visited all the historic ... —Valley Forge, Independce Hall and saw the Liberty ..., the Franklin Institute, the planaetarium where astronomy is ught in the most practical and id way imaginable. He regard- the planaetarium visit and its portunity of studying the stars d the heavens as the chief ce of interest to him while e. He was also much interest- in being piloted through the eat nuwspaper plant of the Philelphia Evening Ledger, watch- its battery of fifty-seven linoe machines and other facilities operation. He also visited the iladelphia Record, another great wspaper plant. He made trips Atlantic City, the most noted reation center of the Atlantic ast; visited the national capital y of Washington, D. C., and nts of interest in New Jersey. While in New York, he looked r the vast expanse of the larg- city of the western hemisre from the 102-story Empire State building, in which ex-Governor Alfred E. Smith has his office.

The Holland Tunnel under the Hudson River, connecting New York City with Jersey City, New Jersey, was a most interesting sight and experience to him. It is two miles long with a double car driveway. The Washington Bridge over the Hudson is a magnificent structure. His visit along Wall street and to the old Trinity church were high points in his New York City visit.

On returning to Texas, Jimmie came by motor bus through Pittsburgh, Pennsylvania; Columbus, Ohio; Indianapolis, St. Louis and Tulsa, Oklahoma.

He made a number of new friends in Philadelphia and other points that he visited. He states that Texans predominate in manning the interests of the Gulf Oil company's interests centering at Philadelphia. Many of these employes are Texas A. & M. college boys, who are so numerous that they have an A. & M. club in that city of more than twenty members.

One of these Texas young men is Al Chandler Smith, son of Editor J. Frank Smith, of McKinney, who went there only a few weeks ago and had good luck in landing a good job with the Gulf Oil people chemical department in the same building along with Troy Cantrell.

TO INAUGURATE WATER SERVICE FROM NORFOLK, VA., TO HOUSTON, TEXAS

Advice has been received by W. M. Vaughn, Commercial Agent, Southern Steamship company Dallas, from H. T. Lindsey, general agent, at Houston, Texas. that the Southern Steamship company will inaugurate service from Norfolk, Virginia, to Houston, Texas, with sailing of steamer San Antonio from Norfolk Tidewater Terminal, September 17th, direct to Houston. Mr. Vaughn stated that with the added service now being offered by his company, should insure a more prompt and dependable handling of shipments moving from Norfolk to Houston and up-state Texas points. Further details as to the inauguration of this service is expected to be received shortly, Mr. Vaughn said.

U. S. MODERNIZING CAMPAIGN EXPLAINED BY ADMINISTRATOR

By JAMES A. MOFFETT
Federal Housing Administrator

The first function of the Federal Housing Administration is the insurance of credits made for the purpose of financing alterations, repairs and improvements upon real property. Our authority to grant this insurance extends only to the end of next year. It is thus of a temporary character.

Our second principal function is to set up a system of mutual insurance for home mortgages. Under this program we hope to make the long-term amortized mortgage the standard practice in financing the building and buying of homes. If this is done, many serious abuses will be stamped out.

At the same time we shall aim to make available adequate funds for the revival of home building on a sound basis. All these funds will be private capital. The Administration makes no direct loans of any kind to individual home owners.

Our third function is to charter and supervise the operation of national mortgage associations to buy and hold insured home mortgages. We believe they will help equalize interest rates and the flow of mortgage funds between various sections of the country.

In carrying out these functions, we are co-operating with trade associations, manufacturers having nation-wide distribution, and local groups, in their plans to see that real business develops.

The National Emergency Council has appointed regional and State directors for its Better Housing Division. They in turn will appoint chairman of local modernization campaign committees through which the whole program of information promotion and education will be carried out.

* * *

Billion Dollar Fund.

It is conservatively estimated that $1,600,000,000 is required to put American homes back into good physical condition. But our modernization credit insurance will apply to loans made for other classes of buildings as well as homes.

Our $200,000,000 fund, which may be used to insure up to $1,000,000,000 of advances, should furnish the kernel for a much greater volume of work. Experience of many modernization campaigns has shown that in addition to work that requires financing, an even larger amount is undertaken on a cash basis.

In dealing with the mortgage insurance field, one of our chief objectives is loosening up of credit in order to make possible new construction which is needed and demanded.

Market possibilities for construction are tremendous. Conservative economists estimate a theoretical shortage of more thtn a million homes. In Great Britian the average has been about 166,000 homes a year since 1919, and it is estimated that in this year there will be constructed a minimum of 300,000 houses.

* * *

Building Sub-Normal.

Our records show that the homes constructed last year in the United States did not exceed 50,000. Construction is running at that rate or less today and has been far below reasonable normal since 1929. I think there is a lesson for us in the fact that England's campaign has been conducted right through the period of depression.

There are many problems which will have to be solved under the Act—the great variety of mortgage laws in the various States, the problem of more effective use of land for residential purposes, adherence to high standards of quality in construction, and the widespread misunderstanding that we can make direct loans to individuals.

We make no direct loans to individuals, but deal entirely through local banks and other established lending institutions. And the loans extended by these institutions are made only to responsible persons who are in a position to meet their obligations.

NINETY YEAR OLD PLANO MAN BACK HOME

William H. L. Wells, who reached his nintieth birthday on September 4, and has lived in Collin county for sixty-three years on his farm near Plano, has just returned from a five weeks visit to his five sisters living near Bedford, in Bedford county, Virginia. His grandson, John D. Wells, who lives with him, went along driving their car. They visited many places in Virginia. They traveled nearly 4,000 miles on the trip. This is a pretty good record for "a ninety-year-old colt" like Capt. Wells. He came back feeling none the worse for the long motor trip. They were accompanied to Virginia by W. R. Wells of Dalhart, Texas, the youngest brother of Capt. Wells. But, while in Virginia, W. R. Wells was stricken with appendicitis and underwent and operation. However, he improved nicely and has since returned home by railway travel.

M'KINNEY MEN ON LOVEJOY SCHOOL PROGRAM

Lovejoy school, about four miles southeast of McKinney, opened its 1934-35 school year, Monday morning, September 17, with four teachers as follows: Prof. Waldron Cooley, principal; Prof. Marshall Kluttz, Miss Pauline Long, and Mrs. Bedell. Interesting opening exercises were held at which Prof. Jack R. Ryan, superintendent of McKinney Public schools; Dr. Bryce Miller, local eye, ear, nose and throat specialist, and Representative-elect Byron England all had parts on the program. Lovejoy is one of the best communities, from the standpoints of both high class citizenship and excellent farming country, that we have in the entire county.

Miss Mary Alice Wilson and Miss Ruth Bounds have entered C. I. A. at Denton for their senior year. Miss Wilson is a daughter of Ernest Wilson and Miss Bounds is a daughter of Dr. and Mrs. Minor Bounds.

Fall Gardens Make Possible Fresh Vegetables Late In Winter Season

Fall gardens make it possible to have fresh vegetables late in the winter and help to save the canned ones for times when they can not be obtained from the garden, reports Damon Pate, garden demonstrator of the White Rock 4-H club.

She reports that she now has seven vegetables that have come up since the first rain this fall and the recent rain has been very helpful in promoting growth. The tomatoes were held over through the drouth and are now blooming profusely. Damon says she can use them in pickle making this fall should frosts come too soon to prevent their ripening.

Last spring Damon took over the family garden plot for the year. This made her responsible for the kind of garden her family grew. Even though the dry weather cut the garden short last spring and summer, she was able to can 100 quarts of vegetables from it. With hopes of a fall suitable to growing a garden, Damon plans to grow as many varieties as possible and thus help save the canned goods for times when they are needed more.

THURSDAY, SEPTEMBER 20, 1934.

COLLIN SHOULD COOPERATE.

The rapid approach of the Texas Centennial of 1936 af- garden clubs, patriotic and historical societies a rare rtunity to do something in a worthwhile way for the table advertisement of Texas. The Lone Star state has a ntic history, second to no other commonwealth of the n. Its career, under six flags, has been varied and filled romance—much of it stranger than fiction.

The Lone Star state has had a major part in the devel- nt of our nation, especially, territorially speaking and ever received its just dues at the hands of school histor- of the United States. Consequently, Texas history know- is unduly limited in most of the other states. The Cen- al celebration will do much to change this condition.

Even Texans, or many of them, have only a limited ledge of the genesis of our state and its development a commonwealth of 6,000,000 population with a high lard of intelligence.

Now that the Centennial is rapidly approaching and the ral Centennial celebration will be staged at Dallas at ery door of Collin county, our clubs, our municipal and y officials, our home owners and tenants should vie each other in beautifying their business and home ises in doing what they can towards beautification of wo highways over which the thousands of Centennial rs are to travel.

llin county should organize a society for the assembling cal historical matter. Collin county is one of the oldest ties in the state, having been created and organized in within only a few months after the merging of the blic into statehood. It is one of the densest rural pop- d counties in the state, containing more than 6,000 s. Its black land is famed for its richness and diversity oducts. Its history is most interesting in every stage of lopment. Let us organize a historical society and mobilize people in the interests of a more intelligent knowledge appreciation of what the first one hundred years of Tex- dependence has brought forth for the blessing of man-

Every effort, humanly possible is to be put forth to plete the rebuilding of State Highway No. 6 and Fed- Highway No. 75 through Collin county by the time of Centennial celebration in 1936. The south half of this way is now being rebuilt on a widened right-of-way. We t the State Highway Commission will speedily finish up north half, connecting with the concrete slab par ex- nt highway at the Grayson county line. These papers strong for concrete as a highway building material. In ong run, it is the cheapest on taxpayers, because of their bility and nominal upkeep cost. Then, smooth concrete ways are more delightful to travel over. They lessen expense of wear and tear on the machine and are easier he nerves of the drivers and passengers. Operating s an dtrucks on concrete roads lessen gas and oil out- Let's get our highways in every part of the state in the possible shape by 1936. No time to lose. Let county and officials redouble their energies to that end.

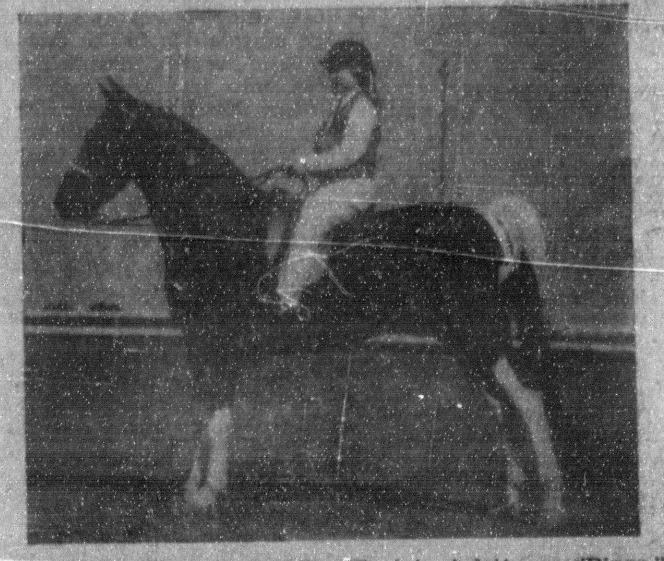
A leading feature of our free County fair again this , which opens September 24, will be the Collin County se show. This equine exhibit ranks with the best of the re country. In addition to the local county horses, entries be accepted from all exhibitors, regardless of place of dence. This differs from the Dallas Horse show, which ts entrants to only Texas exhibitors. A. Hardy Eubanks resident of the County Fair and Horse Show, this year Tom M. Scott is the efficient secretary. These officials the co-operation of all the Fair Association officials in ing to make the horse show a success. The horse show be held three nights of the fair—September 25, 26 27. Excellent provision will be made for exhibitors and to ommodate crowds running up as high as 5,000 to 0 in attendance, every night.

Motor school buses are coming into wide use for trans- ing pupils of the rural districts to high school centers. , buses are expensive on the taxpayers to buy, maintain operate. School Boards should not be swept off their by a school bus fad without first assuring themselves it is a feasible financial policy. In some instances, it is isable and feasible. In other instances, it is inadvisable, cially where all-weather roads do not exist to operate m over.

Collin county underwent one of the most serious drouths istory this summer. It is only miraculous that the county e through as well as it has. Crops were injured to more or extent, while the terrific heat and monotony of the long, spell, tended to depress the health and morale of our zenship. But, the cool wave and nice rain recently which ke the backbone of the drouth, quickly remedied all except crops. It was too late to do any material good to them.

Although crops have been cut down by a long drouth and Government campaigns for reduction, Texas products of the farm will be worth this year practically the same as in 1933. Production forecasts put Texas cotton crop at only about fifty-five per cent of what it was last year. In fact, some people believe that Collin county, always one of the banner cotton counties of the state, will gin less than 45,000 bales this year. Only three years ago the crop was above 100,000 bales. Last season, is was about 72,000 bales.

Will Be Seen In Collin Horse Show



The above photo shows Miss Virginia Arlette on "Bingo." This fine animal will again be an attraction at the Collin County Horse show, to be held here the last three nights of the fair, Sept. 25, 26 and 27.

Although Blind Senator-Elect Is Enjoying Life

The Fort Worth Star-Telegram recently carried the following article concerning State Senator-elect Olan Van Zandt, written by their staff correspondent, and we herewith reproduce it, many of our people having become acquainted with Mr. Van Zandt during the recent campaign, in which he was re-elected.

Tioga, Aug. 20.—Two miles from the farm where a chuckle-headed calf and a nigger shooter caused him to lose both eyes at the age of 11, Olan Rogers Van Zandt is receiving congratulations on his promotion from the House to the State Senate.

He was nominated to the Senate in the first primary by the voters of Grayson, Cooke and Fannin counties who four times before had sent him to the Legislature as a member of the lower body. Here in Tioga, little town he served four times as mayor Van Zandt is practicing law and receiving congratulations of friends and neighbors.

The story of the blind senator's career is as remarkable as any Horatio Alger story. He has been elected to public office repeatedly—not because he is blind, but because of an amazing forceful personality and sincerity that has made the voters forget he is blind.

There is nothing about the man but his eyes to remind you that he doesn't really see. He uses no cane. He senses direction. He gestures toward the landmarks around his home and in the town of Tioga as though he actually sees them. He speaks of having seen old silver in museum places around Austin. Big, ruddy-cheeked and hearty, he laughs until the unseeing eyes are lost in jolly wrinkles.

His wife is his secretary when he goes to the Legislature—and his eyes. She and the stenographer who works in his law office in Tioga read the newspapers, magazines, law books, legal documents and letters to him that keep him one of the best informed legislators in the state. Not half the things he wants to read are procurable in braille.

But he leans back in his chair, pipe in his hand and drinks in every word read to him.

His enthusiasms are fishing and bridge—with an occasional poker game thrown in. He plays bridge with cards perforated for the blind. He reads them with the forefinger of his left hand. He fishes by instinct. If the chase is exciting, he wades in the water and "grabbles." His greatest boast is a 29-pound catfish, conquered in an underwater wrestling match last July 4.

Olan Van Zandt is 44 years old now. He was 11 when he tried to beat a chuckle-headed calf away from its mother and a stick broke off and hit him in the right eye. He lost that eye in September. Three months later the rubber band on a nigger shooter flew back and destroyed the sight of his left eye.

He quit classes then and went to the school for the blind at Austin. He was only half through when he determined to be a lawyer if he could. To be safe on the side—if he were denied admission to the law school—he prepared himself to be a piano tuner and repairman, a mattress maker, broom maker and chair caner.

But, with the special recommendation of the late Dr. Frank M. Bralley, he was admitted to the University of Texas and later to the law school. He paid another student's expenses in law school in exchange for the student reading aloud to him. He learned to use the typewriter—and wore out three before he finished his law course.

He returned to Tioga and began practicing law when he got his degree. He was married and drafted as mayor in 1921. He was elected mayor first on a "Get Tioga out of Debt" program. The second time it was to "Keep Tioga out of Debt," and the third time it was "Sewerage or No Sewerage." He decided they might run him for mayor for the rest of his life if he didn't get another job—so he ran for the Legislature.

The Van Zandts have four children—three girls and a boy. Their ages run from 7 to 13. They play at being legislators.

NO. 14256
TREASURY DEPARTMENT
Office of Comptroller of the Currency

Washington, D. C.
July 27, 1934

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "Central National Bank of McKinney" in the City of McKinney in the County of Collin and State of Texas has complied with all the provisions of the statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking;

EXTEND DATE FOR SEED WHEAT LOANS TO OCT. 15

Farmers in the drought areas will have until October 15 to make application for loans for the purchase of winter seed wheat, rye or barley, or for summer fallowing, or both, according to an announcement made here today (September 10) by the Farm Credit Administration. The cut-off date was previously set for September 15.

The loans for the purchase of winter wheat, etc. and for summer fallowing are being made in both the primary and secondary drought areas and disbursed from the $40,000,000 crop loan appropriation of 1934. This fund is also being used in the secondary areas to make feed loans, applications for which will be accepted until January 1, 1935, as previously announced. Applications for the loans should be made to the local county crop and feed loan committees now operating through the drought areas, F. O. Board, at the Relief office, being in charge of this feature of the relief program.

England's Tailor shop has recently installed a tumbler dryer, a modern machine for tailor shops, according to Pierce England, proprietor. Mr. England operates one of the most up-to-date cleaning shops in the city, and is always prepared to give only first class service to his many customers. He is using the advertising columns of these papers announcing the installation of the new dryer.

A V-8 is no longer the *privilege* of the Wealthy

Low First Cost
Low Upkeep Cost
High Resale Value
THE ONLY V-8 UNDER $2,500

IT is not just chance that the Ford V-8 is the only V-8 selling today for less than $2,500. It is due entirely to the skill of Ford engineers.

For the V-type engine costs more to build. It is the type of engine that powers the most expensive cars—holds every world speed record. And only Ford has been able to put it in a low price car.

The advantages of a V-8 are apparent the moment you drive it. Increased flexibility in traffic—faster pick-up—an ability to get places without driving strain.

The new Ford V-8 is not only low in first cost. It costs less to operate than any other Ford car ever built. Gasoline and oil costs are lower. Valvegrinding is virtually eliminated.

Drive this new Ford V-8—and you'll want it!

25 YEARS AGO IN M'KINNEY

FROM THE FILES OF THE DAILY COURIER-GAZETTE

(September 14, 1909.)

Miss Cora Garrison has returned from a visit to relatives at Wylie and Rockwall. She is the daughter of J. A. Garrison.

Mrs. Belle Stiff, saleslady in a big Dallas store, is visiting among her old home friends here at McKinney.

James Berry, now a Sherman grocery merchant, was greeting friends in McKinney, his old home town today.

Guy Rambo walked to Frisco and back yesterday—a distance of forty miles. He left McKinney at 9 a. m., arrived at Foncine at 1:00 p. m. via Rock Hill. He returned via Foncine. He says that he feels like walking another forty miles today.

Dr. E. L. Burton Sr. of Bonham and wife are visiting his son, Dr. E. L. Burton Jr. and wife in this city. He is seventy seven years old but strong in body and vigorous in mind. He gave us a welcome call today.

J. B. Rhoden & company grocery store, Phone 95, are advertising in this paper as headquarters for charcoal, gasoline and coal oil. Mr. Rhoden is a progressive merchant who carries a full line of staple and fancy groceries. He believes in the use of printer's ink in placing before the reading public his up-to-date stock of merchandise.

SMITH-BROWN WEDDING

V. L. Smith, 418 North Clinton street, and Miss Lena Brown, 4226 Cabell drive, both of Dallas were united in marriage Saturday night, September 16, at the Gaston Avenue Baptist church in Dallas, Dr. W. Marshall Craif officiating.

The bride who is a daughter of Mr. and Mrs. W. G. Brown of Dallas was given in marriage by her brother, B. E. Brown. She was most becomingly dressed in a blue crepe frock with a black satin hat and matching accessories. She carried a bridal bouquet of talisman roses and lilies of the valley. Mrs. George M. Ainsworth was matron of honor while Joe N. Brown attended the groom. Mrs. Miller L. Jones and J. A. Kuykendall sang, accompanied by Mrs. Rudolph G. Lorenz, organist.

The groom is well-known in McKinney where he was reared to manhood. He attended the McKinney High school, graduating in the class of 1925. He is a son of Mr. and Mrs. J. T. Smith, who reside just southwest of the city limits. Mr. Smith is an ambitious young fellow, who is receiving congratulations from a mulititude of friends here upon winning his fair young bride.

Following a wedding trip to Chicago and Detroit the couple will be at home at 418 Clinton, Dallas.

MISS FAULKNER TO BE HOSTESS AT C. I. A. DORMITORY

Miss Maurine Faulkner, daughter of Mr. and Mrs. Dick Faulkner of this city, has gone to Denton to resume her college work on her M. A. degree in Texas State College for Women (C. I. A.) there. Miss Faulkner who is a graduate of the McKinney High school and who received her B. A. degree from C. I. A. last spring will be hostess in the Oakland dormitory, there.

CONGRESSMAN SABATH DEAN LOWER HOUSE

Representative Adolph J. Sabath, Democrat, of Illinois, is new dean of the House, but Representative Ashton C. Shallenberger, Democrat, of Nebraska, is unquestionably the old-timer at the national capital.

Sabath dates back to the Sixtieth Congress, beginning March 4, 1907, 14 consecutive terms, 28 years.

Shallenberger dates, intermittently, back to the Fifty-Seventh Congress, his service beginning March 4, 1901. His record of service, eight terms, 16 years, not consecutive, reads: Fifty-seventh, Sixty-fourth, Sixty-fifth, Sixty-eighth to Seventieth, Seventy-second and Seventy-third.

Representing the congressional district in which George Norris, veteran independent Republican resides, Shallenberger's constituents have sometimes cast their decisive ballot on the Republican side of the ledger.

However, he spent one of his terms out of Congress, from 1908 to 1910, being governor of Nebraska, which also required votes.

Senator Sheppard, Democrat, of Texas, has been in Congress consecutively since 1902, but his service has been divided between the House and Senate. He is the "dean" of Congress from the standpoint of service.

M'KINNEY FLORISTS ATTEND SCHOOL IN DENVER

Mr. and Mrs. W. H. Coffman recently returned from a school for florists, at Denver, Colorado, after a most enjoyable and profitable trip.

The occasion that took them to Denver was the annual meeting of the Florists Telegraph Delivery Association of the Southwest. About 1100 or 1200 florists were in attendance, coming from nearly all of the states of the union.

The flowers were gorgeous, the school of designing under the leadership of Chas. H. Grakelow and his Service Committee, together with a corps of the nation's best artists, was a profitable occasion for those like the Coffman's who endeavor to keep abreast of the most modern trend in their art and business.

Otto Lang of Dallas, long prominent in the trade, was honored with the presidency.

A style show was held in the huge city auditorium. It was indeed unique inasmuch as the leaders of the style world had cooperated with the florists in growns, hats, shoes and all the rest, showing the latest and the finest.

The Coffman's have built up a business in their line that is a cerdit to McKinney. Their primary object is to produce marketable plants and pot flowers to meet the changing season's demands.

Indeed, they made this trip for the benefit of their patrons. The Coffmans are frequent advertisers in this newspaper. They feel now that they are better prepared than ever to serve their patrons since studying their art under the best florists of the entire nation as taught and demonstrated to them, at Denver.

They encountered good roads going are coming and now feel that they are better informed when it comes to serving their patrons than ever before.

John Carter of Frisco, proprietor of Carter's Meat market at that place, was a business visitor in McKinney Saturday. Mr. Carter owns a valuable farm in the Upper Rowlett community. He is a brother of Marshall Carter, west of McKinney, and Charlie Carter groceryman at Frisco.

COLLIN COUNTY RELATIVES BACK SAD MISSION

Bob Scott and wife, residing at 1001 North College street, have returned from a very sad mission from Paris, Texas, attending the double funeral of Mrs. Scott's brother, Jim Bass, and her brother-in-law, R. H. Hinsley, which took place Tuesday afternoon, September 11, at Little Vine cemetery, fifteen miles northwest of Paris, in the family burying plot of that cemetery. Other relatives besides Mr. and Mrs. Scott attending the funerals from Collin county were: Mr. and Mrs. Roy Reeves, Route 1, Anna; Mrs. Vernon Haynes and son, Billie Dwayne, Route 1, Anna; Preston Bass, and sister, Miss Alvena Bass; Miss Jaunita Scott, Mrs. W. G. Proctor, Mr. and Mrs. Abbott Bass and children; Mr. and Mrs. Elias Bass, Johnny and Arthur Bass, all of McKinney and Mr. and Mrs. Jack Jetton and children of Westminster.

◆ ◆ ◆

Double Funeral.

The double funeral at Little Vine, Lamar county, was very largely attended. Services were conducted in the church at that place by Rev. Eddie Brown and Rev. A. H. Brown, two Primitive Baptist ministers and brothers and relatives of the deceased. Pallbearers were the Bunch brothers living in and around Paris.

◆ ◆ ◆

How Accident Occurred.

The fatal accident occurred near Ogden, Ark., at 12:15 o'clock Monday morning, September 10 as a truck, driven by Earl Day of Pilot Point, Texas, a nephew of both of the deceased victims, was approaching a bridge. The driver was blinded temporarily by the light of an approaching car. After the passing of the car he swerved the truck to keep from running off a bridge, causing the trailer that he was pulling to hit the banister of the bridge. The truck and trailer were carrying twenty men en route to work in hay fields of Arkansas. The rest of the party were nearly all asleep, but the driver and Messrs. Bass and Hinsley, who were sitting on the trailer facing the truck. The impact of the truck with the bridge banister threw them to the road under the wheels of the trailer. The legs of both men were broken; the shoulder of Jim Bass was also broken and his entire body more or less crushed. The truck wheels fatally crushed the right side of Rich Hinsley as they passed over his body. Jim Bass lived only long enough to inquire if his son, Everett, who was also in the truck, was hurt, and died in the arms of his boy. The other injured man, Rich Hinsley, lived an hour after the accident. Two of his sons, Willie and Raymond Hinsley, were also in the truck and attended their father during his last minutes of life. No others in the party were injured.

◆ ◆ ◆

Born in Collin.

Jim Bass was born in the Vineland community August 28, 1884, being 50 years and 13 days old at the time of his death. He was the son of the late W. P. (Bill) Bass and wife who lived many years in the Vineland community, but who later moved to Lamar county where both died and are buried in Little Vine cemetery. Jim Bass was a twin—his twin brother, Joe Bass, died in the Vineland community when he was two years old and was buried in the Horn cemetery, where he also has a little three-months-old sister, Callie, buried. He was married twenty-eight years ago to Miss Susie Smith of Paris, who preceded him in death ten years ago and by the side of whom his body was laid to rest. After the death of his wife he moved back to Collin county which has been his home ever since. For the last few years he resided with his daughter, Mrs. Roy Reeves and husband in the Chambersville community about eight miles north of McKinney. He was on a visit to his brother-in-law at Paris and decided to accompany the latter and the rest of the party on the ill-fated trip to Arkansas. He is survived by the following children: Everett Bass, residing at Paris and Preston Bass of the Chambersville community, this county; Mrs. Roy Reeves of Chambersville and a single daughter, Miss Alevna Bass, who makes her home with her uncle and aunt, Mr. and Mrs. Bob Scott of this city. One child, a baby son, Thomas Ernest, preceded him to the grave. He is also survived by the following two full brothers and four sisters: Bert Bass of Paris; Abbott Bass of McKinney; Mrs. Bob Scott of McKiney; Mrs. George Day of Pilot Point; Mrs. R. H. Hinsley of Paris and Mrs. Mamie Brown of Paris. Also surviving him are three half-brothers and three half-sisters as follows: Elias, Johnny, and Arthur Bass, all of McKinney; Mrs. W. G. Proctor of McKinney, Mrs. Jack Jetton of Westminster and Mrs. John Morris of Paris. His stepmother, now Mrs. W. E. Bunch of Longview, also survives.

◆ ◆ ◆

Rich Hinsley Other Victim.

Rich Hinsley, son of Mr. and Mrs. Tom Hinsley, now living at Denison, was 45 years and 2 months old. He formerly lived in Collin county and married here in McKinney twenty-six years ago to Miss Novella Bass, a sister of Jim Bass, who together with eight children, survive his tragic death. The deceased moved from McKinney to Paris three years ago. His surviving children, five sons and three daughters, are: Willie, Floyd, Raymond, Bennie and L. G. Hinsley, and Mrs. Edward Scott, all of Paris; Mrs. Lester Harris of Oklahoma and Miss Kathryn Hinsley living at home with her parents. Two children preceded him to the grave in babyhood. Other survivors are four grandchildren; his aged parents, Mr. and Mrs. T. H. Hinsley of Denison and two brothers and two sisters as follows: Luther and Ace Hinsley, both of McKinney; Mrs. Della Calhoun of Oklahoma and Mrs. Mary Crockett of Denison.

The mother of Jim Bass, one of the victims, was Miss Laura G. Martin, before her marriage to W. P. Bass. She was a sister of the late A. J. Martin, a McKinney contractor and an aunt of Clifford Goostree, a McKinney business man, and of Miss Bertha Goostree, owner of Goostree's bookstore of this city.

These editors join the host of other friends of the families of both of the victims in extending sympathy in their double and tragical bereavement.

The other seventeen survivors of the truck and trailer accident all join in attaching no blame whatever for the accident to the driver, Earl Day of Pilot Point, who was a nephew of both of the victims and who is a careful driver and who as not driving at excessive speed when the accident occurred. It was due entirely to the blinding lights of the approaching auto as it met them.

GRAND JURY RETURNS 76 INDICTMENTS

The grand jury in Fifty-Ninth District court recessed today (Saturday) about noon after a hard week's work, inaugurating the twelve weeks, September term of court, which will last until December.

The grand jury, under the foremanship of Will J. Rhea, returned 76 indictments, 74 for felonies and two misdemeanors.

Criminal court starts Monday for a three weeks' session; however, later in the court term criminal court will again be held. Judge F. E. Wilcox is presiding over this court term.

Marshal Graves of Melissa had business in McKinney Saturday.

FAIR CARAVAN VISITS IN SOUTH SOUTHEAST COLLIN

The largest caravan that has yet boosted the big Collin County Free fair to be held in McKinney, September 24, 25, 26 and 27, journeyed to six Southeast Collin towns Thursday night in that interest.

The trippers, accompanied by the McKinney Junior Chamber of Commerce band, met good crowds at all six stopping points—Allen, Parker, Lucas, Murphy, Wylie and Culleoka. At Culleoka and Lucas, they found exceptionally large crowds due to the fact that ice cream suppers were being given at both points.

Choice McClure, chairman of the Transportation committee was well pleased with the fine turnout at each appointment.

Hon. Byron England, present County Treasurer and Representative-elect from this county, and Hon. Roland Boyd, young McKinney attorney, were speakers for the evening. They made splendid talks.

The fourth and concluding fair trip will be made next Monday night to Southeast Collin, stops scheduled to be made at Princeton, Copeville, Lavon, Nevada and Josephine.

Hon. W. P. (Billy) Abernathy chairman of the Speakers committee, expects to have another good speaker lined up for these five towns and community centers.

At Culleoka and Lucas, where ice cream suppers were in progress, a number of the trippers treated the members of the band to refreshments of ice cream and cake.

Choice McClure, chairman of the Transportation committe, wishes to express the thanks of the Junior Chamber of Commerce and fair officials to the following McKinney firms, their representatives, and private individuals who furnished cars for the band on this trip.

PREPARING FOR ANNUAL COLLIN COUNTY FAIR

Intense preparations for the Collin County Free fair, the county's largest and finest celebration, will start Monday when the city coliseum, the livestock barns, the fair grounds and the horse show arena will become a beehive of activity with workers putting everything in condition for the big county-wide expositon which will be held here September 24, 25, 26 and 27.

The Collin County Free fair is again fortunate this year in boasting capable and hard-working officials, headed by President A. H. Eubanks and Secretary W. Hammond Moore. These civic-minded, progressive officials and all other fair workers and department heads are sparing neither time nor effort to make this year's county-wide exposition a success.

Beginning Monday, workers will begin re-decorating, re-arranging and otherwise puttin gin tip-top shape the coliseum, which will house most of the exhibits. All exhibits other than livestock will be found in the coliseum, while in the shed adjoining will be found the poultry exhibit. A committee from the Junior Chamber of Commerce, headed by W. W. Taylor will re-decorate the coliseum. Overhead, the coliseum will be a riot of color, beautiful and different, for this year's fair.

At the livestock barns workmen will be busy putting up pens and re-arranging and making ready for the fine stock that will be one of the principal attractions of the big exposition this year. Every bit of available space in these barns is expected to be used; in fact the housing capacity will be taxed to the limit.

◆ ◆ ◆

Francis Shows Coming.

The fair grounds proper will be cleaned off and made ready for the John H. Francis, or Southern Exposition shows, one of the largest, cleanest and most modern shows on the road today. Mr. Francis enjoys coming to McKinney. The show will play at Ardmore, Oklahoma, next week coming on down to McKinney for the fair.

The Boy Scouts of McKinney will assist the fair officials in these shows, acting as ticket takers. There will be a Boy Scout at each show. Between forty and fifty of these Scouts from Troops 7, 5 and 3 will take part.

Style Show.

The fair program calls for several new features and innovations this year, which should greatly add to its success and prestige. One of the most elaborate of the new features will be a style show by the club women and 4-H club girls during three days of the fair, to be held in the coliseum. The girls will model dresses they have made themselves.

Another interesting feature will be the cake and bread-making contest of which the Collin County Mill & Elevator Co. of this city, Gibson Caldwell, manager, is the sponsor. Only White Billows flour, a Collin County Mill product, will be used in the contests, while the mill is offering some attractive prizes for the winners in various classes of baking. This contest is creating considerable interest among the housewives of the county.

◆ ◆ ◆

Horse Show.

The horse show, always one of the major features of the fair, will be held the last three nights of the exposition, Tuesday, Wednesday and Thursday nights. Tuesday night will be Collin county night, while the last two nights will be open to all competition. Approximately 150 horses are already entered and entries are coming in daily to Secretary Tom M. Scott. Joe H. Wilcox is superintendent of this department, while President A. H. Eubanks of the fair is president of the horse show.

◆ ◆ ◆

Other Features.

All other attractions of the fair are expected to be above par this year. The Livestock department with Lee Cook, superintendnt, sould be the best ever held here, while the agricultural, horticultural, Women's and 4-H club girls' exhibits, Textile department, Poultry departments, the Art exhibit and all others should be better than usual with more interest displayed.

Collin county at this time is fair minded. Its citizens are anxiously awaiting the event and w attend the four-day event by t thousands.

Paul G. Murray, eighteen-yea old son of former County Jud and Mrs. T. O. Murray, unde went an operation for appendici at the McKinney City hospi Saturday morning. He was r ported resting well at noon. I was taken to the hospital ea Saturday morning for the oper tion. Paul is a student in Wesl college, Greenville, being a me ber of the football squad ther He is a 1933 spring graduate the McKinney High school a a former athletic star here.
